ALUMNI DAY-JUNE 10, 1967-IS YOUR DAY AT SUFFOLK

The Alumni Day Committee is extending a cordial invitation to all alumni members to actively participate in Alumni Day ’67. The fast-moving 5 1/2-hour program will have many highlights. Registration will begin at 11 a.m., in the Main Lobby of the New Building. All alumni members will receive a warm welcome from the Committee, and name badges will be distributed to assist everyone in renewing old acquaintances and meeting fellow members on a first-name basis. A survey questionnaire will be distributed seeking your assistance in planning for future Alumni Day activities and events. The hard-working committee leaders are presently contacting all Alumni members by phone to promote the program and insure maximum participation.

There will be guided tours of the New Building at 11 and 11:30 a.m., conducted by members of the S.U., Chapter of Gamma Sigma Sigma. Independent tours are being discouraged so that the maximum number of alumni can see this beautiful new structure and its outstanding facilities as quickly as possible.

At noon, a delicious buffet will be available in the new cafeteria. A mouth-watering array of fine food will be served at $2.00 per person. Luncheon will be served until 1:15 p.m., so that everyone can relax and enjoy the meal.

Alumni Day Chairman John J. Norton will open the program of speakers in the University Theater at 1:15. He will introduce President Albert Hutton who will preside during the balance of the speaking program and the Business Meeting which will follow. Hutton will introduce SU President John J. Fenton who will address the meeting on the present and future plans of Suffolk.

William H. Hebert, Executive Secretary/Treasurer of the Massachusetts Teachers Association, has been invited as the Main Speaker of the day. Mrs. Louise Day Hicks, much-publicized Boston School Committee woman and present candidate for Mayor of Boston has been invited to the Alumni Day festivities as a special Guest Speaker.

The annual Business Meeting will open officially at 2:30 p.m. The first order of business will be the President’s report, followed by the election of Trustees for the three existing vacancies. Candidates are listed elsewhere in this issue. Ballots will be distributed for a written vote for the open positions. They will be collected, counted, and the result will be announced by the Clerk of the Association prior to the close of business at 4:30.

There will be a pleasant interruption of business at 4:00 for a punch-bowl refreshment pause, and the meeting will adjourn at 4:30 p.m.

This is your day. The success of the activities depends on you. The future of the Alumni Association is your business and the future of the Alumni will be the major order of business throughout the day. We encourage everyone to attend and give your wholehearted support to your Alumni Association.

William Hebert To Give Main Address

Featured speaker for the 1967 Suffolk Alumni Day Program will be Mr. William H. Hebert, Executive Secretary/Treasurer of the Massachusetts Teachers Association. A former teacher and president of the Shrewsbury Teachers Association, Mr. Hebert has been with the MTA since 1959.

Born in Newark, New Jersey, he attended St. John’s Prep School in Worcester. He received both his Bachelor of Science and Master of Education degrees from Worcester State College. He has done graduate work at Boston University and is a candidate for a Ph. D. from the University of Connecticut.

In 1962 he was appointed Assistant Executive Secretary of the MTA. In 1963 he was named to the Legislative Commission of the National Education Association, and is currently the chairman of that body.

Three years ago, Gov. Endicott Peabody named Mr. Hebert a member of the State College Building Authority. He also is associated with several education organizations, and was made a Kentucky Colonel in 1965 by Governor Breathitt.

Mrs. Louise Day Hicks To Be Guest Speaker

Mrs. Louise Day Hicks, much-publicized Boston School Committee woman and present candidate for Mayor of Boston has been invited to the Alumni Day festivities as a special Guest Speaker.

She will appear on the program with Mr. William Hebert, Executive Secretary-Treasurer of the Massachusetts Teachers’ Association, the day’s Main Speaker.

A graduate of Boston University and B. U. Law School, she is a practicing attorney with state and federal courts. She was the chairman of the Boston School Committee from 1963 to 1965, and has also been its treasurer since 1962.

Member and officer of numerous groups and associations, she was the 1964 recipient of the Woman of the Year Award and the 1965 winner of the Outstanding Citizen Award.

SUFFOLK CAREER CENTER DEVELOPED

University alumni who visit their alma mater in the near future will find one of the most promising aspects of the New Suffolk still in the Old Building. A suite of offices on the second floor (Room 21), houses another of the areas at Suffolk which has made "progress" a hackneyed word at Derne and Temple Streets--the University Placement Office.

The gentleman responsible for contributing to the cliche is James G. Woods, who is completing his first year as Placement Director for both the College and Law School.

Trained at Boston College, where he also received his LL.B., in 1938, he has spent the past twenty-six years serving with the Federal Bureau of Investigation following a brief period of private practice.

He is a member of the Massachusetts Bar Association, the Association for College, College and University Staffing, The Greater Boston Personnel and Guidance Association and the Eastern College Personnel Officers Association.

