'LAURA' FIRST DRAMA

DeForest Claims High Schools Responsible For Poor Reading

The reading habits of high school students are disturbing educators. A recent study by Suffolk Reading Club President, DeForest, showed that the average student reads only 10% of the material assigned by his teacher. This is a serious problem, and DeForest is concerned about it.

The study involved 50 students from different schools. The results were as follows:

- 50% of the students read only half of the material assigned.
- 20% read less than half.
- 10% read more than half.
- 10% read all of the material.
- 0% read all of the material and did not have a reading disability.

DeForest has been working on a solution to this problem. He is planning to implement a new reading program in all schools next semester.

TO A TEACHER--TO MAKE MUCH OF TIME

The man who you taught today in the halls of the University was once a little lad in your room, a boy who learned to know the world through your eyes. The man who sits in your room today may be the one who will teach the world tomorrow. Let us not forget that--let us not forget that every man who is teaching today was once taught.

You taught him to write, to read, to speak, to understand. You taught him to appreciate the things that he will have to deal with when he goes out into the world. You taught him to think, to reason, to argue. You taught him to be independent, to be self-reliant, to be self-sufficient.

But you also taught him to people, to love, to hate, to understand the world. You taught him to understand the world that he lives in, the world that he will have to deal with, the world that he will have to take charge of.

And the world that he will have to take charge of is a world full of problems, a world full of conflicts, a world full of contradictions. And you taught him to understand the world that he lives in, the world that he will have to deal with, the world that he will have to take charge of.

You taught him to understand the world that he lives in, the world that he will have to deal with, the world that he will have to take charge of. And you taught him to understand the world that he lives in, the world that he will have to deal with, the world that he will have to take charge of.

And you taught him to understand the world that he lives in, the world that he will have to deal with, the world that he will have to take charge of. "HOW MUCH REPRESENTATION DOES A STUDENT ACTUALLY HAVE THROUGH HIS COUNCIL?"

By T.R.

The political system of our country is not unlike the political system at the University of Maryland. The students are represented in the student council, which also is like a political system. This council is made up of elected officials who represent the students in various matters. The student council is the legislative branch of the student government, and it has the power to make laws and rules for the students. The student council is made up of elected officials who represent the students in various matters.

DOES A STUDENT ACTUALLY HAVE THROUGH HIS COUNCIL?

It is possible that some students are represented in the student council through the student council. Some students may be represented in the student council by their elected representatives. However, it is unlikely that all students are represented in the student council through the student council. Some students may not be represented in the student council at all. There is no guarantee that every student is represented in the student council. The student council is made up of elected officials who represent the students in various matters.

WRITING LUCKY STRIKE "HAPPY-GO-LUCKY" JINGLES!

By John Street

The Wall

"HAPPY-GO-LUCKY" jingles, like those you see on the page based on some phase of college life. If your jingle is selected for possible use in Lucky Strike advertising, we will pay you $25 for the right to use it. And you can use the "HAPPY-GO-LUCKY" jingle in your college, too. The "HAPPY-GO-LUCKY" jingle in our advertising is nearly three years old and is still as fresh as the day it was written.

READ THESE SIMPLE INSTRUCTIONS

1. Write a "HAPPY-GO-LUCKY" jingle. Be sure your verse, rhythm and music are the same as our jingles. Your jingle must contain the word "LUCKY."

2. Enter your jingle in the contest. Send it to Lucky Strike, P.O. Box 98, New York 3, N.Y. — or send it to your college. Each student of his college will receive a prize.

My Story of Years in the Big League

I am a veteran of the great American pastime — the baseball game. I have been in the major leagues for 15 years, and I have seen and heard and played against some of the greatest players in the history of the game. I have seen some of the greatest moments in the history of the game, and I have seen some of the greatest losses. I have seen some of the greatest victories, and I have seen some of the greatest defeats.

I have seen some of the greatest players, and I have seen some of the greatest managers. I have seen some of the greatest owners, and I have seen some of the greatest fans. I have seen some of the greatest moments, and I have seen some of the greatest losses.

But I have seen some of the greatest moments, too. I have seen some of the greatest victories, and I have seen some of the greatest defeats.

GOOD TEACHING BACKGROUND

By JERZY HRAMIA

As a former student at Temple University, he has a wealth of knowledge about teaching and sports.

The talent of Temple students is evident in the group of students who were recently selected to participate in the annual Temple University Soccer Tournament. The event is an annual tradition that has been going on for over 50 years and is attended by students from across the country.

The tournament is open to any student who meets the eligibility requirements, and the teams are divided into four divisions based on their skill levels.

Students from Temple and other universities come to Temple to participate in the tournament, which is a great opportunity for them to showcase their abilities and compete against other talented athletes.

The tournament consists of a round-robin format, with each team playing three games in a single day. The team with the highest total score at the end of the day is declared the winner.

The tournament concludes with a banquet and awards ceremony, where the winning teams are recognized for their achievements.

This year's tournament is expected to attract a large number of participants, with teams from across the country attending.
