34th YEAR
PURPOSE OF SUFFOLK UNIVERSITY LAW SCHOOL

Suffolk University Law School is the parent of the University itself. Herein were formulated the ideals and educational policies that now characterize Suffolk University. Suffolk University's constant endeavor is to increase its efficiency and to broaden the scope of its service to students who come to it for training. After thirty-three years of successful operation, the Law School is fortified and equipped for a new era of progress. The two-year college requirement for law students links together in united effort the College of Liberal Arts and the Law School of Suffolk University.

The first unit of Suffolk University has been in successful operation for thirty-three years. Suffolk Law School was founded in September 1906 by Gleason Leonard Archer, a young lawyer who had encountered great hardship in winning his own education and who had succeeded only because a kind-hearted man of wealth had befriended him in a time of need. Resolved to establish a law school for ambitious young men who are obliged to work for a living, Mr. Archer held his first law classes in the living room of a modest apartment in Roxbury. Because of his enthusiasm for the work, his ability as a teacher and administrator the school speedily won success, being chartered with degree granting powers by the Legislature of Massachusetts in 1914.

Early in its history the Suffolk Law School gained national recognition as a training school for lawyers. Self-supporting students in an ever widening circle found in Suffolk a haven of opportunity. Judges, lawyers, business men, leaders in political and civic life owe their advancement to the training received at Suffolk Law School. The rising cost of higher education in recent years has brought about an extension of Suffolk's educational program. Although New England has long been famous for its colleges and universities yet until 1934 when Suffolk College of Liberal Arts was founded there was no opportunity east of New York City where an ambitious man or woman might earn a Bachelor of Arts degree entirely through evening study. Suffolk was the first to recognize and to provide for this need—our Liberal Arts department opening its doors to students September 24, 1934. The Legislature of Massachusetts gave the new college a special degree-granting charter in February 1935.

A Graduate School of Law was established in September 1935 and a College of Journalism one year later. The various departments of Suffolk were incorporated by the Massachusetts legislature in April 1937 whereupon the Trustees of the institution elected Gleason L. Archer, the founder and guiding spirit of it all, as President of Suffolk University.

A building campaign was at once inaugurated to provide adequate facilities for the growing institution. The main building (erected in 1920-21) and annex (1923-24) were remodeled and upper stories added thus providing a thoroughly up-to-date University Building six stories in height and occupying the entire space bounded by Temple Street, Derne Street, Ridgeway Lane and an alley separating the premises from the property of the Methodist Church on Temple Street.

The new building has a splendid auditorium seating one thousand persons, twenty-four lecture halls and laboratories, offices and equipment for expeditious handling of large numbers of students. The University Library excites the admiration of visiting educators. Completion and dedication of the University Building occurred in February 1938—delegates from fifty colleges and universities participating in impressive ceremonies.

ADVANTAGES OF BOSTON

Boston—Center of Superior Educational Advantages

Students will find in historic Boston unrivaled opportunities for culture or recreation. The Boston Public Library System is justly famous. The State Library and the State Archives are next door to the University. The Museum of Fine Arts and the Museum of Natural History are easily accessible. Boston Common, the Public Gardens and the Charles River Esplanade all have special appeal in summer days. To the student of history Greater Boston is world-famous for its shrines of American Liberty—Faneuil Hall, the Old State House, the Old North Church, King's Chapel, the home of Paul Revere, and the various burying grounds where our historic dead are sleeping. No city in America could be more inspiring to students and certainly none more conducive to scholarship. Beacon Hill and the State House form the very heart of historic Boston.

TRANSPORTATION

The main railroad centers in Boston, the North and South Stations, are within a few minutes walk from the University. The same holds true for the Park Street subway station and the Park Square and Bowdoin Square bus lines. The State House is a landmark even for strangers in Boston and the rear wing of the Capitol as indicated above, is next-door neighbor to the University Building. Few, if any, locations could offer greater accessibility to transportation facilities.

