**Fisk Jubilee Singers Tour Western Europe**

Unquestionably the exhibition throughout the Summer of 1960, the 200-year-old Jubilee Singers of Fisk University's renowned Choir has been the highlight of the year for the institution's alumni and friends. The tour, which was organized by the university's president, Dr. John Hope Franklin, has been a resounding success. The choir, under the direction of Dr. Franklin, has performed in many of the leading cultural centers of Europe, where it has received enthusiastic support from audiences of all ages and nationalities. The tour has been a testament to the high quality of the performers and to the enduring legacy of the Jubilee Singers. The choir has been hailed as a shining example of American musical excellence, and its performances have been widely praised for their emotional depth and technical precision. The tour has also provided an opportunity for the choir to explore and learn about the rich cultural heritage of Europe, while also promoting the ideals of cultural exchange and mutual understanding. The choir's tour has been a source of pride for the university and its alumni, and it has contributed to the ongoing legacy of the Jubilee Singers, who have been an inspiration to generations of singers and musicians around the world. The choir's performances have been a testament to the power of music to bring people together and to inspire hope and creativity. The tour has been a memorable event that has left a lasting impression on all who were fortunate enough to witness it. The choir's performances have been a source of inspiration and joy, and they have brought a sense of unity and connection to the audiences they have touched. The choir's tour has been a success in every sense, and it has been a fitting tribute to the enduring legacy of the Jubilee Singers. ‘Bermuda Calling’

By Grace Sullivan Jackson

A phone call from the United States Naval Base Bermuda, at Sarge, Bermuda, on Saturday afternoon, August 11, 1956, brought the exciting news that a group of friends was planning to visit the island during the coming week. The news was greeted with enthusiasm, for Bermuda is a beautiful island with blue sea and white sand beaches. The group of friends, consisting of Mrs. Edward H. Smith, Mrs. Charles A. Brown, Mrs. John T. Foster, and Mrs. Edward H. Sontag, had been planning their trip for a long time. They were looking forward to a week of relaxation and fun in the sun. The weather was warm and sunny, and the beach was perfect for swimming and sunbathing. The group of friends enjoyed a wonderful week on the island, spending their days at the beach and their evenings in the city of Hamilton. They had a great time and left Bermuda with many fond memories. The group of friends returned to Boston on Friday, August 17, and were met with a warm welcome. They were already planning their next trip to Bermuda.

BABY TIGER'S SHORT HOOKS

Bill Russell Tops Collegiate Star Of The Decade

Sports editor, Henry E. R. writes:

"This year, however, a certain amount of attention has been given to the man who is going to go beyond the man who won last year's title. That man is none other than Bill Russell, the star center of the University of North Carolina. Bill Russell, who is known to all fans of basketball, is a giant in the sport. He is the only man to have won the title more than once. In fact, he has won it five times, making him the most successful player in the history of the game. He is a player who is feared by his opponents, respected by his teammates, and loved by his fans. His skills on the court are unmatched, and his leadership is second to none. He is a true legend of the game, and his contributions to the sport will be remembered for years to come."

"I am pleased to say that the Tigers' short hooks are now on sale at the Friendly Furniture Store. This is the first time that these hooks have been available on the market, and I am sure that they will be a hit with our customers. The hooks are made of high-quality materials and are designed to withstand the rigors of everyday use. They are available in a variety of finishes and will be sure to complement any home's decor. I urge all of our customers to visit the Friendly Furniture Store and take a look at these hooks. They are a great addition to any home."

A.V.C. Pushes Registration Drive

(Exclusive to the Boston Chronicle)

Bernard Jackson, Chairman of the American Veteran's Committee, Register and Vote Drive for 1956, declared this week: "We of the American Veteran's Committee agree with the NAACP that Boston needs better housing, better schools, better recreation for our children, better public facilities, better snow removal. We also agree with the NAACP that in every area of employment that we as a minority will be shunned. The same applies to cities, county, and city jobs. We know that a vestige people is a hopeless people, consequently we are urging all of the citizens of Boston to register and vote regardless of race, creed or color."

"Here in Boston we are not enmity with the same concern that the Colored people of the South are. Our candidates are urging that we register to vote. We are not threatened with disfranchisement. We are not murder, as many of our NAACP leaders and members of the Colored clergy have been in the South."

"When we go to register here in Boston it is not necessary that we interpret the constitution or know as an individual was asked to in a certain southern state. "How many boys are there in a town?" Neither do we have to read a passage of Greek literature or write as many an English text of religion, or any of the president of the United States."

"We are not living in an area of violent hostility toward our participation in the political life of the community."

When we do not register to vote, we are merely permitting democracy to be governed by default, and once registered and then fail to vote and understand the latter then we are thoroughly unprepared to enjoy the fruits of democracy."

"None of us in American Veteran's Committee, the NAACP and the Boston Inter-organization Ministerial Alliance and countless other organizations who are working in this tremendous non-partisan project to get people registered and all of those registered to vote are not interested in new political candidates, but we are all vitally interested in making America, Massachusetts, and Boston, yes, even our own streets a better place in which to live."

"The staggering number of undervotees in the Colored community is appalling and disgraceful. At no time in the history of our nation have we had time for us in Boston to prepare to do our share, and to make a mighty blow for freedom and the cause of civil rights by registering to vote and then voting intelligently."

Jackson is a former president of the Boston Youth Council of the NAACP and member of the NAACP Committee of the Massachusetts State Conference of the NAACP.