The physical changes which have been made in the Placement Office have been accompanied by greater innovations in procedures. "Although we can't make a statistical evaluation until the end of the academic year," said Mr. Woods, "the results of this first year's effort are very promising.

"Over one hundred recruiters have visited Suffolk this year, representing industry, education and government agencies. I was particularly pleased with the response of teaching recruiters.

"But most important, the recruiters have been very pleased with the quality of the students. A recruiter can travel to a school, schedule several appointments and not one will show up. In all of the interview season, we had only a half dozen cancellations--an excellent record. This kind of response not only impresses the interviewer with the candidate's sincerity, it speaks well for the whole student body, and the recruiter will come back."

FROSTOPHILE READS POETRY

Asst. Prof. Robert Haldique (AB59) gave a reading of poems from his own published works, as well as some of the poetry of Emily Dickinson and Robert Frost before the Women's College Club in Gardner.

Robert, who received the MA degree from Middlebury College, is an English faculty member of Mt. Wachusett Community College. He was recipient of the Robert Frost Poetry Scholarship, awarded by the poet in memory of his wife, Eleanor Frost, in 1959.

Haldique has already had four books of poetry published, and is currently working on a fifth.
H. HEMINGWAY, ESQUIRE
ROXBURY TO BROOKLINE

By D. Jones

Atty. Herman W. Hemingway (LLB 61) is a native of Roxbury, and a product of her schools. He is also a graduate of Brandeis University. He practices law primarily in Roxbury, although he's a Brookline resident now. He's also one of the three newly elected Town Meeting Members. And he's a Negro.

Herb, who moved to Brookline in September of 1965, took the ticket in his precinct. In commenting on his new role in the town, one of the nation's wealthiest, he said, "I am indebted to Brookline for giving my children a place to go to school, to grow up, and I feel an obligation to offer what I have to Brookline, to give of my knowledge of law and legal matters."

But Herb has much more to offer. He is vice president of the Bay State Law Society and is on the Board of Trustees of the Roxbury YMCA. He has been nominated for vice president of the Roxbury Mental Health Association.

He is moot court judge at the BU School of Law -- a position previously held by Senator Edward Brooke and Atty. F. Lee Bailey -- and assistant supervising attorney for the Roxbury Defender Project. His wife is a graduate of the Boston College School of Nursing.

Brookline's new Town Meeting Member is a veteran of individual firsts. He was the first Negro president of the senior class at Roxbury Memorial High School; one of the first two Negroes to graduate from Brandeis; and the first Negro employed by the National Shawmut Bank of Boston.

Although continuing his interest in the life of Roxbury ("I want to be here and be of service to anyone who comes in the door.") he wants to contribute something to Brookline, too. "By contributing to Brookline, I can contribute to Roxbury, too. Any contribution that a Negro makes to society is something that every Negro benefits from. A Negro in a community such as Brookline feels that he is an example."

His two children attend the Montessori School in Newton. The eldest will begin at Brookline's Driscoll School in September. Although he experienced some difficulty in renting an apartment in the early 1960's, he said he had no problems when he purchased a home there in 1965.

He feels that being a new resident of Brookline will give him an advantage. "I can see from new eyes and from new angles. One of our biggest problems is voter apathy, and there should be sincere attempts to get people interested. Many only use the town to sleep in. My idea is to involve as many people as possible and to encourage more young people in Brookline's vital affairs."

There are some who say that Herb Hemingway has gone a long way from Roxbury to Brookline, and there are many more who say he will go even farther.

COMMITTEE REPORTS

Early in February the initial stage for the strengthening of communications and cooperative goals between the University students and alumni was set at a meeting held between Kathy Isbell, Student Liaison agent to the Alumni and Arthur Walker of the Alumni Board of Directors, Chairman of the Student-Alumni Relations Committee.

Common goals, challenges for the ensuing years, improvement of communications and cooperative team efforts were prime areas of discussion.

At the April meeting of the Student Government, Arthur Walker spoke on the subject: "Meeting the Challenge Together." A brief description of the Alumni's history was presented, with emphasis being placed on those individuals who have dedicated themselves through the years to keeping the Alumni a viable organization. Mr. Walker stated, "In order to establish a better understanding of the Alumni organization, students should understand the trials and tribulations of the growing years."

Discussions followed between the Student Government members and Mr. Walker, and many of the unanswered questions which arose were presented at the next Alumni Board of Directors meeting.

Some felt that a student liaison agent should be permitted to attend the Board meetings. A lengthy exchange of views took place regarding the endorsement of the Alumni on behalf of student efforts to promote a Student Union Building. The members enthusiastically endorsed the idea of students assisting the Alumni in strengthening its organization, and at the same time, that of Suffolk University.