BUILDING AND EQUIPMENT

University Building

The University Building is a modern fireproof structure located at the corner of Derne and Temple Streets, Beacon Hill. The cornerstone of the first unit of the building was laid in 1920 by Calvin Coolidge, then Governor of Massachusetts and nominee for Vice-President of the United States. The last unit was added in 1937 and the completed building was formally dedicated in February 1938.

The University Building occupies the entire space bounded by Temple Street, Derne Street and Ridgway Lane running back 150 feet to an alley; hence it has light and air on all sides. Eleven dwelling houses were razed to make way for this massive structure. The building has a total floor area of more than 82,000 square feet—six stories in the rear (because of the downward slope of the Hill) and five stories on Derne Street.

Splendid accommodations for educational work are provided in this building. Located in it are the Executive Offices, the University Library, twenty-three lecture halls, laboratories for Biology, Chemistry and Physics, the University Auditorium, Faculty Room, Trustees Room,
Bookstore, rest rooms for women, and lounging rooms for men. A directory indicating the location of each of these facilities will be found in the Student's Handbook. Certain of the more important facilities are described below.

**The University Library**

The University Library occupies the major portion of the third floor of the University building. The main reading room is beautifully lighted and has electrically operated ventilators. Including the balcony there is a total stack capacity of forty-five thousand volumes. All books, except those on required reading lists which are on reserve and are kept at the charging desk, are on shelves open to the students, faculty and alumni.

In addition to the standard reference books and texts needed for the various courses, the Library receives regularly many newspapers, periodicals and government publications. The Library is open from 9:00 A.M. to 10:00 P.M. Monday through Friday; 9:00 A.M. to 5:00 P.M. Saturday; and 2:00 P.M. to 6:00 P.M. Sunday.

The University Library serves not only the Law School but also the College of Liberal Arts, the College of Journalism, the College of Business Administration, and the graduate schools. Reference books, encyclopedias, classical and historical volumes, source material for research and every aid to scholarship are provided.

By arrangement with the Boston Public Library all Suffolk students, whether residents of Boston or not, are entitled to the privileges of the Boston Public Library. Non-resident students must obtain special cards from the University Librarian.

**University Auditorium**

The University is especially fortunate in having available for its use an auditorium on the Temple Street side of the building with a seating capacity of one thousand. A completely equipped stage affords excellent facilities for student dramatics. The auditorium is also used for mass meetings, commencements, concerts and similar functions.

**Bookstore**

The Bookstore is located on the second floor of the University Building. It has every facility for the rapid handling of textbooks and other college supplies, thus avoiding delays and congestion.

**Recreational Facilities**

The University Building has a flat roof with an area of more than thirteen thousand square feet open to students for recreational purposes. A large hall on the second floor of the school building is reserved for student activities.
SUFFOLK UNIVERSITY LAW SCHOOL

THE SUFFOLK LAW SCHOOL SYSTEM

Suffolk University Law School has always adhered to a belief that men whose time for study is limited by the necessity of working for a living cannot master the elements of the law by the case system without unnecessary hardship. That system was designed for those who have all their time for study. It involves gleaning the law from original sources.

Suffolk University Law School early evolved a system which combines text, lecture, case and statute thus saving the student much time, yet offering a wider understanding and more effective training for the profession than is possible under the case system within the limits of the time that the employed person can possibly devote to the study of law.

Instead of leaving the student to discover the law from study of original sources, as in the case system, it uses texts in which the law is stated in simple language with adequate illustrations. Thought-compelling lectures and oral review of previous work are regular features of the Suffolk system.

Suffolk also requires the student to read and make written abstracts of cases as a means of training in deducing the law from original sources. Our students are constantly occupied in solving legal questions during classroom hours and in other school periods devoted wholly to written tests and examinations.

The case system on the other hand, is mainly occupied with analyzing or memorizing another person’s reasoning. The Suffolk plan compels original, constructive reasoning by the student. It combines the best in the case system with the best in the text and lecture systems together with original methods evolved by the Founder of the school.

Textbooks and notes written expressly for use in Suffolk University Law School by its professors, are vital to the Suffolk method of teaching. Unchanging fundamental principles of law, accurately and concisely set forth and abundantly illustrated therein by actual cases offer the student a solid foundation of legal understanding.

