HISTORY OF SUFFOLK UNIVERSITY

From its earliest incarnation, Suffolk University was seen as offering a beacon of hope to people aspiring to better their lives through education.

Founder Gleason Archer had worked his way through college when a benefactor loaned him money to pursue the study of law. He asked only that Archer pass along the favor. In 1906 Archer began teaching law evenings in his home, providing access to professional higher education for those with limited time and financial resources. He believed that the growing waves of immigrants coming to America deserved educational opportunity that would lead to personal and professional growth.

The young law professor soon moved the school into his downtown Boston office, a centralized location that made the school more convenient to students and, in time, opened doors to innumerable collaborations with government, business, and cultural entities.

After machinist and Suffolk student Roland E. Brown passed the bar in 1908, registration surged, so Archer gave up his law practice to devote himself full-time to the law school.

Suffolk Law School received its charter in 1914 and was the largest evening law school in the United States by 1930.

THE UNIVERSITY TAKES SHAPE

The College of Liberal Arts and Sciences—later renamed the College of Arts & Sciences—was founded in 1934 in response to the recommended standard that law students possess a college degree and because Archer wanted to create “a great evening university” that working people could afford.

Three years later, in 1937, the College of Business Administration—now the Sawyer Business School—was established.

The three academic units were incorporated as Suffolk University in 1937. As time passed, the University evolved to offer a complete range of full- and part-time programs and an increasingly active campus community.

PREPARING TOMORROW'S LEADERS

Building on the promise of its founding, Suffolk University continues to inspire and engage its diverse student body. Through carefully designed curriculum, internships, mentoring, and networking, the University creates opportunities that enable students to meet their goals.

The scope of academic offerings has broadened to include new programs at the baccalaureate, master, and doctoral levels, and Suffolk University faculty are just as absorbed in teaching as they are in scholarly work.

The University's residence halls now allow students living on campus to fully realize the academic and cultural promise of the urban environment. Classrooms, libraries, theaters, galleries, and offices are housed in buildings clustered in downtown Boston, and the historic Boston Common serves as the unofficial campus quad.

Students today hail from across the nation and around the world. A campus in Madrid and partnerships with institutions throughout the globe allow for a broad range of international study and internship opportunities.

SUFFOLK UNIVERSITY MISSION

Suffolk University is a talent catalyst that recognizes and develops student potential. Leveraging our location in the heart of Boston, our faculty, staff, and alumni work together to provide a student-centered experience. This diverse community builds on its dedication and excellence in education and scholarship to empower graduates to be successful locally, regionally, and globally.

ACADEMIC ATTIRE AND SYMBOLS

The academic attire worn during commencement originated in medieval universities. The long black gown was worn for warmth and to conceal food—and sometimes wine—to be consumed during lecture recesses. The hood, which is the most colorful raiment, was used as an alms sack or to protect the wearer's wig from the elements.

The velvet trimming of the doctoral hood signifies the academic area of the degree, and the hood lining reflects the official color or colors of the college or university conferring the degree. The hood trimming color white designates bachelor of arts and master of arts in psychology; yellow, bachelor and master of science, master of arts in interior design, and certificate of advanced graduate study; magenta, bachelor of science in journalism; light blue, master of education and certificate of advanced graduate study in education; blue-violet, master of arts in graphic design; copper, master of science in international education; dark blue, master of science in political science and master of science in ethics and public policy; and salmon, master of arts in women's health. The larger dark blue hoods designate the doctorates in clinical psychology and in economics.

Colored cords are worn by bachelor's degree candidates who have been awarded graduation honors. Gold cords signify summa cum laude honors, silver denotes magna cum laude honors, and bronze indicates cum laude honors. Those who transferred to Suffolk as undergraduates wear blue-and-gold cords for highest distinction, blue-and-silver cords for high distinction, and blue-and-bronze for distinction.

The marshal leads the procession carrying a mace. The mace originally was a weapon, and its ceremonial descendant confers an air of authority on those leading formal pageants.

The Suffolk University seal features the University motto *Honestas et Diligentia*, or Honesty and Diligence, and the founding date, 1906. The image is composed of a standard and torch flanked by single stars, and Beacon Hill is pictured in the background.

KEYNOTE SPEAKER KATE WALSH

Kate Walsh is president and CEO of Boston Medical Center, an academic medical center that also operates 14 community health centers and a statewide Medicaid managed care organization. Before joining Boston Medical Center in 2010, Walsh served as executive vice president and chief operating officer of Brigham and Women's Hospital and as chief operating officer for Novartis Institutes for Biomedical Research. She began her career in health care as a summer intern at Brookside Health Center in Jamaica Plain and then held positions in a number of New York City hospitals before joining Massachusetts General Hospital, where she rose from assistant general director in medical services to senior vice president of medical services and the MGH Cancer Center. She is a member of several boards, including Emmanuel College, the YMCA of Greater Boston, the Boston Public Health Commission, and the Massachusetts Hospital Association. She is on the National Institutes of Health Clinical Center Advisory Board. Walsh holds a BA and a master's degree in public health from Yale University.

A SUFFOLK UNIVERSITY ALMA MATER

Over the cobblestones of Boston,
And down the city's lamp-lit streets,
Over the rivers, bays, and oceans,
We journeyed here, to learn and teach.

*Gladly did we learn,
And gladly did we teach.*

Guided by the beacon on our Hill,
And the Archer's starry reach,
From every continent and every shore,
We journeyed here, to learn and teach.

*Gladly did we learn,
And gladly did we teach.*

In all the many ways we grew,
And amid the wonders we would see,
We were partners on a journey,
Whether the path was smooth or steep.

*Gladly did we learn,
And gladly did we teach.*

As the road unfolds before us,
And in the hopeful words we speak,
We honor and remember Suffolk
Where we all came to learn and teach.

*Yes, gladly did we learn,
And gladly did we teach.*

*Gladly did we learn,
And gladly did we teach.*

c. Music by E. Aragón

c. Lyrics by F. Marchant and S. Rubin
