10 YEARS AS LAW DEAN

Fellowship Established For Sargent; He'll Be Honored at Oct. 20 Dinner

David J. Sargent, dean of Suffolk University Law School, will be honored at a testimonial dinner Oct. 20 at the Copley Plaza commemorating his 10 years as dean of the Law School.

Sargent

To mark his decade of outstanding leadership, a Committee of Alumni and Friends of Dean Sargent is establishing the David J. Sargent Fellowship Fund as a lasting tribute to Sargent for his contributions to the quality of legal education at Suffolk University Law School and throughout the nation.

Sargent Fellows will be selected for distinguished academic performance and demonstrated need and will represent the highest form of academic recognition in the law school. Proceeds from the dinner will be used to establish the Sargent Fellowship Fund to finance those selected Fellows.

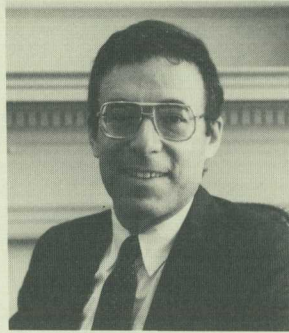

Sargent has been associated with Suffolk University Law School for more than 30 years. He is a 1954 graduate of Suffolk Law School, graduating first in his class and is holder of an honorary doctor of laws degree awarded in 1978. He was appointed dean in July of 1973 to succeed the retiring Donald R. Simpson. Prior to that, he had been a member of the faculty for 16 years.

The Law School has enjoyed a remarkable era of progress under Sargent, developing from a regional law school with limited recruitment to an institution that now attracts students from more than 400 colleges and universities throughout the country.

Co-chairman for the dinner are Atty. Paul T. Sugarman of the Boston law firm of Sugarman and Sugarman and Atty. Harold Widett, J.D.'32, of Widett, Slater & Goldman, P.C. A 6 p.m. reception will precede the 7 o'clock dinner. Tickets are \$125 per person and are being handled through the Office of Institutional Advancement, 11 Beacon St., Ext. 444.

As a tribute to Dean Sargent, the Suffolk Law Review, at its annual fall dinner Oct. 1 at the Marriott Long Wharf Hotel, announced it would dedicate the first issue of Vol. XVIII to Sargent for his 10 years of Law School leadership and support of the Law Review.

President's Corner

I am pleased to welcome everyone back after the summer holidays. In welcoming one's colleagues and students and looking ahead to the challenges of the year, we can also look back with pride at our accomplishments during the past year.

Enrollment: Last year the full-time freshmen enrollment and overall FTE enrollment was the highest in the history of the University, a 19 percent increase over 1981 and 54 percent higher than in 1980. Preliminary enrollment figures for 1983 indicate that our entering freshmen enrollment is higher than 1981 but not as high as last year. It appears that enrollment of new freshmen and transfer students is the second highest in history. Overall, the enrollment is about the same as last year at this time.

Reaccreditation: The report of the visiting team representing the American Bar Association and the Association of American Law Schools has many complimentary observations about the changes which have taken place in the Law School since their last inspection visit seven years ago. The visiting team representing the New England Association of Schools and Colleges was very positive in its evaluation of Suffolk University last year.

Renovation: There have been major renovations in the Archer and Donahue buildings during the summer as well as work in Fenton and Sawyer in accordance with the recommendations of a facilities audit conducted by our architects. It is the University's objective to bring its older buildings up to the standard set in the Sawyer Building over the course of the next few years. Last spring we dedicated the new faculty lounge in the Archer Building. I am

hopeful that faculty will find it a comfortable place in which to meet and that the room will become a focal point of faculty life.

Title III of the Higher Education Act:

The University recently was informed that it will receive an increase in its grant under Title III of the Higher Education Act, the Strengthening Developing Institutions Program for fiscal year, 1983-84. The new award is expected to amount to approximately \$430,000. These funds support activities designed to improve services for our undergraduate students, strengthen University administration and further develop the abilities of faculty and staff.

