Activities Fee Approved

Students Pack Forum To Vote "Yes"
On Limited $5 Fee; Air Complaints

As usual, the "all-morning" ball at 7:30, March 1st, in the auditorium, was the student body's monthly fee vote. A crowd of approximately 250 students, who had been familiar with the annual fee discussion, but also with the problems of the high school and its administration, gathered in the auditorium to make the decision. The meeting was preceded by the presentation of an emotional film, "The Silent Majority", which held the attention of the audience throughout.

The "all-morning" session offered the opportunity to express opinions and concerns, which were later discussed and voted upon. The forum was chaired by Mr. John J. Collins, associate principal, who guided the meeting with impartiality and fairness. The meeting was open to the public, and the students were encouraged to participate actively.

The vote to approve the fee was overwhelming, with a majority of 55% in favor. The fee, which amounts to $5 per student, was to be used for various school activities, including field trips, sports events, and extracurricular programs.

The meeting was adjourned at 10:30, with the students expressing their satisfaction with the decision and the enthusiasm they felt for the upcoming activities.
