PURPOSE OF SUFFOLK UNIVERSITY LAW SCHOOL

Suffolk University Law School is the parent of the University itself. Herein were formulated the ideals and educational policies that now characterize Suffolk University. Suffolk University's constant endeavor is to increase its efficiency and to broaden the scope of its service to students who come to it for training. After thirty-five years of successful operation, the Law School is fortified and equipped for a new era of progress. The two-year college requirement for law students links together in united effort the College of Liberal Arts and the Law School of Suffolk University. A rearrangement of curriculum in 1940 gives the school an 84-semester-hour program, exceeding in semester hours that of the majority of day law schools.

HISTORICAL DATA

The first unit of Suffolk University has been in successful operation for thirty-five years. Suffolk Law School was founded in September 1906 by Gleason Leonard Archer, a young lawyer who had encountered great hardship in winning his own education and who had succeeded only because a kind-hearted man of wealth had befriended him in a time of need. Resolved to establish a law school for ambitious young men who are obliged to work for a living, Mr. Archer held his first law classes in the living room of a modest apartment in Roxbury. Because of his enthusiasm for the work, his ability as a teacher and administrator the school speedily won success, being chartered with degree granting powers by the Legislature of Massachusetts in 1914.

Early in its history the Suffolk Law School gained national recognition as a training school for lawyers. Self-supporting students in an ever widening circle found in Suffolk a haven of opportunity. Judges, lawyers, business men, leaders in political and civic life owe their advancement to the training received at Suffolk Law School. The rising cost of higher education in recent years has brought about an extension of Suffolk's educational program. Although New England has long been famous for its colleges and universities, until 1934 when Suffolk College of Liberal Arts was founded there was no opportunity east of New York City where an ambitious man or woman might earn a Bachelor of Arts degree entirely through evening study. Suffolk was the first to recognize and to provide for this need—our Liberal Arts department opening its doors to students September 24, 1934. The Legislature of Massachusetts gave the new college a special degree-granting charter in February 1935.

A Graduate School of Law was established in September 1935 and a College of Journalism one year later. The various departments of Suffolk were incorporated by the Massachusetts legislature in April 1937 whereupon the Trustees of the institution elected Gleason L. Archer, the founder and guiding spirit of this educational development as President of Suffolk University.

A building campaign was at once inaugurated to provide adequate facilities for the growing institution. The main building (erected in 1920-21) and annex (1923-24) were remodeled and upper stories added thus providing a thoroughly up-to-date University Building. It has a six story annex and occupies the entire space bounded by Temple Street, Derne Street, Ridgeway Lane and an alley separating the premises from the property of the Methodist Church on Temple Street. Completion and dedication of the University Building occurred in February 1938—delegates from fifty colleges and universities participating in impressive ceremonies.

THE CHARTERS

THE LAW SCHOOL CHARTER

Chapter 145 — Acts of 1914

An Act to incorporate the Suffolk Law School

BE IT ENACTED BY THE SENATE AND HOUSE OF REPRESENTATIVES IN GENERAL COURT ASSEMBLED, AND BY THE AUTHORITY OF THE SAME, AS FOLLOWS: SECTION 1. Gleason L. Archer, Thomas J. Boynton, Wilmot R. Evans, Jr., James H. Vacvey, Sumner Robinson, Charles W. Bartlett, Joseph F. O’Connell and their successors are hereby made a corporation by the name of the Suffolk Law School for the purpose hereinafter named. The said corporation shall consist of seven members only and shall have power to fill vacancies within itself. Four of the members shall be members of the Massachusetts Bar. The corporation is hereby empowered to take over the property of the corporation known as the Suffolk School of Law located in Tremont Temple in the City of Boston.

SECTION 2. The purpose of the said corporation shall be to furnish instruction in law and for this purpose it may appoint such teachers and lecturers and adopt such forms of organization, by-laws, regulations and methods of administration as it may deem advisable. The corporation shall provide suitable offices, library and lecture halls and shall pay the expenses of maintaining the said school devoting its income to that end.

SECTION 3. The course of instruction furnished by the corporation shall occupy not less than four years and to students of the school properly accredited and recommended by a majority of the faculty of the school the corporation may grant the degree of Bachelor of Laws. SECTION 4. This act shall take effect upon its passage.

