Will Be A Good Production

Delta Sigma Formed, First Frat Here

By LEWIS ROSENBERG

A lunchon meeting of Suffolk’s first fraternity, Delta Sigma, a professional business group, was held at Purell’s Restaurant in mid-December. The attendance was considerable.

At the meeting the aims and objectives of this national organization were made known to prospective members. Dues were established and organizational committees formed.

Those in attendance at the lunchon included: Professor John Mahoney, Chairman of the Business Administration Department, Professor Harold Stone, Faculry Advisor for Delta Sigma, Dr. D. Donald Fiorillo, Faculty Advisor of the Business Club, Prof. D. Donald Fiorillo, Mr. Benson Diamond, Faculty Advisor of the S.U. Chapter of the Society for the Advancement of Management, and Mr. DiBiase.

At a later meeting the division of committee responsibility was delegated, and discussion took place on future activities.

The Suffolk chapter is still in the probationary stages, and has not yet been awarded full membership in the national organization. If it complies with the requirements of the national organization it will be made a full chapter.

All interested business students are urged to attend the next meeting, the date of which will be posted.

Whist Whisked Away

STUDENT COUNCIL PASSES THREE NEW MEASURES

The Suffolk College department Student Government has taken three important measures. They have denied a petition for a "Whist and Bridge Club", decreed that all club and class event dates must be cleared by the Student Government, and appointed a committee to attempt to renovate the Recreation Hall.

"The reason for refusing the petition for a Whist and Bridge Club was that students wished to hold the activity between classes rather than after class hours. Also that card playing presents a temptation to gamble within the school," Miss Picardi said.

The ruling that dates for all student events must be cleared by the Student Government was issued to prevent two or more activities from interfering with one another, Miss Picardi said.

For example, she said, if the Drama Club holds a play, and the Business Club a banquet on the same day they will be competing for attendance, and the chance of success for both will be lessened.

Social Program Offered

Delta Sigma Pi is one of the oldest and largest professional fraternities, established 50 years ago, and a member of the Professional Interfraternity Conference. Although the emphasis is on professional activities, Delta Sigma Pi has a social program, official jewelry and numerous manuals.

It receives support from institutional faculty members, including 60 deans of business colleges.

Woodrow Sees Good Year For Employment

Donald P. Woodrow, director of placement for Suffolk University, was a delegate to the recent Eastern College Personnel Officers Conference at the New Ocean House in Swampscott, where he was chosen to conduct a senior class job opportunity seminar.

"A good year is predicted for the employment of college graduates" was the general consensus of participants in the discussion group, according to Mr. Woodrow.

"Findings indicate that the 1960 graduate should expect a highly competitive employment market — but jobs should be available to the well prepared, qualified graduate," he said.

For Suffolk seniors specifically Mr. Woodrow reports that recruiters will come to the university to interview students — representing some of the nation’s largest firms, industries and governmental agencies.

The Journal wishes to hear from the students on this question. A "Letters to the Editors" box will be found in room 40.

The word is the first step toward the action.

By ROBERT O'TOOLE

The trip throughout Russia via the motion picture was met with hearty approval by Suffolk stu-
dents and Club members.

Tour To New York

In 1969 the Humanities Club plans to visit the Gardner Museum. It also plans to have a guest speaker on early architec-
ture in America come to the university.

In the spring the club will visit New York. The trip to New York will include a visit to the famous Guggenheim Museum. Frank Lloyd Wright's latest masterpiece, and a Broadway musical. The trip to Europe was a very successful trip. The students presented lifetime membership cards to Dr. Pethrick, Dean Good-
will, Pres. Muse, Dr. Hartman, Dr. Murphy, Dr. Vogel, Mr. Mc-
Caffrey, and Mr. Parley.

The officers of the Humanities Club are Robert Hartakat, presi-
dent, Edward Monドル, vice-presi-
dent, Ann Picardo, secretary and Bernard Rosmanin, treasurer.

The "Moot Court" competition held recently at the Federal Court, marked another first in the annals of the Law School. Represented by Arnen DerMarderosian, James Jung and Bob Sheehan made an impressive showing in this Inter-Law School Legal Battle. Although victory was not met, a step was forward, and next year we can expect to see more of the foregoing gentlemen, the laurel wreath of victory will hang in these hallowed halls of Suffolk.

