The Day Christ Was Born

ST. LUKE, chap. 2: In those days a decree went out from Caesar Augustus that all the world should be enrolled. This was the first census, when Quirinius was governor of Syria. And all went to be enrolled, each to his own city. And Joseph also went up from Galilee, from the city of Nazareth, to Judea, to the city of David, which is called Bethlehem, because he was of the house and lineage of David. He went to be enrolled with Mary, his betrothed, who was with child. And while they were there, they found the baby with Mary his mother, and when they had seen him they bowed down and worshiped him. And when they had opened their treasures they presented to him gifts, to wheat, and frankincense, and myrrh. And when they had returned from the visitation, the angel of the Lord appeared to Joseph in a dream and said, 'Arise, take the child and his mother, and flee to Egypt, and stay there until I will tell you, for Herod will search for the child to destroy him.' Then Joseph arose and did as the angel of the Lord had commanded him; and he took the child and his mother and went to Egypt. And he stayed there until the death of Herod, that what was spoken by the Lord through the prophet might come true, 'Out of Egypt have I called my son.' Herod having died, an angel of the Lord appeared in a dream to Joseph in Egypt, saying, 'Arise, take the child and his mother, and go to the land of Israel, for those who sought the child's life are dead.' And he arose and took the child and his mother, and went to the land of Israel.
Twelve Seniors Accept Who's Who Award

Two Co-Eds Recognized,
Fitzpatrick Declines

Thirteen Suffolk students, including one co-ed, gained recognition in the 1951 edition of Who's Who Among Students in American Universities and Colleges. This month, Provost Dr. Floyd, in addition to recognizing full status, wrote that it was a "good idea to have the seniors who are included in the Who's Who list receive the recognition." The following morning, Dr. Floyd's wife, Dr. Fitzpatrick, was recognized for her work in the academic field.

Protests Who's Who Methods

The selection of this year is said to be made on the basis of "excellence in scholarship." However, some students question the fairness of the selection. They believe that the criteria for inclusion are too subjective and that the selection process is not transparent. Some students have expressed concern about the lack of representation of minority students in the Who's Who list.