Both the Alumni Board and the Student Government agree that the student should first be made aware of the Alumni at Freshman Orientation, and seniors should be encouraged to join shortly after graduation.

In commenting on this meeting, Miss Isbell said, "Certainly a step forward in meeting this challenge has been taken today as we join together to consolidate our efforts."

A follow-up meeting was held on May 9th, with Miss Isbell, Mr. Walker and the class presidents in attendance. At this session the four class presidents presented ideas for joint effort projects using the comments from the Student Government members as a basis for the discussions.

One possibility was "Project '68" in which the Alumni and the students would make a joint effort to improve the library. It was noted by one of the representatives at the meeting that the Library did not fulfill the needs of the students. All were in agreement that this would be a worthwhile project in that it would greatly improve the University, and at the same time, add to the prestige and influence of the Alumni Association.

Similar meetings will soon be scheduled for the classes and any other interested groups, in meeting this challenge.

In accordance with the By-Laws of the Constitution of the Suffolk University General Alumni Association, Inc., the following persons have been nominated as candidates for the three vacancies which will occur on the Board of Trustees as of the Annual Business Meeting on June 10, 1967:

Albert L. Hutton, Jr.
Frances M. Killilea
Kenneth MacLeay
John McCarthy
John J. Norton
Bruce Quirk
Steven Solomon

Formal notification, in accordance with the Constitution has been sent to all active members.

PLEASE NOTE!!

According to our records many of our graduates attended graduate schools other than Suffolk University. The Alumni Office would appreciate receiving information from these graduates, stating the school and degrees they have earned since graduation from Suffolk University.

Board Vacancy Filled

At the April 5 meeting of the Alumni Board Miss Frances M. Killilea was unanimously appointed to fulfill the three year term recently vacated by Philip H. Swaebe.

A member of the Class of '66 Miss Killilea has been a valuable supporter and active participant in the production of The Ram's Horn since its Inception in January of this year.

Miss Killilea, who resides in Somerville, is an Account Executive with the Scott Advertising Agency in Boston.

Her appointment expires on June 10, 1967. During the Annual Business Meeting to be held on that date at the University Miss Killilea's name will be on the ballot for election to a full three year term. She was nominated, as were five other alumni, to run for the three vacancies occurring on the Board.

One of the best of the new programs is student orientation and placement registration with the Office. Placement Packets are given to each student upon registration and he is reminded to file, update and follow through on his applications.

Mr. Woods emphasized that the services of the Placement Office are not restricted to undergraduates and law students.

"We urge alumni seeking counseling or placement to contact us, Many do so now, but I'm sure that others can find us to be of service, if they stop in and register," noted the Director.

"We would also like to hear from graduates of both the University and Law School who are in a position to hire. Those who have done so in the past have found the Placement Office more than willing to assist them in finding qualified candidates."

As far as the future of the Placement Office is concerned, Director Woods predicts nothing but growth. "With the current manpower shortage and a tight labor market, the need for good people in every profession is literally acute. I don't foresee a change in the situation in the immediate future, and this is bound to increase our duties and size, both in placing students and alumni, and in trying to meet the needs of recruiters."

Alumni Theater Party Sets Precedent

The response shown by the Alumni to the first Theater Party held on Saturday, April 15, 1967 has raised the prospects of planning similar affairs in the future.

Though the evening was dampened by a heavy downpour, those Alumni who braved the elements watched an excellent performance of "The Fantasticks" by Tom Jones and Harvey Schmidt. This was the spring offering of the University's Drama Club and the first play held at the newly renovated University Theater.

Early arrivals were treated to a pre-theater "coffee and ...", which lasted until curtain time at 8:30 p.m. Many old friendships were renewed during this informal gathering.

Both the retiring Drama Club President, Philip Matthews, and the President-Elect, Richard Rubin, have stated that the Club would be willing to put on a special performance for the Alumni at either or both of next year's productions, Miss Mac informed them that the Board would take this suggestion under consideration.

The Alumni wishes to thank the Drama Club for its cooperation on ticket reservations for what was surely one of their most polished presentations.

Board To Publish Alumni Directory

For the first time in the history of Suffolk University a complete Alumni Directory will be compiled this summer and published at the start of the 1967-68 academic year. This Directory, which will include both the University and Law School graduates, has received approval and authorization for publication by the Alumni Board of Trustees.

At this year's final meeting of the Board, held on June 1 at the University, a special committee was established by the President to have the responsibility for the accurate compilation and the publication procedures necessary in such an effort.

The committee will make a full report to the new Board at the first meeting in September of this year. Expenses and other financial questions will be decided at that time.

This important contribution to the family of University-related publications will undoubtedly enhance the image, position and recognition of the University and its Alumni. And finally, it will underscore the participation of Suffolk and her graduates in the community.