The fruits of the newly formed Student Bar Association held in Brighton this month was a tremen-
dous success. Neil Driscoll, a Senior in the Evening School, should be especially noted for his fine work as Chairman, along with all the other members of the Board of Governors for a job well done.

A personal thanks is extended to Professor John Nolan and his charming wife for representing the Law School Faculty at this Fall.

Paul Cavanaugh, Class of '59, is an associate attorney in the office of our Alumni President, Paul Smith. Good luck, Paul. Fred Matera and Nick Lazzera are doing a fine job in the office of the Executive Editor.

Congratulations to Jim Arena and Mrs. on the arrival of Jim Jr. Jim is in his second year days at the law school — Jim, Sr. that is.

The new "Legal Memo" is look-
ing for some contributors fellows. How about trying your hand at a little writing? Send any work to the Suffolk Bar Association to fortify the 9th annual American Marketing Assn.

The Humanities Club has an enrollment of 60 mem-
bers. The Club was held at the Gibson House, 137 Beacon Street, a Victorian museum. It is a good example of the Victorian period and its influence in Boston during the nineteenth cen-
tury.

Dr. Florence Petherick, Faculty

advisor to the club, is the di-
rector of the Gibson House. The house was dedicated with authentic Victorian Christmas decorations.

EGYPT RELICS REVIEWED

Mr. Jack McCaffrey, of the Suffolk English Department was guest speaker at the tea. He spoke on the Victorian period and Victorian writers.

Mr. McCaffrey answered the audience's questions, after his speech.

DR. ZIGMOND SPEAKS ON 'BASIC JUDAISM'

Dr. Maurice Zigmond, the Regional Director of Hillel, and director of the Harvard Hillel House, gave a December talk before the members of the Suffolk Israelites on, "The Basic Principles of Judaism."

Dr. Zigmond, who holds doctorates in both Theology and History, based much of his lecture on historical documents other than the Bible.

ARNOLD LETT

The Suffolk University Science Club has elected officers for the academic year 1959-1960. The club elected Arnold Lett, President; Aram Sevagian, Vice President; Martha Gerrace, Secretary; and Arthur Conboy, Treasurer.

At one of the club's recent meetings plans were formulated for a tour of the V.A. hospital on Huntington Ave. Also, a tour of the Mass. State Police Crime Lab will be in the near future.

The club will meet on alternate Fridays at 2:30 p.m. in the Biology Lab. Many noted guest speakers are scheduled to address the club in coming weeks. All are invited to attend.

College departments Dean Donald W. Goodrich of Wellesley; a member of Phi Delta Kappa, in Who's Who In America since 1938, listed in Leaders In American Education, a former army Lt. Col., a Doctor of Literature, and professor of Humanities.

Dean Goodrich has taught children in elementary school from the second grade, in secondary school, and freshmen in college.

The Dean received his AB cum laude at Williams, AM at Harvard, and then became principal of the Great Neck Preparatory School, Great Neck, Long Island, after only three years of teaching.

The Dean also has written courses for children, in secondary school, and freshmen in college.

Coached Football Team

There he taught English and Latin to 7th and 8th graders and coached the school football team.

Later as headmaster of the Calvert School and as editor of the "Calvert School Home Instruction Courses For Children," he, jointly with fellow teachers, wrote Courses Of Study.

DEAN GOODRICH

U. S. Army's Adjutant General's School, he wrote the technical training manual Army Clerk published and disseminated by the then War Department and used in training the Army's enlisted clerical staff.

While stationed in Germany, he was editor of the Headquarter's publications in the Adjutant General's Office.

In January of 1947 he came to Suffolk as assistant dean of the college.

HONORARY DEGREE HOLDER

In addition, he quickly assumed the duties of Director of Admissions, Registrar, and then that of an active faculty member.

At one time a teacher of English Literature, he then taught the freshman Humanities course.

Last fall Emerson College awarded Dean Goodrich an honorary Doctor of Literature degree for his outstanding work in Administration, Teaching, and Leadership.

Frederick A. McDermott of Needham, has been civicly active in the political field, members of the bench, lawyers, and F.B.I. agents will be asked to speak before the club. Various lectures and classes of the Law School will be open to these Pre-Legalites. Members will be invited to sit in as jurors in the month.

Mr. John V. Colburn, assistant Pre-Legal advisor, is the faculty advisor. Colburn is also Director of Student Activities and a member of the bar.

Meetings and social functions of the Pre-Legal Club will be announced on bulletin boards throughout the school.

DEAN MCDERMOTT

chusetts and Federal Bars, and the Massachusetts, Boston and American Bar Assn.

Somerville-born Dean McDermott has been civicly active in Needham, serving on the finance committee there and as a director of the Needham Public School Assn. and chairman of the Needham Civil Defense Committee.

BOOK LIST

Here is director of libraries, Richard J. Sullivan's pick of ten general interest books of the month.

Leonard Bernstein, The Joy of Music; Gemmill, Do You Belong in Journalism; Hansberry, A Raisin in the Sun; Hitchcock, Alfred (ed.), My Favorites in Suspense; Loech, Margaret, In the Days of McKinley; Severo11, Eric, (ed.), Candidates, 1960; Tolstoy, Alexey, Dus; Wibberly, Leonard, The Peter the First; Uris, Leon, Exodus; Quest of Excalibur; Wouk, Herman, This is My God.
JOBS
Continued From Page One

Engineers continue to be the most sought after of the college graduates generally, he said, but the need for salesmen, accountants, management trainees, etc. should also be at a high level, he indicated.

As in past years, the employment outlook for teacher candidates is again expected to be plentiful.

In summing up, Mr. Woodrow stresses that it is imperative for seniors to register with his office early if they expect to get the better jobs — or any job at all! Also, regular interviews for employment are being scheduled daily. Those who register late can easily lose out by missing an interview date. The Placement Office also has many helpful pamphlets, brochures and other items of interest to the job-hunting graduate, he noted.

Newman Club of Suffolk University has a new chaplain this year, Rev. Robert Baer, C.S.P. He is a native of Long Island, New York.

While attending Fordham University, he was called into the Navy. He served 2½ years during the second World War and was a member of the Navy V-12 program.

Fr. Baer studied at the University of Dubuque in Iowa and Northwestern University, where he obtained a B.S. degree. He then attended St. Philip Neri school for delayed vocations at 126 Newbury St. in Boston prior to entering the Novitiate of the Paulist Fathers.

Suffolk's basketball squad may be in for a rough time this season. Coach Charlie Law must depend entirely on his seniors since almost two complete freshman teams have been benched for various reasons.

They lost their first outing to Norwich University in a squeaker, 72 - 67, at the military school. One day later, on December 5, they entered the first round of the Babson Invitational Tournament. In the initial effort, they rolled up a lopsided score of 84 - 48 against Boston State Teachers, a game that featured the quintet's prowess in the fast break.

This brought them to the semi-finals where they lost by a much closer score to Nichols Junior, 54 - 48. There was one bright light here. A six foot-one inch freshman, Ray Comerty, proved he has the makings to be a vital fifth cog in the wheels of the Suffolk quintet.

Small, Fast Team

The height of the team averages around six feet, going from Sal Rasseau's six-two to Captain Lou Farrell's five-eight. "This team has good speed, very good speed," said Law, "but it may not balance our lack of height. It's also my smallest team, in terms of members, in my 14 years at Suffolk."

The complete team of nine men includes Sal Rasseau, Lou Farrell, Frank Crotty, Bob Sansone, Ray Comerty, Bill Buckley, Chuck Bennett, Len Seren and Dana Whitmore.

There's an Important Future Ahead for the Men Who Wear These Wings

The Air Force pilot or navigator is a man of many talents. He is, first of all, a master of the skies—and no finer exists. In addition, he has a firm background in astro-navigation, electronics, engineering and allied fields. Then, too, he must show outstanding qualities of leadership, initiative and self-reliance. In short, he is a man eminently prepared for an important future in the new Age of Space. Find out today if you can qualify as an Air Force pilot or navigator. Paste the attached coupon on a postal card and mail it now.