Museum of Fine Arts: Suffolk University has purchased several memberships in the Museum of Fine Arts to be used by faculty students and staff. Twenty-six membership cards are on reserve in the Mugar and Sawyer libraries. Any University student or employee with a current I.D. can borrow an MFA membership card for a limited time. The card entitles the bearer to free admission to the Museum. Having recently visited the extraordinary exhibition of American painting currently on display in the West Wing ("A New World: Masterpieces of American Painting, 1760-1910"), I recommend that members of the Suffolk University community take advantage of this opportunity.

Student Aid Policy: There is a federal requirement that eligible students register for the draft in order to receive federal student aid. The Board of Trustees, at its September 14, 1983 meeting, adopted the following policy concerning the use of the University's financial aid funds: "No Suffolk University student who has otherwise qualified for student financial aid shall be denied institutional support because of his failure to register for the draft or to sign the draft registration compliance form. The University will not, however, provide institutional support to replace federal support withdrawn from the student because of his failure to comply with the law."

Again, welcome back. We look forward to a productive and successful year.

Bank of New England Grant Helps Establish 'Project Excel'

A \$5000 grant from the Bank of New England has helped the University establish a "Project Excel" program for talented Greater Boston High sophomores and juniors.

The program, which will be under the direction of Dr. Glen Lewandowski, professor of education, is designed to enhance the traditional high school curriculum and provide a bridge into higher education for gifted 10th and 11th graders.

"It is also a response to the call for excellence as stated in the recent report of the President's Commission on Excellence in Education," President Daniel H. Perlman said in announcing the program. Perlman added that the University has "a commitment to assist in the revitalization of Metropolitan Boston's educational system and to expand the opportunity for intellectual growth available to talented young people in the area."

Under the plan, 90 students from area high schools will be selected for the first phase of the program, which will start in February. Students will meet at Suffolk each Wednesday from 3 to 5 p.m.

Lewandowski said that there will be no tests, grades or credits. "We want to encourage analysis of conflicting information and the integration of scientific, aesthetic and moral concepts," he noted. Suffolk faculty and guest lecturers will be utilized.

"The Bank of New England, in helping establish "Project Excel," has proved that it has a deep interest in improving the education opportunities for students in the Greater Boston area," President Perlman said.

"Project Excel" stems from a proposal put together by Presidential Executive Assistant Diane Rudnick and Lewandowski and discussions with bank officials Tim Kilduff and Bernie Fulp.

Ex-Governor King Named Executive in Residence

Former Gov. Edward J. King has been appointed to the position of executive in residence at the School of Management, Dean Richard L. McDowell has announced.

Under King's appointment, he will be on campus twice each semester for talks with scheduled classes of graduate and undergraduate students as well as faculty, alumni and other guests.

"We are pleased to have a man of Gov. King's caliber as an executive in residence," McDowell said. "His knowledge and experience will blend effectively with the business and public dimensions of the school's programs. Appointment of a man of King's stature will also create a basis for future appointments at the highest level of public and business executive management."

Retired Librarian Sullivan and Late Coach Law Honored

The Heritage Committee presented medallions and citations to retired Library Director Richard J. Sullivan and the widow of athletic director Charles Law at Founder's Day ceremonies Sept. 19.

Sullivan came up from his home in Aiken, South Carolina for the ceremony, accompanied by his wife, Mary.

Mrs. Phyllis Law, widow of long-time athletic director and head basketball coach Charlie Law, accepted the medallion for the late coach, who died in 1981.

Heritage Committee Chairman David L. Robbins made the presentations as part of the Founder's Day program, which also included the official unveiling of Campaign for Excellence plaques in the Sawyer and Donahue buildings.

University Names Dr. Jordan to Full-Time Minority Post

Dr. Carolyne Lamar Jordan of Lexington has been appointed assistant to the president and director of minority affairs, President Perlman has announced.

Jordan

Long a part-time position, the job of director of minority affairs coupled with assistant to the president was established earlier in the year by the Board of Trustees upon recommendation of an affirmative action task force and Perlman.

Jordan previously was associate professor of psychology and music at Salem State College. She formerly was assistant to the directors of academic and fiscal affairs at the Massachusetts Board of Regional Community Colleges and has 12 years of experience in elementary and secondary public education.

In her new position, Dr. Jordan will assist President Perlman in a variety of administrative and policy functions relating to academic affairs, as well as student support services, and will serve as ombudsperson for minorities and women.

Got A Suggestion? We Have A Committee

President Perlman has announced formation of a staff suggestion committee to consider opinions employees might have to suggest improvements in work methods, procedures, policies and personnel practices.

Personnel/EEO Officer Karen Hickey will chair the committee, which will

meet monthly, review all staff suggestions, gathering input from appropriate department heads to determine if they can be implemented.

The committee will be made up of eight persons, four from the administrative staff and four from support staff. The committee will be marked by equal representation from CLAS, SOM, the Law School and Central Administrative staff.

Hickey said that ballots will be sent out shortly so that all staff members may nominate individuals from their respective divisions. Members will serve one-year terms.

All suggestions will be acknowledged with those of special interest featured in future SUN articles.

In addition, starting in the next issue this section of The SUN will carry a Question and Answer column. Should you have any questions about working at Suffolk University, jot them down and send them to Room 731 in Sawyer or call Ext. 415. We'll print the questions and answers as space permits, and all faculty, administrative and support staff are encouraged to participate.

Suffolk Softballers Post Winning Record in Summer Play

No Bad News Bears are our Suffolk Distinguished Sportspeople! The SUDS compiled a 9-8 record in competition against the staff of other colleges and institutions.

The team opened and closed the season with victories over the Massachusetts Historical Society but in between were wins, losses, and a lot of fun.

Some of the highlights: Rick Sousa of the Mailroom, leading in homeruns with 10; Paul Tanklefsky of Career Planning, top batting average of .705; top pitcher Bob Herrick, painter in maintenance; Ron Brunelle, first homer of the season and perfect attendance; Mike Dwyer, controller, with 11 hits in 13 trips until a leg injury sidelined him for the season, the consistency of Law Prof. Joe Glannon, the rightfielder.

Some special praise should go to Player/Coach Maureen Dooley and Athletic Director Jim Nelson for obtaining permits and equipment, to Sue Scott of Data Processing for keeping statistics and scores and Midge Wilcke of IMC and Darlene Hyldborg of the Law School Associate Deans' Office for constant support.

United Way Campaign is Underway at Suffolk

The 1983 United Way campaign at Suffolk University kicked off with a luncheon Oct. 3 at which a goal of \$10,000 was set for the drive.

President Perlman addressed a group of University team leaders and urged a 15 percent increase over last year's record setting total of \$8794. This percentage is consistent with the increase called for in the overall United Way goal of \$32 million.

Dr. Perlman, who is chairman of the Education Division for the United Way, welcomed Jack Lucey, loaned executive from United Way, and guest speaker Susan Piver from the Samaritans, a United Way agency.

Also addressing the group was Louis B. Connelly, director of public relations and United Way chairman at Suffolk.

Connelly announced that this year the University is offering an added incentive to help boost the University over its 1983 goal. A Suffolk University captain's chair, donated through the courtesy of the Campus Bookstore, will be presented in a drawing to one lucky donor at the close of the campaign.

To be eligible for the chair, a donor must contribute a minimum of \$52, or a dollar a week for the year.

University faculty and staff are urged to utilize the payroll deduction plan.

Inquiries about the United Way should be directed to Karen DeCilio, assistant in Public Relations, 11 Beacon St., X447.

University Receives \$125,000 Hayden Grant

The University has been notified that it has received a grant in the amount of \$125,000 from the Charles Hayden Foundation towards renovation of the Archer, Fenton, Donahue and 56 Temple St. Buildings.

Refurbishment has been underway on these buildings following an audit by architectural consultants Knight, Bagge and Anderson, Inc. of the condition of all Suffolk properties.

