SPRINGTIME — SUFFOLK UNIVERSITY

The air (17) hangs heavy beneath the shivering arms of rain (fill in). Spring has come and with it the customary New England torrential rains, tidal waves, terracing over Rice Rocks and plunging over inkstains on the totaling window panes. And today a Ram's rambler is scurrying to and fro in an enlightened manner of life for the future seems Muzak.

There is a suspicion that the combination committee—squirrels, and all over the Journal office floor — in the fall. Under the new P.R. (Preferential Rights) plan, Suffolk University and its students will control the major curricula at the July conventions. It will be a distinct honor for this nationally prominent institution to select the first president under the newly-mergered democracy plan. Their candidate will probably be (as heard over the transom of the ladies' lounge) Firem Slingshotta.

His platform will be that of rigid international-islomanism, universal coeducational coeducation, and further Huf-Hardly legislation. It has also been revealed that Pahahat Sachi, would be Slingshotta's Secretary of State and Downon Dollars will be the Secretary of Treasury.

The success of the combination election is not to be nationally overshadowed by the current revamping of the administration, but the latter will be of little interest to the cook at Cinda's.

Mightkill Wetwells, in his new position as head of the Diocese Intimacies office, has announced through the pj (padron, non-Journalist, it is scrambled type) of the Midtown Journal that Dean Bluejays Days has been replaced by Tampico Beachhead.

Other interesting changes were: Dean Evil N. Tart by Tom Collins; Miss Irish Bandlander by Rosenberg; Prof. Edgof De Woods by Klomp; Dr. Staunchich by Anne Sally; etc.: etc.

A big problem is currently posed before the Student Council which must be of interest to all students. The critical question is: Who threw the butt in the cigarette urn? The proposed punishment for the offender is a word by word account of Hannay's "The Thirty Nine.

Other pressing issues before the body are: (1) adoption of a coeducational plan; (2) subdivision of the coffee grinds; (3) running party for coffee; (4) question of why Mr. DeForest turned yellow. (5) The vital need for a 108 man investigating committee; etc.: etc.; etc.

The social needs will soon be realized when May's time rolls around. The senior class has invited all of the other classes, the City of Boston sewerage department, Newbold Morris and his Washington Blues group, and the Society for the Prevention of Cruelty to Dudley Addicts to attend their springtime activities. The social fiascos will include such activities as: a "T" party for the Marry Amans; a moonlight cruise over Rice Rocks No. 4; a Damascus grill in Biscroil's coffee; (4) question why Mr. DeForest turned yellow. (5) The vital need for a 108 man investigating committee; etc.: etc.: etc.

Dr. Copp Elevates
Education Majors
In Mind And Body

A new emphasis on human relations is being given to students of Boston University's Boston High School. Dr. H. Alec Copp, superintendent of the school, has introduced a course in Mind and Body, which will be offered next term. The course will be divided into two sections: one on Human Relations and the other on Education. The purpose of the course is to improve students' understanding of human behavior and to help them develop better personal relationships. The course will be taught by Dr. Copp and will be offered to all students in the school.

Dr. Copp is the first person to be appointed to this position. He has been associated with the school for many years and has been a leader of the student council. He is also a member of the faculty at the university. He has been involved in various organizations and has served as a member of the board of education for several years.

The course will cover a variety of topics, including psychology, sociology, and anthropology. It will also cover such subjects as human behavior, social interaction, and interpersonal relationships. The course will be taught in small groups, and there will be a maximum of 15 students in each section. The course will meet once a week for two hours.

The course is open to all students in the school, and it is expected to be popular. It is hoped that the course will help students develop better personal relationships and increase their understanding of human behavior.

Hillbilly Band Conducts Triumphant Tour Of SU

For the third consecutive year, the Hillbilly Band, under the leadership of band director John Doe, has prepared for the students of SU a day of music and fun. The activities of this year's tour included a parade through the campus, a concert in the main hall, and a final competition at the student union.

The parade began early in the morning, with the band members dressed in their distinctive uniforms. The route included the main street of the campus, passing by the administration building and the library. The crowd, numbering well over 5,000, lined the streets, cheering as the band marched by.

The concert was held in the main hall, featuring a variety of musical acts, including the band's traditional hillbilly music. The audience was captivated by the lively performance, and the hall was filled with the sound of clapping and applause.

The final competition was held at the student union, where the band divided into teams to compete against each other. The competition included a range of activities, from a talent show to a game of musical chairs.

The students were thrilled with the performance, and the day ended with a sense of camaraderie and joy. The Hillbilly Band has become a beloved tradition for the students, and they look forward to the annual tour with great anticipation.
