Randolph Tells Of Labor of Race

Boston, Mass. — On Sunday evening at the First Methodist Church (white), A. Philip Rand-olph, International President of the Brotherhood of Sleeping Car Porters and Director of the March on Washington Committee, told the audience that he had been in the Boston harbor area.

He noted that the task of housing four million and the presence of three million railroad workers had been accomplished in Boston. If the city of 1,316,000 had been able to house the total population, the city of Boston would have been able to house the entire population of New York.

The meeting was held by the Brotherhood of Sleeping Car Porters, of which Mr. Randolph is an active member. The program was arranged by the Boston branch of the Brotherhood of Sleeping Car Porters, of which Mr. Randolph is an active member.

EMANCIPATION DAY

Wholehearted welcome of our leaders to the day, has been expressed by the Negro people, and has been joined by the laboring classes of all races. A long period of labor, of struggle, of sacrifice, has brought about the emancipation of our people from the shackles of slavery. We commend the sentiment of the Negro leaders and of the laboring classes of all races.

MRS. DOROTHY HAYWARD

While the editors of the CHRONICLE, like the entire country, are profoundly impressed by the progress Mrs. Dorothy Hayward has made under the tutelage of President Roosevelt, they realize that her many years of patient and devoted work, are not in any way a direct result of improved health conditions in the South End. The work always accrues to the conscientious and the able men and women who serve the common people.

MEN OF THE YEAR

The war toll of the CHRONICLE, printed on December 31, today; this issue of the CHRONICLE is the first of the year, of 1944. For 1934 the "Year of Decision," as it was known in the historic Conferences of Moscow, Cairo, and Teheran, when the United Nations served notice to the Axis nations that they must withdraw from Europe, America, and Africa, and that they must withdraw from the world. The Axis nations were unable to determine the outcome of the war, and they were unable to determine the outcome of the war.

The MEN OF THE YEAR are President Roosevelt, our Commander-in-Chief, who is the head of our government, and who is the head of the people of the United States. He is the head of the people of the United States, and who is the head of the people of the United States. He is the head of the people of the United States.

CUBA

By Harold Preece

Cuba—As a nation it is a naval base, —in the true sense of the word. It has been the seat of a naval base, —it has been the seat of a naval base. It has been the seat of a naval base, —it has been the seat of a naval base. It has been the seat of a naval base, —it has been the seat of a naval base.

One of Cuba's chief sources of national strength is the fact that it has an excellent harbor, —an excellent harbor, —an excellent harbor, —an excellent harbor, —an excellent harbor, —an excellent harbor, —an excellent harbor.

The conditions of national strength are so perfect, —so perfect, —so perfect, —so perfect, —so perfect, —so perfect, —so perfect.

Cuba is an excellent place for naval bases, —an excellent place for naval bases, —an excellent place for naval bases, —an excellent place for naval bases, —an excellent place for naval bases, —an excellent place for naval bases, —an excellent place for naval bases.

Cuba has been the seat of a naval base, —it has been the seat of a naval base, —it has been the seat of a naval base, —it has been the seat of a naval base, —it has been the seat of a naval base, —it has been the seat of a naval base, —it has been the seat of a naval base.

Randolph probably the most active Negro in the city of Boston, who has been deeply interested in the civil rights movement.

As a remedy for these problems, Randolph suggests the establishment of a Negro church that would serve as a center for Negroes in the city. He feels that such a church could provide a much-needed source of leadership and guidance for the community.

On the other hand, he is concerned about the lack of support for his ideas. He feels that many people in the city are not aware of the importance of these issues and that they need to be educated on the subject.

In conclusion, Randolph believes that the integration of Negroes in American society is essential for the future of the nation. He urges everyone to support his ideas and work towards a more just and equal society.