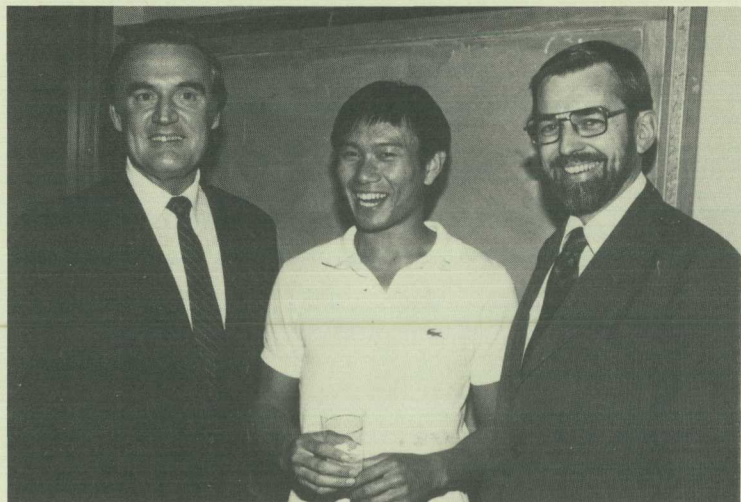

In addition to the Hayden grant, the University received a grant of \$10,000 from the Schrafft Charitable Trust for similar renovation of the older buildings.

The University has received financial assistance awards from the U.S. Department of Energy. The awards are for projects in the Fenton Building and the Archer/Donahue complex. An award of \$1750 was made for a technical assistance energy audit in the Fenton Building and will be matched on a 50/50 basis by the University.

Based on an energy audit conducted prior to submission of the proposal, the Department of Energy awarded the University \$80,000 to implement recommended energy conservation measures. This award will also be matched by University funds.

PRESIDENT PERLMAN was among a number of urban university presidents in the Northeast to meet at the University of Pittsburgh to discuss problems of urban communities and ways in which urban universities can work with their cities to address the problems. President Perlman serves as the representative of the National Association of Independent Colleges and Universities on the Board of the Association of Urban Universities. . . . Journalism's DICK PREISS attended the Region I meeting of the Society of Professional Journalists, Sigma Delta Chi, at Boston University and covered the United States Open Golf Championship at Oakmont, Pa. in June for *New England Golf News Magazine*. . . . Congratulations to Law School Secretaries MONICA DENNIS (Placement) and JOAN DiPANFILO on their September marriages. Monica married John Morrison Sept. 17 at St. Patrick's Church, Stoneham and Joan married David Cadalino Sept. 10 in Somerville. . . . Congratulations also to MARY BARRY, secretary in President Perlman's office, on her recent engagement to Jeff Mullaney of Malden. They are planning an Oct. 28, 1984 wedding. . . . DIANE RUDNICK, executive assistant to the president, will chair a visiting team representing the New England Association of Schools and Colleges on Oct. 28-29 and Nov. 6-8 at Norwich University. She will also present a paper, "Implications for Recruitment of Research on Women Engineering Technology Students," at the Frontiers in Education Conference to be held at Worcester Polytechnic Institute Oct. 14. . . . ANTHONY EONAS of SOM was sworn in as legal counsel and chairman for the City of Brockton Mayor's Consumer Advisory Committee. . . .

The largest contingent of students to visit our Friedman Laboratory at Cobscook Bay took the 320-mile trip over the Columbus Day weekend. Some 70 undergrads, accompanied by base coordinator CARL MERRILL and faculty, PETER BURN, REBECCA DiLIDDO, HENRY MULCAHY, and SAMUEL RHODES, enjoyed an introduction to this inviting natural environment and help close out another active year at the marine biology station. . . .

The passing of the beloved CARDINAL HUMBERTO MEDEIROS was personally felt at Suffolk University as well as in the diocese. The Cardinal was an honorary alumnus of Suffolk, having received an honorary doctor of laws degree in 1974. . . . The Office of Institutional Advancement welcomes ELIZABETH REZENDES, moving over from Financial Aid, as development and alumni records manager. . . . MARGE KELLEHER, former grants officer, has been named director of leadership gifts and PAUL TANKLEFSKY has been named assistant director of Career Planning and Placement. He was previously cooperative education coordinator. . . . Many of us at Suffolk University who remember him as an undergraduate student here, were happy with the announcement that Dorchester native GREG WAYLAND has joined the crew at Channel 7 as a TV reporter. . . . The Oct. 22 Deans' Reception at the Museum of Fine Arts promises to be another fine offering, and we hope you'll be there to enjoy the proceedings, which will be highlighted by the honoring of 23 Suffolk staffers. . . . See you next month. . . .