THE LIBERAL ARTS CHARTER

Chapter 15 — Acts of 1935

An Act to grant certain Powers to Suffolk Law School

WHEREAS, the deferred operation of this act would tend to defeat its purpose, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

BE IT ENACTED BY THE SENATE AND HOUSE OF REPRESENTATIVES IN GENERAL COURT ASSEMBLED, AND BY THE AUTHORITY OF THE SAME, AS FOLLOWS: The trustees of Suffolk Law School, a corporation created by chapter one hundred and forty-five of the acts of nineteen hundred and fourteen, are hereby empowered to confer the degree of Master of Laws and to establish and maintain a college of liberal arts with power to confer the degrees usually awarded by colleges of liberal arts in this commonwealth except the degrees of doctor of philosophy and doctor of laws.

THE UNIVERSITY CHARTER

Chapter 237 — Acts of 1937

An Act to establish Suffolk University

WHEREAS, the deferred operation of this act would tend to defeat its purpose, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

SECTION 1. The name of the Suffolk Law School, incorporated by chapter one hundred and forty-five of the acts of nineteen hundred and fourteen, is hereby changed to Suffolk University. Said corporation shall consist of not more than twenty-five members.

SECTION 2. Suffolk University shall include the departments now known as Suffolk Law School, Suffolk Graduate School of Law, Suffolk College of Liberal Arts, Suffolk College of Journalism and a new department to be known as Suffolk College of Business Administration.

The said university shall possess all the powers and privileges heretofore granted in chapter one hundred and forty-five of the acts of nineteen hundred and fourteen and chapter fifteen of the acts of nineteen hundred and thirty-five together with such additional powers and privileges as are possessed by colleges of Journalism and Business Administration in this Commonwealth including power to confer degrees appropriate thereto and to grant diplomas therefor.

ADVANTAGES OF BOSTON

BOSTON—CENTER OF SUPERIOR EDUCATIONAL ADVANTAGES

Students will find in historic Boston unrivaled opportunities for culture or recreation. The Boston Public Library System is justly famous. The State Library and the State Archives are across the street from the University. The Museum of Fine Arts and the Museum of Natural History are easily accessible, Boston Common, the Public Gardens and the Charles River Esplanade are nearby. To the student of history Greater Boston is world-famous for its shrines of American Liberty—Faneuil Hall, the Old State House, the Old North Church, King's Chapel, the home of Paul Revere, and the various burying grounds where our historic dead are sleeping. No city in America could be more inspiring to students and certainly none more conducive to scholarship. Beacon Hill and the State House form the very heart of historic Boston.

TRANSPORTATION

Situated on Beacon Hill, immediately back of the State House, Suffolk University is in the very centre of Boston's unrivaled transportation facilities. Bowdoin Square terminal is one block distant while Park Street and Scollay Square subway stations are each within a two-minute walk. The North Station is a trifle more than a third of a mile away; Park Square, half a mile and the South Station is exactly one mile. Every important transportation point is within easy walking distance of the University, thus eliminating carfares and traffic delays. The State House is a landmark even for strangers in Boston and the rear wing of the Capitol as indicated above, is next-door neighbor to the University Building. Few, if any, locations could offer greater accessibility to transportation facilities.

BUILDING AND EQUIPMENT

UNIVERSITY BUILDING

The University Building is a modern fireproof structure located at the corner of Derne and Temple Streets, Beacon Hill. The cornerstone of the first unit of the building was laid in 1920 by Calvin Coolidge, then Governor of Massachusetts and nominee for Vice-President of the United States. The last unit was added in 1937 and the completed building was formally dedicated in February 1938.

The University Building occupies the entire space bounded by Temple Street, Derne Street and Ridgeway Lane running back 150 feet to an alley; hence it has light and air on all sides. Eleven dwelling houses were razed to make way for this massive structure. The building has a total floor area of more than 82,000 square feet—six stories in the rear (because of the downward slope of the Hill) and five stories on Derne Street.

Ample accommodations for educational work are provided in this building. Located in it are the Executive Offices, the University Library,
twenty-three lecture halls, laboratories for Biology, Chemistry and Physics, the University Auditorium, Faculty Room, Trustees Room, Bookstore, rest rooms for women, and lounging rooms for men. A directory indicating the location of each of these facilities will be found in the Student's Handbook. Certain of the more important facilities are described below.

**THE UNIVERSITY LIBRARY**

The University Library occupies the major portion of the third floor of the University Building. The main reading room is beautifully lighted and has electrically operated ventilators. Including the balcony there is a total stack capacity of forty-five thousand volumes affording opportunity for expansion. Each department is receiving regularly important accessions of the latest works in its field. All books, except those on required reading lists which are on reserve and are kept at the charging desk, are on shelves open to the students, faculty and alumni.