The Suffolk system, moreover, possesses the unusual merit of obliging every student to work with unflagging zeal if he is to maintain a passing average. No chance exists to make up defects by cramming for examinations. Every day and every week counts toward his semester average. Our system, therefore, builds constructively through four years of intensive training a knowledge not only of the common law and its development through the ages but also what it is today after generations of legislative changes — including the amazing era of legalistic evolution in which we now live.

PERSONAL ATTENTION TO EDUCATIONAL NEEDS OF STUDENTS

The Research Department of the Law School prepares all questions to be used in problems, tests or examinations. It directs the work of the student outside the classroom. By means of written work it gives him the personal attention essential to rapid development of understanding of law. It constantly tests the quality of his work, corrects his misunderstandings,
and requires of each regular student more than one hundred and fifty written opinions on problems in case-form each year. The department grades these opinions carefully and returns them to the student with appropriate marks and suggestions, together with official answers and citations for his instruction and future use. This grading of written opinions greatly aids the careless or weak reasoner or faulty writer. It accords to the high-grade student recognition of merit which promotes assurance and poise.

The Department Director devotes his entire time to the work and is available at all times for conferences with the students.

The Dean of the school also, in addition to office contacts with the student body, devotes much time to personal conferences on student problems. Individual members of the faculty likewise give freely of their time in order to assist Suffolk undergraduates to maximum efficiency.

THE PART-TIME STUDENT

Suffolk University Law School from its inception in 1906 has specialized in the training of part-time students. Its very method of teaching is based upon the idea that students who are working for a living must be given every possible aid in their quest for knowledge. Since time is limited, legal principles must be given to them in clear and concise form rather than by the laborious case method. Such students are usually better equipped than the average day student to absorb and master principles of law.

The law student engaged in industry is in daily contact with the very conditions of life upon which law is based. Principles enunciated in the classroom find instant response in the minds of those whose daily experiences furnish illustrations of the law in operation.

The practical experience of the employed student largely counterbalances the additional leisure of the full-time student. In building up a law practice after graduation the part-time student has a distinct advantage. Since law practice comes chiefly from business men, an acquaintanceship with business men is a requisite of success. The average part-time student has been in daily contact with business men for years before entering the practice of law. If he has won the confidence of such acquaintances he starts with a clientele of great potential value.

OUR STUDENT BODY

Students of Suffolk University Law School are a cosmopolitan group. Here meet on common ground, ambitious men of all races and creeds. Bankers, brokers, business men, federal, state and municipal officials, leaders of the working classes and men of all honorable occupations find in our school inspiration and opportunity. Men of all ages attend our classes. The presence of men of maturity and sound experience adds much to the earnestness and helpfulness of classroom discussions. A spirit of comradeship develops in our classes that makes for true Americanism.
ADMISSION REQUIREMENTS

Applicants for admission to Suffolk University Law School who lack sixty semester hours of satisfactory college credits will be permitted to enroll as pre-legal students in the Liberal Arts Department of the University. Upon completion of the above college requirement they may begin the study of law.

College graduates or applicants who present satisfactory proof of sixty semester hours of college work may be admitted directly to the Law Department. Proof must be by official transcript from the college previously attended. Such transcript shall specify courses, semester hours of credit and grade for each course, the semester when taken, with passing mark, a key to grades not in per cents and a statement of the units accepted for entrance. Transcripts of such work, if possible, should be submitted one month in advance of Registration Day. Grade reports, diplomas or lists of credits submitted by the applicant will not be accepted as a basis for granting advanced standing.

Suffolk University College of Liberal Arts has been approved by the Massachusetts Board of Bar Examiners for pre-legal training.

The pre-legal course is laid out in a three-year schedule.

Certificates of registration will be issued to all whose applications are accepted. The registration fee will be returned on all rejected applications but it is not returnable to any applicant after he has been accepted and officially entered in the school records. The necessary proof of general education should be supplied, if possible, at the time of registration; in any event not later than two weeks after the opening of school.

Students of the upper classes will register in the classroom at the opening sessions by filling out class attendance and study cards.

