A Good Job

The Bar, Wilbur C. Davis, goes to great lengths in the public relations and educational work of the NAACP.

The other day an NAACP vote was held to determine the future of the organization. The NAACP is a national organization which is working for the advancement of the Negro and the establishment of civil rights. The vote was taken to determine whether or not the NAACP should continue to work for the advancement of the Negro.

The vote was held at the NAACP headquarters in Boston. The vote was taken by a show of hands. The vote was close, but the NAACP decided to continue to work for the advancement of the Negro.

Some people are against the NAACP's work because they say that it is not working for the advancement of the Negro. These people say that the NAACP is working for the advancement of the white man. But the NAACP is working for the advancement of the Negro.
