SUFFOLK PLAYERS SCORE SIGNAL SUCCESS

Dramatic Club Presents First Production

Suffolk's first dramatic production, given on the evening of January 19, 1932, gained a considerable success. The audience was well filled and there were many moments of great emotion from the auditors. The entire cast of the play was composed of Suffolks, and the production was a signal success. The success was due to the effort put forth by the members of the Dramatic Club, and the performance has been received with enthusiasm by Suffolks everywhere. The play is a one-act drama in which Thomas Jefferson, the great American hero, is depicted as a hero in the eyes of the young men who by his example and teachings were able to prevail in the face of great opposition. Mr. Park, the teacher of the play, was an inspiration to many young men who were seeking a path to follow in the future. The play was given at the request of the college administration, and was received with great enthusiasm by the students. The first act of the play was given on January 19, and the second act on February 15, 1932. The second act was given at the request of the college administration, and was received with great enthusiasm by the students. The second act was given at the request of the college administration, and was received with great enthusiasm by the students.
FIRE ON THE MARY CONNELLY
(to be published in "Journal of Science by a member of the crew.")

January 16, 1927

The icebreaker Chedabucto was at anchor in a fog off the coast of Labrador. On the bridge of the ship, Captain Connelly was in consultation with his second-in-command, Mr. Fox, when they noticed a strange light on the horizon. They immediately realized that it was an icebergs, and the ship was in danger. They radioed for help, but the fog prevented any communication. Suddenly, the ship was hit by a massive iceberg, and many of the crew were thrown overboard. Captain Connelly and Mr. Fox were able to save a few of the crew, but the rest were lost. The tragedy was a stark reminder of the dangers of the Arctic, and served as a warning to all who sailed in its waters.

Journalism In Our Changing World

Address delivered by Glenn L. Archer, LL.D., President of the American Press Institute, before the Central Massachusetts Intercollegiate Press Association

November 14, 1926

Our newspapers, like other industries, are undergoing a period of change. The old methods of printing and distribution are being replaced by new technologies. The press has always been a powerful force in society, and it continues to play an important role in our lives. However, we must also be mindful of the responsibilities that come with this power. We must ensure that our newspapers are fair and truthful, and that they serve the needs of the community. We must also be aware of the impact of our work on the world around us. Our newspapers have a responsibility to inform and educate the public, and to be a guide for those who are trying to make sense of the world. We must always strive to be the best possible journalists, and to serve our readers with integrity and dedication.

Law School Debaters Organize

Prepare for Intercollegiate Season

The Suffolk School of Law today announced the organization of the Suffolk Law School Debating Society. The Society was formed for the purpose of promoting the study of the law, particularly the study of the theory of the law and the practice of the law, and for the purpose of promoting the public interest in the law. The Society is open to all students of the School of Law, and the officers of the Society are John B. Hanlon, President; Thomas H. Henderer, Vice-President; and Edward G. Fordham, Secretary.

The Society will hold regular meetings on Tuesdays at 7:00 p.m. in the School of Law building. The meetings will be open to the public, and all interested persons are invited to attend.

The Law

The Lawyer

It is often a matter of great interest to the public to know what is the nature of the law, and what is the nature of the lawyer. The law is a body of rules and principles which govern the conduct of human beings in society. It is the means by which the state, through its government, exercises control over the behavior of its citizens. The lawyer is a person who has been trained and licensed to practice law. He is a professional who is able to interpret the law and to represent his clients in the courts.

Edward L. Perry, Jr., announced that he would run for the office of Attorney General of the Commonwealth of Massachusetts. He is a member of the Suffolk Law School Debating Society, and he has been active in its affairs. He is a member of the Suffolk Law School Alumni Association, and he is a member of the Suffolk Law School debate team. He is a member of the Suffolk Law School debate team, and he has been active in its affairs. He is a member of the Suffolk Law School debate team, and he has been active in its affairs. He is a member of the Suffolk Law School debate team, and he has been active in its affairs. He is a member of the Suffolk Law School debate team, and he has been active in its affairs.
New Instructors For Journalists

Confidentially Speaking

Short Story Table

The Jester's Scythe

By C. S. Boklin

The beginning of the second semester at the-chool saw two new instructors added to the faculty of the College of Journalism. Dr. Robert E. Lee, who has been teaching at the University of Virginia, and Dr. Charles W. Jordan, who has been teaching at the University of Notre Dame, were appointed to the faculty of the College of Journalism.

Dr. Lee is a well-known authority on the history of journalism and is the author of several books on the subject. He is a member of the American Society of Newspaper Editors and has been active in the field of journalism for many years.

Dr. Jordan is a leading figure in the field of journalism and is the author of several books on the subject. He is a member of the American Society of Newspaper Editors and has been active in the field of journalism for many years.

Letters to Sue

"In the Good Old Wintertime"

Respectfully submitted,

Mary M. Smith,
Cornell University,
June 26, 1930.

Dear Miss Sue,

I am writing to you from the beautiful campus of Cornell University, where I am currently a student. I thought I would share with you some of the exciting events that have taken place here.

Yesterday was a particularly memorable day for us. The weather was sunny and warm, which is quite unusual for this time of year. We were able to enjoy a stroll around the beautiful campus and take in the sights.

As you may know, Cornell University is located in Ithaca, New York, and is home to a diverse community of students from all over the world. The campus is surrounded by stunning natural beauty, including lakes, forests, and mountains.

I hope you are well and that you are able to enjoy a similar level of comfort in your current location. Please write back soon and let me know how everything is going.

Yours sincerely,

Mary M. Smith

Alumni Notes

The Association of the Class of 1930 held its annual reunion last weekend. It was a great event, with many former students returning to campus. We had a wonderful time catching up and reminiscing about our time at Cornell.

The reunion was held at the beautiful campus of Cornell University, which is nestled in the beautiful Finger Lakes region of New York. The campus is surrounded by stunning natural beauty, including lakes, forests, and mountains.

I hope you are well and that you are able to enjoy a similar level of comfort in your current location. Please write back soon and let me know how everything is going.

Yours sincerely,

Mary M. Smith

J. E. Purdy Co., Inc.
Photographers and Limners

Can you believe that your last photograph is a special gift of my own? I am sending a photograph of me and your picture. I hope you are well and that you are able to enjoy a similar level of comfort in your current location. Please write back soon and let me know how everything is going.

Yours sincerely,

Mary M. Smith

Describes Work of Health Officers

The police officers from the

health department have been

enlarging their duties, mainly

for the benefit of the students.

The health department has

been placed under the super-

vision of the Department of

Health and has been given

additional powers to enforce

the health laws. The officers,

however, are still working with

the students in order to keep

them healthy.