The office of the Secretary is open for registration on school days from 9:00 A.M. to 8:00 P.M. (Wednesdays and Thursdays 9:00 A.M. to 5:00 P.M.). The Dean is at his office on Mondays and Fridays, day and evening, to meet prospective students. From August 15th to opening date of school he is at the office every day except Saturdays.

LECTURE HOURS

Classes meet Mondays, Tuesdays and Fridays of each week both day and evening. One evening each month, usually Wednesday or Thursday, is devoted to written examinations in all classes. At the end of each semester three entire evenings are devoted to examinations.

MORNING CLASSES

The forenoon divisions in all classes meet at 10:00 A.M. and are dismissed at 12 o'clock. The work of the day department exactly parallels the work of the evening department.

EVENING CLASSES

Sessions in all classes are maintained with lectures from 5:30 to 7:30 P.M.

The later divisions meet at 7:30 P.M. and are dismissed at 9:30 P.M. Lectures in each division are of two hours' duration.
TUITION AND FEES

The tuition in the Law School has been kept as low as possible in order to permit attendance of students of limited means as well as those who must earn their living while attending school. The Placement Bureau renders to ambitious students every possible assistance in securing employment to defray the modest tuition charges.

(1) Matriculation Fee

Applications for admission to the Law School must be accompanied by a matriculation fee of $5.00. This fee is payable the first year only. No application is recorded until this fee has been received. *The matriculation fee is not a part of the tuition and will not be refunded after the student has been duly admitted to the Law School.* However, upon receipt of a written request it may be applied to another year should the applicant postpone registration.

(2) Tuition

The tuition fee is $160 a year payable in four equal instalments on the following dates: September 18, 1939; November 13, 1939; January 29, 1940; April 1, 1940.

Admission to classes is by attendance ticket bearing student's signature. A book of official tickets sufficient for the current tuition period is given to each student upon receipt of the quarter's tuition.

Since the tuition is payable in instalments, no refund will be made if a student withdraws from classes before the end of a period for which he has paid.

*Students withdrawing from a course after it has begun because of a contemplated condition will be charged for the entire quarter in the subject dropped.* If, however, he pays for a semester or entire year in advance and withdraws for reasons of business or ill-health, a refund of all *except the current quarter's tuition* will be made.

Students required to repeat an entire year's work will pay the regular tuition fee. If required to repeat one subject, a proportionate rate will be charged.

The tuition for making up courses in Summer School is $20.00 per subject per semester.

(3) University Fee

An annual University Fee of $10.00 is due and payable in full with the first quarter's tuition. The fee is not a part of the tuition, but an administrative fee which includes library fee; admission to University dramatic activities; admission to intercollegiate debates held at the University; use of the recreational facilities and a year's subscription to *The Suffolk Journal.*
WEEKLY INSTALLMENT PAYMENTS

Weekly tuition payments of $5 each will be accepted from students of very limited means. This privilege will be allowed only in case of students furnishing satisfactory evidence of necessity therefor. A charge of one dollar per quarter will be made for this service.

(4) BOOKS

The cost of books in the various law classes varies but slightly from year to year. The 1938-39 costs were as follows:

- **Freshman Class**: First Semester: $13.20; Second Semester: $8.20
- **Sophomore Class**: First Semester: $11.00; Second Semester: $2.50
- **Junior Class**: First Semester: $9.00; Second Semester: $13.25
- **Senior Class**: First Semester: $11.25; Second Semester: $6.25

PLACEMENT BUREAU

From its inception Suffolk University has championed the cause of the student who must earn a living while attending school. For many years it has maintained a free Placement Bureau. A Director keeps in constant touch with the employment situation in order to discover all possible kinds of desirable employment for students according to their varying backgrounds of work experience. Advertising in Boston newspapers is an invaluable aid in discovering new jobs. Guidance counsel and placement service are available to all regularly enrolled students. New registrants who will need work to provide funds for necessary tuition and other expenses, should register promptly at the Placement Bureau. Since jobs cannot be guaranteed for every one, it is urged that all such students have available at least the cost of the first quarter's tuition and books at the time of enrollment.

