Get Victories in Other Offices

Ironically, the annual Labor Day picnic, traditionally held on the beach, was moved to the campus due to a change in the policy of the Student Council. The move did not prevent the students from enjoying a good time, however, as the weather was pleasant and the food was plentiful.

Solution to Yearbook Problem Near Completion

The yearbook staff is working diligently to complete the book as soon as possible. The staff has been working on the book throughout the semester, and they are almost ready to announce the final deadline for submitting photos and articles.

Psychology Majors To Get Workout

At Boston Hospital

The psychology majors will soon be able to get some hands-on experience by working with patients at Boston Hospital. The hospital has been very generous in allowing the students to observe and assist in the treatment of patients, and the students are eager to learn as much as possible.

IZFA Planning New Seminar

Better Hearing For Auditorium

The IZFA is planning a new seminar to help students improve their hearing in the auditorium. The seminar will be held on a Saturday morning, and all students are encouraged to attend. The seminar will cover the latest techniques for improving hearing, and there will be plenty of opportunities for questions and answers.

Suffolk Stars Go On Road

The Suffolk Stars have been busy preparing for their upcoming road games. The team is in good shape, and the players are ready to take on any challenge. With the team's recent success, they are confident that they can continue to win games and make the playoffs.

EAT-AT HOME"
Dean Muncy's New Exam Procedure 
Gives Students More Study Time

The new exam procedure adopted by the University of Boston college appears to have been a success. It is an innovation that may become widely adopted in other institutions.

The procedure involves giving students a week before the exam to study and prepare for it. This allows them more time to study and retain information, which in turn may lead to better grades.

The new exam procedure has been praised by students, who say that it is easier to study and prepare for exams when they have more time to do so.

In addition, the new exam procedure has also been praised by faculty members, who say that it allows them to focus on teaching and preparing students for future exams, rather than having to spend time grading exams.

Overall, the new exam procedure appears to be a positive step for students and faculty members alike.

My cigarette?
Camels with a"Camel." "My cigarette? Camels for Mildness"

Camels for Mildness

Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild. But Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild, and the way they're made, and the way they're smoked, and the way they're burned, they're the only ones that can be called Mild.

Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild. But Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild, and the way they're made, and the way they're smoked, and the way they're burned, they're the only ones that can be called Mild.

Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild. But Camels are the only cigarettes that can be called Mild, because no cigarettes are actually Mild, and the way they're made, and the way they're smoked, and the way they're burned, they're the only ones that can be called Mild.

A CLUB DIS HONESTLY

The Creative Writing Club at Suffolk University is no more. In its place there is no writing, and apparently there is no death of it. Is this a sign of progress, or the moment when we must start with our heads? With the world in transition, members close to attend meetings, and the club itself has a certain function in our lives, it behooves us to consider the club and its purpose. What is it? What is its role in our lives today? And how do we continue with the club without meetings?

As the meeting rolls out the door, the Creative Writing Club (CWC) is no more. There was no final meeting. There was no final goodbye. There was no final report. There was no final word. There was only silence, until it was time to go.

One word does not make our club, Tom Striegel, but that cannot be used to define the club. The idea that the club was created, its purpose, its function, is not based on one word. The idea that the club was created, its purpose, its function, is based on the collective effort of the members. They were the ones who created the club, who gave it purpose, who gave it function, who gave it life.

It is not this one word to get the club organized, it is the idea that the club is organized. It is the idea that the club is organized for its purpose. The club must be kept going. It is the goal of the club to be kept alive with its purpose. The club must be kept going. It is the goal of the club to be kept alive with its purpose.

The club's magazine, "20-Dim," was one of the first student publications in the school.

NO PLACE FOR WOMEN

Some areas from the lighter (keep your hearts, the creative writing) into the more philosophical, and the editors come out shining. This month's plates, "Betty Crocker's Cook Book," are quite refreshing. Betty Crocker knew what she was talking about. The chapter on the art of the pie was a pleasant surprise. Betty Crocker's pie recipes are a joy to read, and the pictures are lovely. Betty Crocker's pictures are lovely. Betty Crocker's pictures are lovely.

It's a question of planning the future. Betty Crocker's pictures are lovely. Betty Crocker's pictures are lovely. Betty Crocker's pictures are lovely.

OUTSIDE S. U.

By John V. Clark

The main thing is to get started on the right foot. A few weeks ago, a friend of mine came up with a brilliant idea. He said, "Let's start a club!" I thought he was crazy, but then I realized that he had a point. A club is a great way to get started on the right foot. A club is a great way to get started on the right foot. A club is a great way to get started on the right foot.

BOYING REPORTER ASKS
"Are You In Favor Of
A Combined Year Book?"

Written in Spanish Club

NORMA SHIMINOS, PRES.

THERE were a few Year
Books on display at the
Spanish Club meeting
recently, and a number of
members who were present
mentioned the desirability
of a combined Year Book
of the English and Spanish
languages. Mrs. Shiminos
informed the members that
she would start making ar-
rangements for a combined
Year Book which would be
published in the Spring.

MEREYN MURANO, CAM.

A TYPICAL Spanish Year
Book includes dates of all
important events and the
names of all the members
who have done outstanding
work in the language dur-
ing the past year. The
contents of the Year Book
are usually in English, but
the name of each member
is always given in Spanish.

J. Wise Top Biology Major

J. Wise, a sophomore biology major, was named Suffolk's Student-Manager of the Month for January. Wise, a member of the Biology club, was selected by the Biology Department for this honor. He is a native of Medford and was born on February 11.

New Freshmen Welcomed

Freshmen for the new Freshman Orientation were welcomed by the Suffolk administration. The Syracuse University Law School is one of the institutions identified for this purpose. The officials are very pleased with the response so far. The faculty and administration are looking forward to a successful year with the freshmen.

Good Teamwork Makes Burrows Standout Player

Bill Burrows, a sophomore from Boston, was named the most valuable player on the basketball team. Burrows, who is a forward, was one of the top scorers in the league and made many contributions to the team's success.

**SUFFOLK UNIVERSITY LUNCH COUNTER**

After its first week in operation, Suffolk's new lunch counter and refreshment center has been a hit with students and faculty alike. The center, located on the first floor of the University Hall, offers a variety of foods and drinks, including sandwiches, salads, and soft drinks. The staff is friendly and attentive, and the prices are reasonable. Students and faculty alike have been expressing their satisfaction with the new facility, which is expected to become a popular gathering place on campus.