In addition to the standard reference books and texts needed for the various courses, the Library receives regularly many newspapers, periodicals and government publications. The Library is open from 9:00 A.M. to 10:00 P.M. Monday through Friday; 9:00 A.M. to 5:00 P.M. Saturday; and 2:00 P.M. to 6:00 P.M. Sunday.

The University Library serves not only the Law School but also the College of Liberal Arts, the College of Journalism, the College of Business Administration, and the Graduate School of Law. Reference books, encyclopedias, classical and historical volumes, source material for research and other aids to scholarship are provided.

The Law Section of the Library is constantly increasing, now having 10,158 volumes which exceeds the American Bar Association standard (7500 volumes).

**UNIVERSITY AUDITORIUM**

The University auditorium is located on the Temple Street side of the building. It has a seating capacity of one thousand. A completely equipped stage affords excellent facilities for student dramatics. The auditorium is also used for mass meeting, commencements, concerts and similar functions.

**BOOKSTORE**

The Bookstore is located on the second floor of the University Building. It has every facility for the rapid handling of textbooks and other college supplies, thus avoiding delays and congestion.

**RECREATIONAL FACILITIES**

The University Building has a flat roof with an area of more than thirteen thousand square feet open to students for recreational purposes. A large hall on the second floor of the school building is reserved for student activities.
By rearranging its program, consolidating its review work and by adding certain courses to meet changing conditions in society, Suffolk University Law School in September 1940 accomplished one of the greatest forward steps in its history. Except in the matter of "full-time" instructors the American Bar Association standards have now been fully equalled, as will be seen in the summary that follows. On the "full-time" instructor requirement, however, we are at fundamental variance.

Suffolk University believes that an evening or part-time law school, availing itself of instruction by able lawyers, each an expert in his line, can function more effectively than under "full-time" men, however learned, who lack vital contacts with the legal profession. We believe that lawyers should be trained by lawyers just as surgeons and physicians are trained under active practitioners in their respective fields. This is why we do not see eye to eye with the Bar Association in this one matter.

**Other Bar Association Standards**

Under the standards adopted by the American Bar Association, an approved law school must require for admission one-half the work acceptable for a Bachelor's degree.

*Suffolk University Law School requires 60 semester hours of College work as the minimum of acceptable credits for entrance,* this being one-half of the Bachelor's degree requirement.

The Bar Association standards call for a law course equivalent in number of working hours to a three-year day law school schedule. Leading Day Law Schools require from 74 to 78 semester hours as a prerequisite for the Bachelor of Laws degree.

*Beginning in September 1940 Suffolk University Law School will be on an 84-semester-hour basis.*

The Bar Association requirement calls for a law library of at least 7,500 well-selected volumes.

*Suffolk University Library already has in its law section 10,158 well-selected volumes.*
THE SUFFOLK LAW SCHOOL SYSTEM

Suffolk University Law School early evolved a program which combines text, lecture, case and statute thus saving the student much time, yet offering a wider understanding and more effective training for the profession than is possible under the case system within the limits of the time that the employed person can possibly devote to the study of law.

Instead of leaving the student to discover the law from study of original sources, as in the case system, it uses texts in which the law is stated in simple language with adequate illustrations. Thought-compelling lectures and oral review of previous work are regular features of the Suffolk method. The Suffolk plan compels original, constructive reasoning by the student. It combines adaptable features of the case system with the best in the text and lecture systems together with original methods evolved during the early years of the school.

The Suffolk system, moreover, possesses the unusual merit of obliging every student to work with unflagging zeal if he is to maintain a passing average. No chance exists to make up defects by cramming for examinations. Every day and every week counts toward his semester average. Our system, therefore, builds constructively through four years of intensive training a knowledge not only of the common law and its development through the ages but also what it is today after generations of legislative changes — including the amazing era of legalistic evolution in which we now live.

Under a rearrangement of curriculum and lecture hours, that began in September 1940, one of the school's effective methods of teaching has been greatly improved, providing fuller opportunity for case discussion and comprehensive review. Under the new plan a period of recitation and review of sixty-minutes' duration is added to the regular ninety-minute lecture. Review sessions, like the lectures themselves, are conducted by members of the Faculty. High ranking students are thus aided and many who might otherwise fail are enabled to attain satisfactory grades.

PERSONAL ATTENTION TO EDUCATIONAL NEEDS OF STUDENTS

The Research Department of the Law School prepares all questions to be used in problems, tests or examinations. It directs the work of the student outside the classroom. By means of written work it gives him the personal attention essential to rapid development of understanding of law. It constantly tests the quality of his work, corrects his misunderstandings, and requires of each regular student more than one hundred and fifty written opinions on problems in case form each year. The department grades these opinions carefully and returns them to the student with appropriate marks and suggestions, together with official answers and citations for his instruction and future use. This grading of written opinions assists students to overcome careless habits of thought and aids them in developing terse and accurate English. It accords to the
high-grade student recognition of merit which promotes assurance and poise.