SCHOLARSHIPS AND PRIZES

THE WALSH SCHOLARSHIP

A scholarship of the value of one-half the annual tuition, known as the "David I. Walsh Scholarship," is awarded annually in June to the student who has maintained the highest general average in scholarship during the Freshman year.

THE BOYNTON SCHOLARSHIP

A scholarship of the value of one-half the annual tuition, known as the "Thomas J. Boynton Scholarship," is awarded annually in June to the student who has maintained the highest general average for the Sophomore year.

THE FROST SCHOLARSHIP

A scholarship of the value of one-half the annual tuition, known as the "George A. Frost Scholarship," is awarded annually in June to the student who has maintained the highest general average for the Junior year.
ARCHE R SCH A L LORSHIP S

The Archer Scholarships are three in number, each equal to one-half the recipient's tuition, and are awarded at the close of the year to those men who finished second in Freshman, Sophomore and Junior Classes.

STEINBERG SCH A L LORSHIP

This scholarship was established by Louis H. Steinberg of the Class of 1925 as a token of loyalty to Suffolk Law School and of sympathy for those who must support themselves while winning an education. It is awarded annually to the man who has attained the highest general average during the first two years, and is equal in value to one-half the tuition of the Junior year.

FAIRCHILD SCH A L LORSHIP

The Fairchild Scholarship was established in December, 1926, by Mrs. Julian D. Fairchild of Brooklyn, N. Y., in memory of her late husband. This scholarship is awarded annually to that student whose school record, character, and general circumstances indicate the appropriateness of such award. Value, one-half the annual tuition.

W ILMOT R. EVANS MEMORIAL SCH A L LORSHIP

In celebration of the Thirtieth Jubilee Year of the founding of Suffolk Law School, the Board of Trustees have created a graduate scholarship known as the "Wilmot R. Evans Memorial Scholarship," equivalent to $170, taking the form of a one year Master of Laws course in the LL.M. division of the Graduate School. This scholarship is awarded annually at the Commencement exercises.

BRADLEY PRIZES

The income from a gift to Suffolk Law School from Mrs. Julian D. Fairchild of Brooklyn, N. Y., is devoted to prizes to be awarded annually in memory of Mrs. Fairchild's father, Charles L. Bradley of New Haven, Conn. They are three in number—$10 to students who win first honors in each of the following subjects: Contracts, Real Property and Constitutional Law.

MONITORSHIPS

A number of students of high scholastic standing are annually appointed as classroom monitors. They receive from one-half to a full year's tuition in compensation for their services.
GENERAL REGULATIONS

CLASSROOM ATTENDANCE

Attendance at one of the three class sessions is compulsory. A record of ten or more absences during a semester may entail loss of class standing. Absences from classroom for more than one week must be satisfactorily accounted for.

CONDITIONS

Students who have incurred one major condition but whose general average is satisfactory will be permitted to clear up the condition in the Summer School.

A student with a low general average who has failed in one or more subjects will be obliged to carry these conditions as regular work and clear them within one year. The taking of advance work together with conditions is not allowable but special schedules will be arranged in meritorious cases.

A condition must be removed within one year from the time of incurring it.

The making up of any subject requires full attendance at lectures as well as the passing of all problems, tests, and examinations, and an average of 75 per cent or over in the conditioned subject. (Fee twenty dollars a subject, per semester.)

If, after a schedule for the year is made out and on file in the Dean's office, a student feels obliged to drop a subject it is necessary to notify the secretary's office, otherwise the tuition for this subject will continue through the semester. Dropping a conditioned subject and continuing with a new subject is not permitted.

Students who, on account of conditions or low scholastic average, are required to repeat an entire year are held responsible for full attendance and the passing of all written work and will be charged regular tuition rates.

A student who has any conditions at the completion of his Junior year may not, except with special permission of the Dean and the Faculty, be a candidate for the degree of LL.B. at the next Commencement.

The school authorities reserve the right to deny the privilege of continuance in the school to any student whose work is unsatisfactory at the end of one year. A student who on account of low scholarship has been obliged to repeat two years of work, with special permission may complete his law course, but may not be a candidate for the degree.

