Suffolk University

Suffolk University is a dynamic urban university with more than five thousand students of all ages enrolled in day and evening programs in its College of Liberal Arts and Sciences, School of Management and Law School. The University is located on Beacon Hill in the heart of Boston and is accessible from all parts of the metropolitan area.

Founded as a law school in 1906, the University developed by adding a College of Liberal Arts and Sciences in 1934 and a School of Management in 1937. On April 29, 1937, the Law School, College of Liberal Arts and Sciences and the School of Management were chartered as Suffolk University by the Massachusetts General Court. The University is accredited by the New England Association of Schools and Colleges.

The Law School, accredited by the American Bar Association and the Association of American Law Schools, awards the juris doctor (JD) degree to its graduates. The College of Liberal Arts and Sciences awards bachelor of arts (BA) and bachelor of science (BS) degrees in fifteen academic departments and master's degrees in education (MS and Ed.M.). A certificate of advanced graduate study (CAGS) is awarded for study beyond the Master's Degree in several fields of Education and Human Services. The School of Management, accredited by the American Assembly of Collegiate Schools of Business and by the National Association of Schools of Public Affairs and Administration, conducts undergraduate programs in business administration leading to the degree of bachelor of science in business administration (BSBA) and graduate programs in both business and public administration leading to master's degrees in business (MBA) and public administration (MPA). An advanced professional certificate (APC) is offered for study beyond the master's degree. A joint program leading to the master of public administration and the juris doctor degrees is offered by the School of Management and the Law School.

Since 1906, when Gleason L. Archer established a law school for working adults, Suffolk University has graduated close to 40,000 students who have taken their places in the professional world. Among the University's alumni are some of New England's outstanding jurists, attorneys, businessmen and women, teachers, writers and scientists.

During its 84 years, Suffolk University has grown in size and in the scope and quality of its academic programs. As it develops new programs to meet emerging needs, Suffolk University remains guided by Gleason Archer's commitment to the community and to its people, and by a concern for access, success, and excellence.

ACADEMIC ATTIRE

The academic attire worn during the commencement exercises by the graduates, faculty members, deans, trustees, the president and other members of the academic procession had its origin during the Middle Ages at the medieval universities. The long black gown, the basic garment of academic attire, was worn for warmth and to conceal food and sometimes wine to be consumed during lecture recesses. The square cap, the shape of which resembles a book, a mason's mortarboard, or the quadrangle shape of the Oxford University campus, usually has a black tassel indicating a bachelor's or master's degree, or a gold tassel indicating a doctoral degree. The hood, which is the most colorful raiment, was used as a cowl, a cape, an alms sack or to protect the wearer's wig from the elements.

In modern times, the wearing of academic attire was codified by the American Council on Education. Contemporary guidelines specify that the standard color for caps and gowns is black, that the material be cotton poplin, that there be no trimming on the gowns worn by recipients of baccalaureate or master's degrees, that the doctoral degree gown may be faced with black velvet trim with three bars of black velvet across the sleeves, that the trimming of the doctoral hood be of velvet and signify the academic area of the degree, and that the hood lining reflect the official color or colors of the college or university conferring the degree. The hood trimming color white designates bachelor of arts; yellow: bachelor and master of science; magenta: bachelor of science in journalism; drab olive: bachelor and master of business administration; peacock blue: bachelor and master of public administration; blue: master of education and certificate of advanced graduate study in education; and purple: juris doctor (law) degree.

Within certain permissable limits, universities may vary the style and color of the caps and gowns worn by their graduates. These variations may be noticed in the academic procession.