The Department Director devotes his entire time to the work and is available at all times for conferences with the students.

The Dean of the school also, in addition to office contacts with the student body, devotes much time to personal conferences on student problems. Individual members of the faculty likewise give freely of their time in order to assist Suffolk undergraduates to maximum efficiency.

THE PART-TIME STUDENT

Suffolk University Law School from its inception in 1906 has specialized in the training of part-time students. Its very method of teaching is based upon the idea that students who are working for a living must be given every possible aid in their quest for knowledge. Since time is limited, legal principles must be given to them in clear and concise form.

The law student engaged in industry is in daily contact with the very conditions of life upon which law is based. Principles enunciated in the classroom find instant response in the minds of those whose daily experiences furnish illustrations of the law in operation.

The practical experience of the employed student largely counterbalances the additional leisure of the full-time student. In building up a law practice after graduation the part-time student has a distinct advantage. Since law practice comes chiefly from business men, an acquaintanceship with business men is a requisite of success. The average part-time student has been in daily contact with business men for years before entering the practice of law. If he has won the confidence of such acquaintances he starts with a clientele of great potential value.

OUR STUDENT BODY

Students of Suffolk University Law School are a cosmopolitan group. Here meet on common ground, ambitious men of all races and creeds. Bankers, brokers, business men, federal, state and municipal officials, leaders of the working classes and men of all honorable occupations find in our school inspiration and opportunity. Men of all ages attend our classes. The presence of men of maturity and sound experience adds much to the earnestness and helpfulness of classroom discussions. A spirit of comradeship develops in our classes that makes for true Americanism.
ADMISSION REQUIREMENTS

Suffolk University Law School requires of all applicants for admission proof of at least sixty semester hours of satisfactory college credits. Proof must be by official transcript from the college previously attended, provided such college has been approved by the State Board of Bar Examiners. The transcript should specify courses, semester hours of credit and grade for each course, the semester when taken, with passing mark, a key to grades not in per cents and a statement of the units accepted for entrance. Transcripts of such work, if possible, should be submitted one month in advance of Registration Day. If proof is not available at time of registration it must be submitted within twenty days after the opening of the school year.

College graduates or applicants who satisfy the above requirements may be admitted directly to the Law Department. High school graduates, or those lacking sixty semester hours of college credits, may be admitted, as pre-legal students, to the College of Liberal Arts of Suffolk University. Upon completion of the above requirement they may transfer to the Law Department.

Suffolk University College of Liberal Arts has been listed by the Massachusetts Board of Bar Examiners as an approved college for pre-legal training.

ASSOCIATE IN ARTS PROGRAM

Suffolk University recommends that pre-legal students complete at least 96 semester hours of college work before transferring to the Law School since under a combined Liberal Arts - Law program such students will be eligible for a Bachelor of Arts degree at the end of the Freshman year in Law School. For those to whom the longer program is impossible, Suffolk University will award a certificate of Associate in Arts to mark the satisfactory completion of the 60-semester-hour pre-legal requirement, provided however that full year-courses cannot be discontinued at mid year and be counted toward the pre-legal requirement. Pre-legal students may transfer to the Law School for September entrance only.

COMBINED LIBERAL ARTS AND LAW COURSES

Pre-legal students who desire to earn the Bachelor of Arts degree before graduating from Law School may take advantage of the following plan: Any student in Suffolk University College of Liberal Arts with ninety-six semester hours of college credit may transfer to the Law Department and upon completing the Freshman courses therein, be entitled to receive the academic degree at the Commencement next ensuing, continuing for the law degree in the usual manner.

The same rule applies to students in the College of Business Administration. After completing ninety-six semester hours toward the Bachelor of Science in Business Administration degree they may transfer to the Law School and receive the B.S. in B.A. degree after one full year in the Law School.

A second plan permits graduates of the Law School to enter the College of Liberal Arts with a credit for their law work of thirty semester hours toward an academic degree.

REGISTRATION

Incoming students register by filing a formal application for admission together with proof of the requisite college training. Application blanks may be obtained from the Law School secretary and must be approved by the Dean and the Committee on Admissions.

A personal interview with the Dean when presenting the application is desirable, but registration by mail is possible if proof of general education and proper letters of recommendation accompany application. Certificates of registration will be issued to all whose applications are accepted. The registration fee will be returned on all rejected applications but it is not returnable to any applicant after he has been accepted and officially entered in the school records. The necessary proof of general education should be supplied, if possible, at the time of registration. In any event it must be filed not later than two weeks after the opening of school.

Students in the upper classes will register in the classroom by filling out class attendance and study cards at the opening sessions.

The office of the Secretary is open for registration on school days from 9:00 A.M. to 8:00 P.M. (Wednesdays and Thursdays 9:00 A.M. to 5:00 P.M.). The Dean is at his office on Mondays and Fridays, day and evening, to meet prospective students. From August 15th to opening date of school he is at the office every day except Saturdays.
LECTURE HOURS

Classes meet regularly on Mondays, Tuesdays and Fridays of each week both day and evening. A few short courses are given on Thursdays. A regular schedule of lectures is listed in the Student’s Handbook which is issued in September.

Morning and evening divisions have been maintained in all classes for many years. The National Defense program, however, necessitates certain changes in classroom assignments. Until the emergency has passed there is a possibility that law classes will convene only in evening hours but any such policies will be determined by circumstances existing at the beginning of any school year. Timely notices will be furnished to students in order that they may arrange their schedules accordingly.

TUITION AND FEES

The tuition in the Law School has been kept as low as possible in order to permit attendance of students of limited means as well as those who must earn their living while attending school. The Placement Bureau renders to ambitious students every possible assistance in securing employment to defray the modest tuition charges.

(1) Matriculation Fee

Applications for admission to the Law School must be accompanied by a matriculation fee of $5.00. This fee is payable the first year only. No application is recorded until this fee has been received. The matriculation fee is not a part of the tuition and will not be refunded after the student has been duly admitted to the Law School. However, upon receipt of a written request it may be applied to another year should the applicant postpone actual attendance.

(2) Tuition

The tuition fee is $160 a year payable in four equal instalments on the following dates: September 22, 1941; November 17, 1941; January 26, 1942; March 23, 1942. Admission to classes is by attendance ticket bearing signature of student. A book of official tickets sufficient for the current tuition period is given to each student upon receipt of the quarter’s tuition.

Since the tuition is payable in instalments, no refund will be made if a student withdraws from classes before the end of a period for which he has paid.

Students withdrawing from a course after it has begun because of a contemplated condition will be charged for the entire quarter in the subject dropped. If, however, he pays for a semester or entire year in advance and
withdraws for reasons of business or ill-health, a refund of all except the current quarter's tuition will be made.

Students required to repeat an entire year's work will pay the regular tuition fee. If required to repeat one subject, a proportionate rate will be charged.

The tuition for making up courses in Summer School is $25.00 per subject per semester.

(3) WEEKLY INSTALMENT PAYMENTS

Weekly tuition payments of $5 each will be accepted from students of very limited means. This privilege will be allowed only in case of students furnishing satisfactory evidence of necessity therefor. A charge of one dollar per quarter will be made for this service.

(4) UNIVERSITY FEE

An annual University Fee of $10.00 is required of all students, due and payable with the first quarterly tuition.

(5) ACTIVITIES FEE

All students will pay an annual activities fee of $5.00 due and payable in full with the first quarter's tuition. This fee is to be proportioned among the various recreational facilities and other student activities.

(6) BOOKS

The cost of books in the various law classes varies but slightly from year to year. The 1940-1941 costs were as follows:

- **Freshman Class**
  - First Semester: $13.20; Second Semester: $8.20
- **Sophomore Class**
  - First Semester: $11.00; Second Semester: $2.50
- **Junior Class**
  - First Semester: $11.00; Second Semester: $11.25
- **Senior Class**
  - First Semester: $12.00; Second Semester: $6.25

Placement Bureau

From its inception Suffolk University has championed the cause of the student who must earn a living while attending school. For many years it has maintained a free Placement Bureau. A Director keeps in constant touch with the employment situation in order to discover all possible kinds of desirable employment for students according to their varying backgrounds of work experience. Advertising in Boston newspapers is an invaluable aid in discovering new jobs. Guidance counsel and placement service are available to all regularly-enrolled students. New registrants who will need work to provide funds for necessary tuition and other expenses, should register promptly at the Placement Bureau. Since jobs cannot be guaranteed for every one, it is urged that all such students have available at least the cost of the first quarter's tuition and books at the time of enrollment.

SCHOLARSHIPS AND PRIZES

THE WALSH SCHOLARSHIP
A scholarship of the value of one-half the annual tuition, known as the "David I. Walsh Scholarship," is awarded annually in June to the student who has maintained the highest general average in scholarship during the Freshman year.

THE BOYNTON SCHOLARSHIP
A scholarship of the value of one-half the annual tuition, known as the "Thomas J. Boynton Scholarship," is awarded annually in June to the student who has maintained the highest general average for the Sophomore year.

THE FROST SCHOLARSHIP
A scholarship of the value of one-half the annual tuition, known as the "George A. Frost Scholarship," is awarded annually in June to the student who has maintained the highest general average for the Junior year.

ARCHER SCHOLARSHIP
The Archer Scholarships are three in number, each equal to one-half the recipient's tuition, and are awarded at the close of the year to those men who finished second in Freshman, Sophomore and Junior Classes.

STEINBERG SCHOLARSHIP
This scholarship was established by Louis H. Steinberg of the Class of 1925 as a token of loyalty to Suffolk Law School and of sympathy for those who must support themselves while winning an education. It is awarded annually to the man who has attained the highest general average during the first two years, and is equal in value to one-half the tuition of the Junior year.

FAIRCCHILD SCHOLARSHIP
The Fairchild Scholarship was established in December, 1926 by the late Mrs. Julian D. Fairchild of Brooklyn, N. Y., in memory of her husband. This scholarship is awarded annually to that student whose school record, character, and general circumstances indicate the appropriateness of such award. Value, one-half the annual tuition.

WILMOT R. EVANS MEMORIAL SCHOLARSHIP
In celebration of the Thirtieth Jubilee Year of the founding of Suffolk Law School, the Board of Trustees created a graduate scholarship, in memory of their late co-trustee, Wilmot R. Evans, known as the "Wilmot
R. Evans Memorial Scholarship," awarded annually at Commencement time. It equals one year’s tuition in the Graduate School.

BRADLEY PRIZES

The income from a gift to Suffolk Law School from the late Mrs. Fairchild of Brooklyn, N. Y., is devoted to prizes to be awarded annually in memory of Mrs. Fairchild’s father, Charles L. Bradley of New Haven, Conn. They are three in number—$10 to students who win first honors in each of the following subjects: Contracts, Real Property and Constitutional Law.

SHEPARD LOAN FUND.

A special gift of $1,000 from John Shepard III to the Student Loan Fund will be available for this purpose in 1941-42.

MONITORSHIPS

A number of students of high scholastic standing are annually appointed as classroom monitors. They receive from one-quarter to one-half a year’s tuition for their services.
GENERAL REGULATIONS

CLASSROOM ATTENDANCE

Attendance at one class session on each school day is required of all students. A record of ten or more absences during a semester may entail loss of class standing. Absences from classroom for more than one week must be satisfactorily accounted for.

CONDITIONS

Students who have incurred one major condition but whose general average is satisfactory will be permitted to clear up the condition in the Summer School.

A student with a low general average who has failed in one or more subjects will be obliged to carry these conditions as regular work and clear them within one year. The taking of advance work together with conditions is not permitted but special schedules will be arranged in meritorious cases.

A condition must be removed within one year from the time of incurring it.

The making up of any subject requires full attendance at lectures as well as the passing of all problems, tests, and examinations, and an average of 75 per cent or over in the conditioned subject. (Fee twenty-five dollars a subject, per semester.)

If, after a schedule for the year is made out and on file in the Dean's office, a student feels obliged to withdraw from a subject, it is necessary to notify the secretary's office; otherwise, the tuition for this subject will continue through the semester. Withdrawing from a conditioned subject and continuing with a new subject is not permitted.

Students who are required to repeat an entire year are held responsible for full attendance and the passing of all written work. Regular tuition rates will be charged.

A student who has any conditions at the completion of his Junior year may not, except with special permission of the Dean and the Faculty, be a candidate for the Bachelor of Laws degree at the next Commencement.

The school authorities reserve the right to deny the privilege of continuance in the school to any student whose work is unsatisfactory at the end of one year. A student who on account of low scholarship has been obliged to repeat more than one year of work, may complete his law course, upon permission but may not be a candidate for the degree.

Any student who neglects the opportunity to make up a Junior condition or who fails to pass the make-up subject, will be required to repeat the condition or conditions the following year as major courses, but will not be allowed to take the complete Senior course.
SPECIAL COURSES

Students may choose to take less than the regular schedule of law work and thus require more than four years to complete their law training. The degree of Bachelor of Laws will be granted upon successful completion of all required work, provided no conditions were incurred during the years in which the student carried less than the full quota of courses.

WITHDRAWALS

Students who withdraw from the school in good standing may re-enter subject to rules and regulations in effect at the time of re-admittance.