No student who on account of low scholastic average is required to repeat the Junior year will be eligible to take a make-up course in the Summer School.

Any student who neglects the opportunity to make up a Junior condition or who fails to pass the make-up subject, will be required to repeat
the condition or conditions the following year as major courses, but will not be allowed to take the complete Senior course.

**Special Courses**

Students may choose to take less than the regular schedule of law work and thus require more than four years to complete their law training. The degree of Bachelor of Laws will be granted upon successful completion of all required work, provided no conditions were incurred during the years in which were carried less than the full quota of study.

**Withdrawals**

Students who withdraw from the school in good standing may re-enter subject to rules and regulations in effect at time of re-admittance.

**STUDENT ACTIVITIES**

Suffolk University believes that student activities develop individual initiative, co-operative effort and leadership. It encourages every student to participate in such activities and has appointed a member of the executive staff to serve as Co-ordinator of Student Activities. The Co-ordinator works closely with student groups in all matters of organization, meetings, social gatherings, etc. In order to discourage excessive participation in such activities, which would be incompatible with high standards of scholarship, the University has certain regulations regarding participation which are printed in the Student's Handbook. The following activities are open to all students in the University.

**STUDENT COUNCIL**

A Student Council, among other functions, acts as "a student committee to investigate and rule on all cases of violations of University principles to make and enforce social regulations for the betterment of the University" . . . Any regular student who is maintaining a scholastic average that would qualify him or her for a University degree is eligible for election to the Council from his department division.

**SUFFOLK JOURNAL**

The Suffolk Journal, a bi-monthly newspaper, is the official publication of the University. While it serves as a laboratory course for the students in the College of Journalism, students enrolled in all other departments of the University may participate in furnishing news and material. This paper is published under faculty supervision but news columns, features, editorials, advertising, makeup and mechanical work are of student origin. Appointment to the staff is a reward for prior services to the Journal and not as the result of popular vote of the student body.
Suffolk Players
The Suffolk Players is an organization of undergraduates organized for the purpose of fostering dramatics in the University. One or more dramatic productions are presented annually in the University Auditorium. Except when preparing for productions, the Players devote their meetings to studying the various aspects of play-producing, costuming, stagecraft, writing, etc. Several social meetings and dances are held during the school year by this group. All students are eligible for participation in such activities which are under the personal direction of a Dramatic Coach.

Musical Clubs
A Suffolk University Glee Club, composed of both men and women, will soon take its place as an important student activity under the supervision of a Musical Director.

A Suffolk University Orchestra will be organized during 1939-1940. There will doubtless be many who will take genuine pleasure in joining such a group.

It is planned to have the Glee Club and the Orchestra combine to produce an outstanding feature entertainment each school year.

Italian Club
Students who are taking courses in Italian have formed "Il Circolo Italiano" for the purpose of combining social activities with the more serious problems of the study of the Italian language, its literature and culture. The Circle meets twice a month, affording students opportunity to practice their knowledge of the language in a social as well as classroom conversation.

Debating
Instruction in Public Speaking and Debating is offered in Suffolk University. From the larger group, smaller groups are selected to form Class Teams and from these is selected a University Intercollegiate Debating Team. For the latter the University engages the services of a Director of Debating. Through the co-operation of the radio stations intercollegiate debates may be broadcast.

Thomas J. Boynton Debating Society
The society was organized in February 1937 under the Department of English of the College of Liberal Arts. Membership in the society is open to students in the College of Liberal Arts, the College of Journalism and the College of Business Administration. Inter-Departmental Debates and Inter-Class Debates are features of the work of this society. It usually engages in one annual debate with a team representing the Suffolk University Law School Debating Team.
ATHLETICS

With the growth of the College departments it has become increasingly apparent that several kinds of athletic activities would be beneficial to the student body. For this reason there has been appointed from the faculty of the several departments, a Suffolk University Athletic Committee. This Committee will not only formulate policies for the existing athletic groups but will lay plans for the development of others in the future.

