Suffolk Activities of 1947 Highlighted By Review

Queen Butler, Drama Workshop's 'Fashion' Take Lead In Past Events

Because the year 1947 has been widely selected as the 350th anniversary of Suffolk University, the "Journal" reviews the highlights of the university's activities for the academic year. There are many events described here which were not an integral part of the Suffolk tradition, nor were they in any way associated with the university in the past. Nevertheless, the events are interesting and valuable to the history of the university.

In January 15, the Suffolk University Drama Workshop's production of "Fashion" was presented. The play, written by Terence Rattigan, is a comedy about the relationship between a married couple and their friend, who is a homosexual. The play is set in London during the 1930s and is a satire on the upper class society of the time.

The American Consul Recommends S.U. To Trinidad Fair

By MR. WAGG

The American Consul, Mr. Wagg, has recommended the Suffolk University to the Trinidad Fair, a cultural event held in Trinidad. Mr. Wagg has praised the university for its academic excellence and its contributions to the community. The Suffolk University, founded in 1925, is one of the leading universities in the United States.

Fraternities On Defensive Against Restriction Charges

MIDDLETOWN, Conn. - Fraternities will be compelled to submit to new rules, even though they can make a good contribution to the university community. The Hartford Courant, a local newspaper, has reported that the fraternities have been asked to follow the rules of the Student Union, a group that represents the interests of the students.

The students are being given the chance of showing their ability to make a contribution to the university. The fraternities have been asked to follow the rules of the Student Union, and the students are being given the chance of showing their ability to make a contribution to the university. The fraternities have been asked to follow the rules of the Student Union, and the students are being given the chance of showing their ability to make a contribution to the university. The fraternities have been asked to follow the rules of the Student Union, and the students are being given the chance of showing their ability to make a contribution to the university.

NOTICE

Special for the Suffolk Journal, and prepared in the office of the Boston Herald. February 15, 1947. This is the final issue. Offices will be closed February 15, 1947.
ADVERSE PREPARATION NEEDED

Many students believe that they can attend college without any preparation. They believe that college will be a time to learn and develop their knowledge. However, this is not the case. College is not just about learning. It is also about preparing for a career.

Preparation is crucial for success in college. In order to succeed, students need to be prepared both academically and socially. They need to have a strong foundation in their major field of study. They also need to develop interpersonal skills, such as communication and teamwork.

The lack of preparation can have serious consequences. Students who are not prepared may struggle in college. They may not be able to keep up with the coursework, and they may not be able to develop the skills necessary to succeed in their chosen field.

Preparation is not just about attending college. It is about being prepared for life. This includes developing skills that are essential for success, such as critical thinking, problem-solving, and decision-making.

In conclusion, preparation is crucial for success in college. Students need to be prepared both academically and socially. They need to have a strong foundation in their major field of study, and they need to develop interpersonal skills, such as communication and teamwork. Preparing for college is not just about attending college. It is about being prepared for life.
ANY well-meaning student of home, environment, and reading habits has reason to be alarmed at the number of students who are not reading enough. Moreover, many a student is reading the wrong sort of material. A thorough acquaintance with the library is essential.

There are a number of books which are well worth the reading of all students, no matter what their major. These books are not only interesting, but they also provide a solid foundation for further study in any field.

One such book is "The Adventures of Huckleberry Finn" by Mark Twain. This novel is a classic of American literature and provides a unique perspective on the Southern American culture of the 19th century. It also offers insights into the human spirit and the power of imagination.

Another book that is highly recommended is "To Kill a Mockingbird" by Harper Lee. This novel explores themes of race, justice, and the human condition. It is a powerful story that has耐久性, 健康, 美容, などに役立つ可能性があります。

Letter to the Editor

I have read your feature article of the February 18th edition of the Suffolk Journal, and find it hard to believe that you paid so little attention to the activities of the students. Although I am not a Suffolk student, I feel that it is important to recognize the efforts of all students towards the betterment of the school. Our school is not just a place for students to learn, but also a community where everyone can contribute.

Suffolk's efforts towards the improvement of the campus and its surroundings are commendable. The efforts put in by the students and faculty are truly inspiring. It is important that we recognize these efforts and continue to support them.

Thank you for your attention to this matter. I hope that the Suffolk Journal will continue to provide a platform for discussion and reflection on the issues that affect our community.

Sincerely,
[Signature]

Colleges So Crowded M.D. Students Urged To Choose Alternate Career

Dr. William S. Osgood, Vice President of the College of Medicine, has urged medical students to consider alternative careers. Dr. Osgood cited the overcrowded nature of medical schools and the pressure on students to achieve high grades as reasons for his recommendation.

Odd's Without End

By J. F. Ferraro

College has been tough, and the stress can be overwhelming. It's important to find ways to relieve that pressure, whether it's through hobbies, exercise, or simply taking time for yourself. Remember, it's okay to ask for help when you need it.
MOVIET STAFF
by Larry Quick

Suffolk's oldest, busiest, and most progressive student publication is now accepting staff members for the current fall semester. If you are interested in writing, editing, designing, or any other aspect of student journalism, please contact the Managing Editor, George Contra, at Contra Hall, Room 101. We welcome all interested students to join our team.

CAMERON CLUB CLICK
The Cameron Club held its annual orientation meeting on September 15th. The Cameron Club is a social organization open to all Suffolk students. The Cameron Club meeting was held in the Cameron Club House, located at 700 Boylston Street, Boston. The meeting was attended by over 50 members. The Cameron Club officers were elected for the current academic year. The new officers are as follows: President - John Smith, Vice President - Jane Brown, Secretary - Robert Johnson, and Treasurer - Laura Miller. The Cameron Club will hold its first social event on September 20th, at 7:00 PM in the Cameron Club House. All Suffolk students are welcome to attend.