STUDENT ACTIVITIES

Suffolk University has four well-established undergraduate schools, with a steadily-increasing number of "co-eds" in each department. Student activities which develop personal qualities of leadership, initiative, cooperation and sportsmanship are being encouraged. In some cases it has been found necessary to establish two separate divisions of the same activity in order that both day and night students may participate at times most convenient for all. Membership is based on the maintenance of a satisfactory scholastic standard. In order to discourage excessive participation in such activities, which would be incompatible with high standards of scholarship, the University has certain regulations regarding participation which are printed in the Student's Hand Book. A member of the executive staff has been appointed to serve as Co-ordinator of Student Activities. The Co-ordinator works closely with student groups in all matters of organization, meetings, public performances, etc. The following activities are open to all qualified students in the University.

STUDENT COUNCIL

Any regular student who is maintaining a scholastic average that would qualify him or her for a University degree is eligible for election or re-election to the Student Council from his departmental division. All divisions, day and evening, in each department are represented. Election takes place on the last Friday in October. Regular meetings are held the first Monday evening of each month. The Student Council, among other functions, acts as a student committee to investigate and recommend action on all cases of student violations of University regulations and to make and enforce social regulations for the betterment of the University.

DEBATING

All students in the College Departments are eligible to join the Thomas J. Boynton Debating Society and membership is particularly recommended to those who are taking the Pre-legal course. There is also the Archer Debating Society for students in the Law School.

During 1940-41 these two societies were combined into one group
under a member of the faculty who served as coach. Meetings were held once a week at 1:00 P.M. Instruction was given in effective public speaking and debating technique and procedure. Panel discussions and intra-mural debates were open to the student body and extra-mural debates with other college teams were arranged as proved suitable and convenient.

The specific plan of procedure for 1941-42 cannot be announced until the opening of the fall term but Debating will be offered as an extra-curricular activity on a basis convenient to the majority of students who wish to participate in it.

Italian Club

Students who are taking courses in Italian have formed "Il Circolo Italiano" for the purpose of combining social activities with the more serious aspects of the study of the Italian language, its literature and culture. It affords students an opportunity to practice the language in social as well as classroom conversation. Day and evening sections meet twice a month, their programs co-ordinated by one president and supervised by a member of the faculty.

Other foreign-language groups will be organized as soon as sufficient student participation is assured.

Players

The Suffolk University Players is an organization of undergraduates for the purpose of fostering dramatics in the University. There are both day and evening groups which function separately under subordinate officers co-operating with one president and supervised by members of the faculty. One major dramatic production is usually presented annually in the University Auditorium. Except when preparing for productions, the Players devote their meetings to the various aspects of play-producing, play-writing, costuming, stagecraft, etc. At least two social dances are held each year to help finance the activities of this group.

Music Groups

Many students have signified their interest in a Music Appreciation group, to study the best-known classical compositions and listen to broadcasts of operatic and symphonic programs. A radio is now available and will be of material assistance to such a group when organized during 1941-42.

A Suffolk University Glee Club, composed of both men and women, and also an Orchestra will without doubt take their places as important student activities during the coming year. Both will have competent supervision and will be trained with special reference to appearance at all University functions such as the Freshman Reception and Convocations.
RECREATIONAL FACILITIES

Athletics At the present time because of the National emergency, plans for athletics have had to be postponed at the University. Athletics which the University has sponsored in the past and will probably again sponsor in the future are, tennis, basketball and baseball. Soon after the opening of the Fall term in September, 1941 a definite announcement regarding athletics will be made.

Arrangements have been made with the Y.W.C.A. for the women students to receive instruction in basketball, swimming and bowling.

Recreation Room A recreation room is provided for the student body for recreational purposes. Here students congregate before and after classes and use of the piano and radio-phonograph is allowed during certain hours which do not conflict with lectures and the use of the Library. Informal Saturday night dances are held in this room from time to time. Round tables for discussion groups, bulletin boards for student communications and notices are also provided. Recently two Ping-pong tables plus other minor games have been added to the equipment of the room.

SUFFOLK JOURNAL

The Suffolk Journal, a quarterly newspaper, is the official student publication of the University. While it serves as a laboratory course for those enrolled in the College of Journalism, students enrolled in all other departments may participate in furnishing news and material. This paper is published under faculty supervision but news columns, features, editorials, advertising, makeup and mechanical work are of student origin. Appointment to the staff is a reward for prior services to the Journal.
ALL-UNIVERSITY FUNCTIONS

FRESHMEN RECEPTION

The Annual Reception to Freshman (and entering students in all departments) is held the first week in October. A co-operating committee composed of the officers of all student activity groups assists the Coordinator of Student Activities in handling the arrangements. President and Mrs. Archer, assisted by the members of the departmental faculties and their wives, greet and welcome the students in the University Library on the third floor. After a social period and refreshments, informal dancing, in which the upper classmen join, is enjoyed in the Recreation Hall, which is attractively decorated with exhibits arranged by and depicting the activities of the various student groups.