TENNIS

The Tennis Club is composed of men from the Colleges and Law School. Several tournaments were played in 1937-38 and during the current year (1938-39) nearly a dozen tournaments have been arranged with many of the foremost eastern colleges.

BASKET BALL

This year (1938-39) separate groups of men and women have been organizing for Basket Ball. By the Fall of 1939 these groups should form the nuclei of Class and University Basket Ball Teams competent to hold matches with outside teams.

MISCELLANEOUS ATHLETIC ACTIVITIES

Fencing, bowling, track, golf and other athletic activities are being included in future plans.
SUFFOLK UNIVERSITY LAW SCHOOL

NATIONAL ASSOCIATION OF LAW SCHOOLS

Suffolk University Law School is an active member of the National Association of Law Schools. This association is devoting attention not only to the upbuilding of standards of sound legal education but to the welfare of graduates of independent law schools whether day, evening, or part time.

REQUIREMENTS FOR BACHELOR OF LAWS DEGREE

The degree of Bachelor of Laws from this school will be awarded, upon recommendation of the Faculty, to candidates who have satisfactorily complied with the following conditions:

(a) Students beginning the study of law after February 1938 must present proof of at least sixty semester hours in a college approved by the Board of Bar Examiners of Massachusetts; (students beginning the study of law prior to the above date must present proof of graduation from an approved day high school).

(b) Successful completion of four years of law study, at least two years of which shall have been taken in this school.

(c) A scholastic average of at least 70 per cent in each required subject with a general average prior to the Senior Year of at least 75 per cent.

HONORS

Students maintaining a general average of 90 per cent or over in the first seven semesters of their law school course will receive on their diplomas of graduation the inscription "With Highest Honors." Those whose scholastic average is 85 per cent or over but less than 90 per cent for the same period will receive the degree "With Honor."

Students in all classes who maintain a general average of 85% or over in any year will be included in the "Dean's List" published at the completion of the school year.

GRADUATE SCHOOL OF LAW

REQUIREMENTS FOR DEGREE OF LL.M.
Students holding the degree of Bachelor of Laws (LL.B.) from Suffolk or from other recognized law schools are eligible to take the Master’s Course. The graduate courses are intended to supplement general professional education in the closely related fields of law and government by an intensive study of special subjects outside the ordinary scope of a law school curriculum.

The mental stimulus of return to the classroom—renewed association with lawyers who are ambitious to rise to greater heights in the profession—new vistas of law and of cultural understanding—these are some of the advantages of the Master’s Course at Suffolk Law School. Every subject is given by an expert and every subject is of great value to the ambitious lawyer.

OPENING DATE
The Graduate Course re-opens on Monday, September 18th.
Classes are held on Mondays, Tuesdays and Fridays from six to nine P.M.
The entire course occupies two years. It is permissible for students to register for single courses.

TUITION
The tuition for the course is $120 a year, payable quarterly. A graduation fee of $10 is to be paid by every student who qualifies for the degree of Master of Laws.

GIFTS AND BEQUESTS

Gifts and bequests of money, securities or real estate are gratefully received by Suffolk University.

To serve the University in this way it is not necessary to make a large gift or bequest. There are doubtless many who, without injury to family or other interests, could give or bequeath $500, $1,000 or $5,000; and some who might bequeath a much larger sum.

In order to extend its educational service, Suffolk University will welcome gifts and bequests:

(A) FOR ENDOWMENT
   (1) of professorships in any department
   (2) of Library in any department
   (3) of scholarships in any department
   (4) unrestricted

(B) FOR EQUIPMENT AND BUILDINGS
   (1) reference books in any department
   (2) additional equipment for science laboratories
   (3) additional buildings

Unless other use is specified, it is the general policy of the University to designate funds so given as a part of the permanent unrestricted endowment. In this case, the principal is never expended, but is loaned on adequate security.

The President of the University will gladly confer with any prospective donor as to the needs of the various departments.

FORM OF BEQUEST

I give and bequeath to Suffolk University, a corporation organized by the Legislature of Massachusetts for the educational uses and purposes of the said University and under its direction the following sums:
