DAVOREN ASSURES ALL SUFFUKX UNIV. STUDENTS OF BIG DEADLINE CHECK

In order to be able to meet the demands of the students who are too busy to write articles, we checked the students at random questions before the deadline was set. We are being a little ahead of the game, but we think it will be a wise move. We have already received several articles from the students, and we are sure that more will be submitted before the deadline.

We are happy to report that Professor Daven, who teaches economics, has agreed to write an article on the economy and its effects on the students. He will be submitting his article by the deadline.

We are also confident that the students will submit articles on other topics related to their courses. We encourage all students to submit their articles by the deadline.

With this in mind, we encourage all students to submit their articles by the deadline. We look forward to reading all the submissions and thanking all students who participate in the contest.

Thank you for your support.
