TUITION AT S. U. HIRED $100.00

Pres. Muncie, Other Officials Cite Increase In Faculty Pay, Operating Costs Rise

The tuition fee at Suffolk University reached a peak of $100 per year. Although the increase came as an unexpected surprise, the administration said it was necessary to maintain the quality of instruction. The move was made to bring the University's expenses in line with the rising cost of living.

**SUPPORT**

Suffolk athletic teams give their all for the benefit of the school. They are entitled by the loyalty, devotion, and spirit of the student. This year, let us all get behind them all! We know that such encouragement will give them great spirit and the will to strive for the top.

Dr. Vogel, a noted author and scholar, is currently touring Europe. He will be presenting lectures on the history of the European Union, focusing on the role of the United States in shaping its development. His lectures will be held at various universities and cultural centers across Europe.

**KNOW YOUR BACON**

Suffolk Journal By 1948 Veteran Influx

The increase in faculty pay and operating costs is a result of the rising cost of living. The University is working hard to keep tuition fees competitive with other universities. The administration is committed to maintaining the quality of education, and is looking for ways to further reduce costs.

**RETURNING S. U. STUDENTS**

Returning Suffolk University students are returning to campus for the fall semester. The University has made several changes to improve the student experience, including new dining facilities and updated dormitory accommodations. Students are excited to be back on campus and looking forward to a successful semester.
Donahue Names Fall Award Recipients

Professor Malcolm R. Donahue, chairman of the Law School Faculty Committee on Scholarship, has announced the following recipients of the fall awards of the Suffolk University Law School:

- Thomas R. Naughton, Jr., of Cambridge
- Robert J. O'Shea, of Quincy
- Richard J. Sullivan, Jr., of Woburn
- Michael J. Tierney, of Boston

These awards are given to students who have demonstrated exceptional academic achievement and promise in the field of law. The recipients will be honored at a ceremony to be held on the school's campus.

Pres. Munce Greets Frosh

By now you have come to feel the warmth and friendliness of the Suffolk Family of students, Faculty and Administration and the excitement of being a member of it. The Suffolk Family is a large one, but the members of it are always kind and friendly. You will find that you have the desire for contact or affiliation. You are "at home" at Suffolk and you are welcome at all times by the Suffolk Family.

And by the way, do not forget that your first requirement is to be a student, second requirement is to be a member of the Suffolk Family. Therefore, keep your studies work close to the curriculum and to your interests instead of letting them be influenced by any outside interests. Work with both day and night, work with all your heart, and your studies will be the most important activities in your life.

The Messy "Wreck"

Although superficially similar to the entrance of the Suffolk University Law School, the "Wreck" is not the building we are referring to. The "Wreck" is a local nickname for the Suffolk University Law School. The word "Wreck" comes from the word "recklessly," which means to act without forethought or caution. Therefore, when someone says they are "reckless," they are referring to their behavior or actions. The "Wreck" is a place where students can hang out and socialize after class. It is a popular spot for students to meet up with friends and catch up on schoolwork. The "Wreck" is located on the first floor of the law school and is open to all students. It is a great place to study, but it can also be a source of distraction. Some students find it helpful to avoid the "Wreck" during their study periods, while others enjoy the ambiance and use it as a place to take a break.

Newsmen Club Holds Supper
A dinner was held at the Newsmen Club last Tuesday evening. The club is a private society, not a political one, organized to promote the interests of the news media. The club's president, John Doe, announced that the club would continue to hold monthly meetings. The next meeting is scheduled for next month.

PLACEMENT BUREAU ENDS JOB SCARCITY

As Robert Vincent

Approximately 75 per cent of the students attending the school have received job offers. Since the school has a high job placement rate, it is not unusual for students to find jobs quickly. The placement office is responsible for finding employment for the students, and they have done an excellent job.

Tuition Hike

Continued from Page One

In addition to the usual armament of credit courses, the School has added a number of new courses in addition to some already known as quality. Many of these courses are designed to be added to the existing curriculum, thus giving students more choices in their studies. The new courses include:

- Business Administration
- Marketing and Sales
- Accounting
- Computer Science
- Foreign Languages

These new courses will be offered in the fall semester of this academic year. Students who wish to enroll in these courses should contact the registrar's office for more information.

5 Courses On Law Roster,
Credit Audit To L. L. M.

A comprehensive view of five courses will be offered this fall in the School of Law, according to the School's dean, Dean Robert A. McHargue.

The courses, which will be offered in the fall for the first time, include:

- Commercial Law
- Torts
- Constitutional Law
- Property
- International Law

The courses will be offered in a credit audit format, allowing students to receive credit for courses they have already taken elsewhere. This is an important addition to the School's curriculum, as it will allow students to complete their legal education more efficiently.

Enrollment Sets Record

Continued from Page One

Over 30 percent of the total student body at the University has enrolled in the fall, according to the registrar's office.

This is a significant increase from last year, when only 25 percent of the students enrolled. The registrar attributed the increase to the University's efforts to attract more students and to improve its facilities.

BUSINESS CLUB
SHOWS GROWTH

By G. W. WELFORD

Ralph DeTori, president of the Business Club, reports that the club has experienced steady growth in recent years.

"We have seen a steady increase in membership," DeTori said. "This year, we have more than doubled our membership from last year."

The club currently has 250 members, representing a wide range of majors.

Student Responses Over Tuition Rise

"The increase in tuition is something that we are all facing," said Mary Smith, a senior in Business Administration.

"I think it's appropriate, considering the inflation rate."

Series Hysteria Ends, Kim Still Perplexed

By JOHN C. SIMS

Yes, it’s another season of World Series! Everyone who lives in the United States that can not seem to escape from home has heard every year about this time. No matter whether you like it or not because you all hear at the school or in the street those days is “Who’s winning?”

Who wants to know what is happening in Little Rock, disarmament developments, or Middle East crises? Come back later, my friend. All I want to know is who is pitching, who is on base, who is on deck, what is the inning and what is the score? Don’t be an ally, but that is the present attitude of people these days.

Not Tactful

Observing the attitude of you 30 for the past three days, I seem about tactless.

SIPS & A’S

The Ford Motor Company plant in Dearborn, Michigan, is not an established baseball farm. There are the famous Red Sox, West End, Boston, and I have gathered in interviewing some of the personnel at Dearborn it is because the Yankees have a better hold than these other teams. Remember that the Yankees are the World champions and why? I see them doing a good job in the majors.

And the only comment is that the Yankees have got the strongest ball club. He also admits that the Yankees have got the weakest. But I know the Yankees are the World champions and why? I see them doing a good job in the majors.

At the time of this writing, I am sure you know that the Yankees have the strongest ball club.

This means that the Yankees have got the weakest. But I know the Yankees are the World champions and why? I see them doing a good job in the majors.
