COLLINS, LINQUATA ARE ELECTED TO BOARD OF TRUSTEES

John F. Collins, former mayor of Boston and presently consulting professor of urban affairs at M.I.T., has been elected to the Board of Trustees, Vincent A. Fulmer, chairman of the board, has announced.

At the same time, Fulmer announced that Michael L. Linquata, a Gloucester businessman and 1950 graduate of Suffolk University, has been elected the third alumni representative on the Board of Trustees, completing a special election process conducted by the Alumni Office during the past year to fill three board vacancies.

Previous alumni elected to those positions were James F. Linnehan of Lowell, J.D. '56 and Joseph B. Shanahan, Jr. of Chelmsford, B.A. '71 and J.D. '74.

Prof. Collins, elected to a five-year term, fills the seat of Nelson G. Burke of East Greenwich, R.I., who retired from the board in June and has been designated trustee emeritus. Linquata, voted to a three-year term, succeeds the late Ernest R. Blaisdell.

Fulmer said of the elections:

"Mr. Collins personifies the quality and basic educational purpose of Suffolk University. He has stood for many years among our most distinguished alumni. His towering example of public service, both in university education and in the public offices he has held, is in the best tradition of American higher education. The board of trustees welcomes him to the governance of the university.

"We also look forward to the full participation of Michael Linquata in the governance of Suffolk University. His demonstrated loyalty to his alma mater and his business experience bring welcome new strength to the Board of Trustees."

Linquata, president of the Gloucester House Restaurant, has served as general chairman for the annual fund for the Suffolk University College of Liberal Arts and Sciences and College of Business Administration, for the past two years. Under his leadership, the fund doubled its previous contributions and he organized some 200 alumni volunteers to serve the campaign.

Collins, a 1941 graduate of Suffolk University Law School, served two terms as mayor of Boston and presided over the birth and development of the new Boston Government Center. He also served as president of the National League of Cities in 1964 and was a trustee and member of the executive committee of the U.S. Conference of Mayors in 1964 and 1965.

He holds honorary degrees from seven colleges or universities, among them an honorary D.P.A. from Suffolk University.

LARGEST NUMBER OF WOMEN EVER IN FIRST-YEAR LAW SCHOOL CLASS

The law school first-year class contains the largest number of women in the school's history, according to Admissions Director John Deliso.

According to Deliso, some 196 women are enrolled, 133 of them in the day division and 63 in the evening program, about 10 per cent more than were enrolled a year ago.

"Some 40 per cent of the first-year day class is made up of women and 30 per cent of the evening division are women," Deliso reported.

The total law school enrollment should be about 1750 with 335 first year students in the day program and 210 evenings. Ultimately, the law school hopes to cut back its enrollment to about 1600 under a streamlining process that will reduce faculty-student ratio.

Meanwhile, in the Colleges of Liberal Arts and College of Business Administration, the largest incoming freshman class in history arrived for opening classes Monday, Sept. 12.

Admissions Director William F. Coughlin said a preliminary count showed 440 first-year students enrolled for the fall semester. "This represents about a 6 per cent increase over last year in freshman enrollment," Coughlin noted.

Robert D. DiGuardia, chief programmer and analyst for Data Processing, listed total enrollment in the colleges at 4624 as of Sept. 22 and projected that figure should increase by between 60 and 80 following late registration processing. The total will probably fall short of last year's record of 4725 based on that projection.