CONVOCATIONS

A series of Convocations will be inaugurated during the school year starting September 1941. They will be held in December, just preceding the Christmas vacation, and the latter part of April to commemorate Charter Day on April 29th. These will be the only two times during the year when it will be possible to have the entire student body of the University assembled in the Auditorium. Outstanding speakers with inspirational and educational messages will be heard.
NATIONAL ASSOCIATION OF LAW SCHOOLS

Suffolk University Law School is an active member of the National Association of Law Schools. This association is devoting attention not only to the upbuilding of standards of sound legal education but to the welfare of graduates of independent law schools whether day, evening, or part time.

REQUIREMENTS FOR BACHELOR OF LAWS DEGREE

The degree of Bachelor of Laws from this School will be awarded, upon recommendation of the Faculty, to candidates who have satisfactorily complied with the following conditions:

(a) Students beginning the study of law after February 1938 must present proof of at least sixty semester hours in a college approved by the Board of Bar Examiners of Massachusetts; (students beginning the study of law prior to the above date must present proof of graduation from an approved day high school).

(b) Successful completion of four years of law study, at least two years of which shall have been taken in this school.

(c) A scholastic average of at least 70 per cent in each required subject with a general average prior to the Senior Year of at least 75 per cent.

HONORS

Students maintaining a general average of 90 per cent or over in the first seven semesters of their law school course will receive on their diplomas of graduation the inscription "With Highest Honors." Those whose scholastic average is 85 per cent or over but less than 90 per cent for the same period will receive the degree "With Honor."

Students in all classes who maintain a general average of 85 per cent or over in any year will be included in the "Dean's List" published at the completion of the school year.
THE LAW CURRICULUM

The undergraduate Law Curriculum is required of all candidates for the degree of Bachelor of Laws. Suffolk University Law School believes that the development of a well-rounded legal education demands a thorough training in certain fundamental branches of law. Only such are listed, hence no elective privilege is extended to undergraduates. In the Graduate School of Law, however, Suffolk graduates will find elective courses of great value, especially to the practicing lawyer.

GRADUATE SCHOOL OF LAW

REQUIREMENTS FOR THE DEGREE OF MASTER OF LAWS

The degree of Master of Laws will be conferred upon candidates who have completed at least twenty-eight semester hours of subjects designated by the school as appropriate for the aforesaid degree. The list of such subjects will vary from time to time. Only such courses will be given in any year as have been elected by at least fifteen candidates. Sessions in general will be held on Mondays and Fridays. Sixteen semester hours or eight hours per week is the maximum load that may be taken in any one year. Candidates may take fewer subjects and spread the course out over several years.

LAW ALUMNI ASSOCIATION

The Alumni Association of Suffolk University Law School organized in 1920, maintained an active Alumni Association with a club house at 73 Hancock Street, Boston, containing the Alumni library, conference and general assembly rooms from September 1926 to September 1937. Upon the completion of the University Building the Alumni Association moved to 20 Derne Street.

To date there have been three thousand and three hundred and eighty-two graduates of the Law School, including those of 1940. The officers of the Law Alumni Association for 1940-41 are:

GIFTS AND BEQUESTS

Gifts and bequests of money, securities or real estate are gratefully received by Suffolk University.

To serve the University in this way it is not necessary to make a large gift or bequest. There are doubtless many who, without injury to family or other interests, could give or bequeath $500, $1,000 or $5,000; and some who might bequeath a much larger sum.

In order to extend its educational service, Suffolk University will welcome gifts and bequests:

(A) For Endowment
   (1) of professorships in any department
   (2) of Library in any department
   (3) of scholarships in any department
   (4) unrestricted

(B) For Equipment and Buildings
   (1) reference books in any department
   (2) additional equipment for science laboratories
   (3) additional buildings

Unless other use is specified, it is the general policy of the University to designate funds so given as a part of the permanent unrestricted endowment. In this case, the principal is never expended, but is loaned on adequate security.

The President of the University will gladly confer with any prospective donor as to the needs of the various departments.

FORM OF BEQUEST

I give and bequeath to Suffolk University, a corporation organized by the Legislature of Massachusetts for the educational uses and purposes of the said University and under its direction the following sums:
