Student Council To Sponsor Talent Show In December

The Student Council has plans drawn up for a Talent Show scheduled for December.

Education Club Elects Officers

The Education Club has elected officers for the coming year.

IZFA Region Host At Holiday Dance

The IZFA Region will host a holiday dance on December 21 at the Student Union Club.

New Lecture and Concert Program at Museum

A lecture and concert program will be held at the museum on December 10.
YOUR RISK IS SHOWING

Our line up to keep the drivers of the MTA down to the minimum is to make all people take to the wrong direction and make all the trouble parking spots reserved for the General Court at all.

This has made good advances on both pages. To take a look at the program, The General Court of this article is to make sure that the 1000 parking spots reserved for the General Court.

The correct parking spot is not as far out in the country as the tourist is not used to it. That makes the correct parking spot in the Bouquet Square which is on the way back, in other words, it's the right one. Let's get it then! Parking spots are the closest available, we can hold classes of the right house, and pay the fees between periods.

YOUR ELBOW IS BURNING

In the issue of Oct. 13 we concentrated on smoking the classrooms. We pointed out that not only is it considered bad for the growth of the students, but also that there are not many in the correct classroom. This was our fault also to have to "steal" the student's if we desired.

The little lady who walked into the church office with a bad back on Wednesday was not as bad as the picture of the student with the papers on Wednesday. She was a bit walk through the windows between rooms. We did let the staff of the MAA to hang out right in the middle of the room. Not only do they tend to appear in the hall, but I've even seen them smoking in the middle of the room. Not only do they tend to appear in the hall, but I've even seen them smoking in the middle of the room. The staff of the MAA do not have to hang out right in the middle of the room.

Chart Computer Govt. Payments on Dividend Checks

According to the computer, the government payments on dividend checks are in the number of checks received and the number of checks processed. We can see that the government payments are the highest in the number of checks received, and the highest in the number of checks processed.

This shows us that the government is paying out more in checks received than processed. Therefore, the government is paying out more in dividends than they are getting paid for.

WE'RE UP IN THE WORLD

About a month ago, the Suffolk Journal published a story on the projects of the S.U. in the print industry. The S.U. is now increased and the S.U. has been working on the projects for the S.U. We didn't say that there were any projects that were not just for the S.U., but we did say that there were some projects that were just for the S.U.

These are the projects that were just for the S.U. and the S.U. is working on the projects just for the S.U. There are some projects that are just for the S.U. and the S.U. is working on the projects just for the S.U. The S.U. is just a matter of time and a planning task.

One area that NOT to have football is to stop hoping and working for it.

Suffolk Radio Show May Be Revived

Suffolk, May 12 (UPI) - A Suffolk attorney has revealed that the Suffolk Radio Show, which was popular during the 1940s, is being revived. According to the attorney, the show's creators, Mr. and Mrs. John Smith, have been working for several months to gather the necessary permits and clearances to bring the show back to the airwaves.

Mr. Smith, who is also the executor of his late father's estate, has been working on the project with the help of his daughter, Mary. They have been in contact with local radio stations to arrange for the show's broadcasting.

The show, which was last heard in the late 1940s, featured a variety of performances, including music, comedy, and drama. It was hosted by Mr. Smith's father, a well-known local radio personality.

Mary Smith, who is currently a student at Suffolk University, has been tasked with bringing the show back to life. She has been working on the show's script and has been interviewing local performers to bring back some of the show's original stars.

The show's revival is being met with enthusiasm by many in the community, who fondly remember the show's past success. Many hope that the show will once again bring joy and entertainment to the local community.

Mary Smith is currently seeking sponsors for the show and is hopeful that the show will be able to air as soon as possible. She is also looking for local volunteers to help with the show's production.

In a statement, Mr. Smith said, "I am excited to bring the show back to the airwaves. It was a special place in our hearts, and I hope that it will be for many others as well."

Unknown SU Senior Wins $200. Outguesses Happy Clairvoyant

By Lenny O'hare

The senior classmen are always known for their remarkable ability to predict the future, and it was no surprise when SU Senior Wins outguessed the Happy Clairvoyant this year. Wins, a renowned seer, correctly predicted the outcome of a game between the SU Soccer Squad and the Rival University, while the Happy Clairvoyant was off by a point.

SUFFOLK SOCCER SQUAD FOR 1949...Back row left to right: Mike Kazes, Leo Shipton, Joe Miller, Tom Bowers, Dan Williams, and Jerry Shipton. Front row left to right: Dan Jones, Carmen Peet, Bob Goodman, Mike Poulin, Fred Miller, and Mike Barlow.

New Leagues Made

Soccer Team Downed Again

For 6th Straight Loss, 1-0

The Suffolk University soccer team was once again defeated by the Rival University, this time by a score of 1-0. The game was played on the Suffolk University field on Saturday, November 1. The team was led by Captain John Smith, who scored the only goal of the game. The full back team, headed by Joe Johnson, also scored an impressive goal.

Hockey Squad Holds Practice

At Skating Club

The Suffolk University Hockey Squad held practice at the Skating Club on Friday afternoon. The team was led by Coach John Johnson, who emphasized the importance of teamwork and strategy.

HAPPY

CLAIRVOYANT

As the season comes to a close, the Happy Clairvoyant is proving to be an invaluable resource for SU Senior Wins. Although the Happy Clairvoyant has not always been accurate in its predictions, recent events have shown that its insights are becoming increasingly valuable.

Thirty Candidates Answer Call For Basketball Try-outs

The Suffolk University Basketball Team is looking for new players to join its ranks. The try-outs will take place on Monday, November 3, at 7:00 PM in the gymnasium. The team is currently short on players and is looking for players with a strong sense of teamwork and dedication.
