organized by Birmingham, Ala., Mayor Ivan B.hoe, in which the leaders of over 200 churches throughout the city advocated violent action to halt the lynching. The meeting was attended by thousands of people, including many African American leaders and civil rights activists.

Doctors Heal Hole in Beauty's Heart

A woman in Boston was recently treated for a hole in her heart by Dr. Roland Hayes, who performed the surgery at the Boston Medical Center. The surgery was successful, and the woman is recovering well. The hole in her heart was discovered during a routine check-up and was found to be causing her symptoms of shortness of breath and exercise intolerance.

Bermuda Calling

By Greveville Zabriskie

I have noticed that no matter where I go in the world, I always end up in Bermuda...I’ve been to Bermuda a few times, and it’s a pretty special place. The beaches are fantastic, and the people are friendly. It’s a great place to relax and unwind.

Bermuda is a small, caribbean island located in the Atlantic Ocean. It's known for its beautiful beaches, crystal-clear waters, and mild climate. The island has a rich history, with many interesting places to explore, such as the Bermuda Triangle and the historic town of St. George's.

Bermuda is also famous for its casinos and gambling laws. It's one of the few places in the world where gambling is legal and regulated. The island has several casinos and gaming facilities, and it attracts many visitors each year.

Bermuda is a popular destination for honeymooners and couples looking for a romantic getaway. The island offers a variety of activities, including snorkeling, scuba diving, and golfing. It's also a great place for families to visit, with many attractions and activities for children.

Bermuda is a unique and special place, and I would highly recommend it to anyone looking for a relaxing and enjoyable vacation.

DEAN THURMAN DEDICATE CHAPEL
NEW ORLEANS - Plans for a new Catholic Memori alien Chapel at Dillard University were announced yesterday by Father Hugh F. Sheehan, President of Dillard University. The new Chapel will feature a statue of the Sisters of Charity of New Orleans, who were the first Catholic nuns to come to the South.

Dean Thurman, who is chairman of the board of trustees of Dillard University, was present at the announcement of the plans for the new Chapel.

The new Chapel will be built at a cost of $50,000, and will be constructed of brick and stone. It will have a seating capacity of 500 persons, and will be used for both religious and educational purposes.

The dedication of the new Chapel is scheduled for October 15, 1955.

We are now seeing hundreds of beautiful bouquets of flowers at the best stores of the city.

Whether you are attending a dinner or a réception, flowers are an essential part of the evening's décor. For a dinner, one prominent florist, who wished to remain anonymous, has arranged beautiful arrangements in the shape of the American flag.

J. Howard McLean, Grand Master of the Grand Lodge of Massachusetts and Mrs. William E. Boylston, his wife, will arrive from New York to visit with Mrs. Esther Fisher of Boston. Mrs. Fisher is a member of the Boston Women's Service Club and will be a guest of honor at the club's meeting on Tuesday, October 15, at 8 p.m., at the Boston Public Library. Mrs. Fisher is a well-known author and speaker, and her visit promises to be a highlight of the club's program.

THE FACTS...

By MICHAEL ALLEN

On the Bookshef

Six months to go

The 1960s are an important decade for American literature. Many authors have contributed to this genre, and some of their works have become classics. It is essential to read these books to understand the cultural and social changes that took place during this time.

On the Bookshelf

The 1960s were a time of great political and social change. The Civil Rights movement, the Vietnam War, and the anti-war movement were all significant events during this time. Many authors wrote about these issues, and their works continue to be read and studied today.

The Facts...

THE FACTS...  
By Michael Allen

Last Sunday the Boston Branch of the NAACP held a 1966 regional meeting at the 1880 A. E. B. Zion Church in Roxbury. With a crowd of 3,000 in attendance, it was apparent that the meeting was a success. It was to be expected that a large number of the meetings that would be held in the days ahead would be devoted to the same subject matter. In the name of the Boston Branch of the NAACP, I am a member of such a meeting and a member of the group that organized it. We are Colored and we are not satisfied with the Negroes in this country. We want to be treated as equals and we want to be treated with respect.

Weather: We are Democratic and we are not satisfied with the condition of the Negroes in this country. We want to be treated as equals and we want to be treated with respect.

The NAACP is one of the best known and most respected organizations in the country. It was founded in 1909 and has a long and distinguished history. It is dedicated to the advancement of civil and human rights. The NAACP has been involved in many significant civil rights cases, including the Brown v. Board of Education case, which declared segregation in public schools to be unconstitutional. The NAACP has also been involved in many other important civil rights cases, including the integration of public schools and the extension of voting rights to African Americans.

In summary, the NAACP is a respected organization with a long and distinguished history. It is dedicated to the advancement of civil and human rights and has played a significant role in the civil rights movement. It is important to support the NAACP and its efforts to promote equality and justice.

On the Bookshelf

The Struggle for Power and Ideals

In the Struggle for Power and Ideals, the author explores the complex relationships between power and ideology. The book is divided into three parts: the first part examines the relationship between power and ideology in the context of the Cold War. The second part examines the relationship between power and ideology in the context of the civil rights movement. The third part examines the relationship between power and ideology in the context of the post-Cold War world. The book is an important contribution to the study of power and ideology and is highly recommended for students and scholars in the field.

Sports

Boston's 1966 season was marked by both success and controversy. Despite a lack of success on the field, the team managed to sell out Fenway Park every game. The highlight of the season was the win over the New York Yankees in the World Series. The team's success on the field was overshadowed by the controversy surrounding the team's ownership. The team's owner, John Henry, was accused of making excessive profits on the team's sales and transfers of players. The team's financial situation was also a cause of concern, as the team was reported to be in debt.

In summary, the Boston team's 1966 season was a mixed bag. While the team managed to sell out Fenway Park every game, the win over the New York Yankees in the World Series was overshadowed by the controversy surrounding the team's ownership. The team's financial situation was also a cause of concern. The team's successful on-field performances were not enough to overcome these issues.
papers on Thursday. By the time of the evening edition there were denials from all sides, with everyone disclaiming any prejudice because of race. Mrs. DeMarco is quoted as saying there was no objection to colored people moving into Oakland Beach, but that they should "have a facility of their own" (be segregated). The reality, however, said that the group should seek to clean up the deplorable conditions existing in Oakland Beach, and conceded that colored people were better off than some of the residents already there. He defended his Negro clients as nice people.
