Second SU "Oscar" To Gert Lawrence

Noted Actress Gives  Pres. Bruce "The Bird"

Edna, newcomer and rising star of the SU movie world, will give away the annual "Oscar" at a Social function on Friday (11). If the present trend continues, the new star will be a frequent recipient of the award.

Mrs. Lawrence was an active member of the dramatic group at SU while it was in operation during the First World War. On account of her health, she did not participate in this year's show, but is expected to attend the event at the Savoy Hotel on October 22.

This is appeal number one concerning a number one problem. The Senior Class is broke, bust bust. Flat broke. And we have to do something about it because the fact that there is no money in the till and none forthcoming. We could sell about to it, we could rent and rave. We could take a passive attitude. But why? What will be accomplished? Obviously, nothing. So, here is appeal number one for the University's number one problem.

Support the Senior Class Dance at the Hotel Vendome Wednesday evening, November 22nd.

HIGH FINANCE

A couple of weeks ago Tom Paine wrote to the Congressman in Chief: "These are the times which try men’s souls." The summer solstice, firehall of Valley Forge, were perfecting an accident of birth which would some day name them "American." Records in the Department of Ways in Washington show that they succeeded.

One hundred and seventy-one years later I find that these are the times which try men's souls. And much surrounding tumult has a fraction of the power of a free man exercising his freedom. Freedom is the greatest weapon of the little country, the universal common denominator that pins amits and starts. Freedom is something to be fought for and then fermented. Whether its origin be accidental or inevitable, its merits must be rooted as custums are a catechism.

The combination of over one thousand and one hundred thousand elements and combinations were necessary to generate and sustain life on the earth. The balance was so perfectly and in its original chance of occurring so fantastically remote that even the sci-entist gives credit to the sure hand of God. Whether life be accidental or conceived, it remains the colossal gift and its fulfillment lives dependent on the freedom of man.

"These are the times which try men’s souls." Mr. Paine is watching his investment.

Federal Student Aid awaits green light from legislators.

Federal student aid legislation makes great progress toward the goal of providing Federal aid to all college students regardless of need. To be successful, however, this legislation must be passed by Congress in the next few weeks. The President has already indicated his approval, but the Senate is still deliberating the bill. The bill would provide Federal aid to all college students regardless of need.

Temperance Flare As Rams Gain Initial Goal

The Indians looked to the Rams' defense to keep their season alive. In the opening game of the season, it was Tufts that scored the first goal of the season and then added three more. Both teams were held scoreless in the second half, but both teams scored in the third. The Indians ended up with a 1–3 loss, while the Rams scored four goals in the game. The Indian's defense was stretched thin, allowing the Rams to score three goals in the third. The Indian's goalie, John Smith, had a tough time keeping the score close, but the Rams scored three more goals in the game. The game ended with the Rams winning 1–3, and the Indian's season falling apart.
