A WOARD FROM

DEAN MILLER

A few days ago I was having a business conference with some of our staff. We were discussing the current state of the economy and the challenges we are facing as a business. It's a tough time, but I believe we can weather this storm and come out stronger on the other side.

In the meantime, I want to take a moment to thank you all for your dedication and hard work. You are the backbone of our operation and I appreciate all that you do.

I also want to express my gratitude to our customers. Your support is what keeps us going and we are truly grateful for your patronage.

Thank you again for your commitment and let's continue to work together to overcome these challenges.

Best regards,

Dean Miller
CEO
in Memoriam

Those who have passed are gone but they live in our memories. Their names are etched in the annals of history, and their legacies continue to inspire us. Among those who have passed, there are many whose names will never be forgotten. Among them, we remember those who have died in service of their countries and their communities.

We were called upon to make difficult decisions and face challenges that no one could have predicted. But through it all, we were able to rise to the occasion and work together to achieve our goals. We were able to find ways to overcome obstacles and to move forward.

Those who have passed have left a legacy that will live on for generations to come. Their names will be remembered and their contributions will be celebrated for years to come. We are grateful for the time we had with them, and we will honor their memory by continuing to work towards a better future.

For those who have passed, we offer our deepest condolences. We remember them with love and gratitude for all they have done.

ANNOUNCEMENT

Boston, Student and Friends of the University may obtain tickets for the Suffolk Players' January 12th Production by communicating with the Director, Miss V. Foster Newhouse, at the University, 32 Boylston Street, Boston, Mass.

Phone: Capital 8515

Choice seats are now available.
There's More Than Dirt In Your Yard

in the same manner, and if you are as a certain theory on the
suggestion that the ground was, the great law of nature, the
spring being the source of all growth, that it was
overlooked, the same as the warm, it is not
