The NAACP-sponsored parade last Sunday which was witnessed by at least ten thousand Negro and white citizens along the mile-and-a-half line of march, has sparked community interest throughout the state for the next Tuesday's primaries. The NAACP leaders—Col. Luckland T. Hewitt, president, Edward L. Cooper, executive secretary, Mrs. Mabel B. Scott and Charles H. Lewis, Jr., co-chairmen of the political action committee—have urged every registered voter to cast a ballot on September 18 for candidates whose records on civil rights are unassailable, regardless of party designation.

Negro representation in the state legislature looks as a real possibility, if not probability.

Brewster In Strong Drive For Ward 9

Harold A. (Harry) Brewster, successful Roxbury and South End businessman and candidate for the Democratic nomination for State Representative in Ward Nine, is waging a vigorous and hard-hitting campaign.

Brewster, long time foe of racial and religious discrimination, was the campaign manager of the late and beloved William A. Glynn's successful contests for State Representative. Harry Brewster is described by friends as a "second Billy Glynn."

Glynn and Brewster grew up together from childhood. Not only did they look alike but they thought and acted alike. If Harry Brewster is elected Ward Nine's Representative, you can be sure his friends point out of the same high type and honest service that Billy provided.

The fact that a majority of the Massachusetts delegates to the Democratic National Convention protested the civil rights plank so not being strong enough is due in part to the efforts of Harry Brewster.

TRAIL & STREAM

By Harold R. Dector

Last Sunday Jerome Denny, Honoresest Powell, Nick Stramm, and Stephen Thomas took off for the Cape on small boat at 12:15 a.m. Nick had his first trip and was a bit hesitant. We all enjoyed a good sail. We stopped at Charlie Caldwell's boat and had a fine time. We had the best boat and really had a good time. We went to see Charlie Doyle and his lovely wife who met the boat, but thought that we were lost. We usually can get the straight path of a boat, but this time it was a bit difficult. We finally got fishing in the area around the Cape.

Maybrook, N.Y.

Last Sunday Jerome Deny, Borener Powell, Nick Simmons, and Stephen Sonberg, four friends of mine, took off for the Cape Canal! The Canal is at 12:15 a.m. Nick had his big, 7-foot 6-inch bass stick with him. I was hoping to see Charlie Doyle and his lovely wife who nut the most shark we ever caught. You usually can get the straightest run on the Canal. We spent the first half-hour fishing for it around the Canal. We caught several big fish. Then we had a 24-foot swordfish on for several hours with no luck. People taking our worse fish at the Canal. We eventually got a fish and took a picture of it. Sometimes you can get a straight run on the Canal.

The Maine elections resulted in victories for Democratic Governor Edmund Muskie and for the first Democratic Congress in the Pine Tree State, Frank Coffin, within two decades. These victories are the result of a widespread movement led by a coalition of working men, women, and young people. It is worth noting that Tuesday's election clearly shows that the Democratic coalition is strong and growing stronger. The Democratic coalition is the party of the future, and tomorrow's victors will be the Democrats.

NAACP News

He said this week in Mr. Na- dgro's words, "I want to see the day when the NAACP is no longer needed."

"The NAACP has served its purpose in this country. It has been a powerful voice for civil rights and has worked hard to ensure that black Americans have equal rights under the law."

The NAACP has been credited with many important victories, including the 1954 Brown v. Board of Education case, which declared school segregation unconstitutional. The NAACP has also been active in fighting against discrimination in housing, voting rights, and the workplace.

The National Association for the Advancement of Colored People (NAACP) was founded in 1909 by W.E.B. Du Bois and a group of like-minded individuals. The NAACP's mission is to "promote equal rights, justice, and opportunity for all people through the protection and enforcement of civil rights in the United States.

Racial Bias

The NAACP has long been a leader in the fight against racial bias. The organization has worked to educate the public about the dangers of racial discrimination and has advocated for policies that promote equal opportunity.

The NAACP has also been involved in legal battles to ensure that black Americans have access to quality education and housing. In 1954, the NAACP played a key role in the successful challenge to the "separate but equal" doctrine of Plessy v. Ferguson.

The NAACP has a long history of fighting for civil rights and has been instrumental in shaping the nation's understanding of race relations. The organization continues to work towards a future where all Americans are treated with dignity and respect.

Curtis Seeks Renomination

Conгрессman Joseph W. Curtis, Jr., former speaker of the House of Representatives, today urged voters in the 10th Congressional District to renominate and elect Congressman Lawrence Curtis "to well deserve the third term."

"Larry Curtis has given a fine account of himself in the 83rd and 84th Congress. He has won the esteem and respect of his colleagues as an able and hardworking member of that body."

"His ability and experience as a lawyer have made him a valuable member of the Committee on the Judiciary. His knowledge of veterans affairs, municipal and state problems, plus his knowledge of national and international affairs made him one of the outstanding Congressmen in the House."

Curtis is regarded by his colleagues as one of the most experienced men in Congress. He's lived in the Boston City Council, Massachusetts House and Senate and is a State Treasurer. A veteran of U.S. Naval Aviation, he is active in veterans affairs and has served as State Dept. Commander, DAV, National Vice Commander, DAV and is a member of the American Veterans Association.

"Despite our preoccupation with things closer at hand, and despite the present peace, we must not forget, says Curtis, "that the most important national issue is how best to maintain the national security and world peace in the face of the new Soviet politics, diplomatic and economic threats."

"I believe that this is no time to relax efforts for a strong national defense and collective security. I have confidence in the experience, wisdom and restraint of the President in facing these issues and has supported his policies."

"I shall urge that the fundamental question before the voters is how they can best help our country to meet the problems and dangers confronting it and that if they are satisfied with the present leadership of the nation, they should not now make a change, and should return to Congress a man who has supported and will support that leadership."

Why do the representatives of wards 12 and 14 resent and want to defeat the candidacy of Harry L. Silva for Democratic nominee from Ward 12, 14 and 15? They believe he pledges himself to expose these pseudo Democrats who voted against your interests when they voted with the Republicans for the creation of the $200,000,000 give-away commonplace known as the "Port Authority".

1. Because he will do all in his power to have this Republican bill repealed.

2. Because Harry L. Silva pledged himself and states to you that he well do all in his power to have this Republican bill repealed.

3. What is the Port Authority Bill?

This bill was designed, so-called, as a corollary for our transportation bills wherein the Republicans and the Demo-Republicans could consolidate into private hands, with little or no control over them, the FOLLOWING SOLVENT PUBLIC PROPERTIES, supposed to be at cost to the taxpayer.

a. Summer Tunnel.

b. East Boston Airport.

c. Port of Boston.

d. Mystic River Bridge.

e. Hanscom Airport.

We'll let's get a few answers.

IF THIS BILL WAS DESIGNED TO HELP THE ORDINARY TAXPAYER, THEN YOUR TRANSPORTATION SYSTEMS, WHY THEN WAS NOT THE M.T.A. INCLUDED IN THIS BILL?

FILL TELL me why, The M.T.A. is not a solvent property. It consistently shows a large and greater deficit every year and the burden of paying for this deficit falls heavier on your shoulders. You and I know that if there had been honesty and your welfare and interest were considered, that the Senate and the House had CURED the M.T.A., the transportation system that you and I rely upon for service to our homes, businesses only wanted the good stuff.

IT'S NOT GOING TO COST THE TAXPAYERS ANYTHING!

How guiltless do your representatives think you are? The taking away of these solvent properties represents a loss of 70 cents on every $100 dollars of valuation of property to every property holder in the State of Massachusetts and particularly the city of Boston, and their children and grandchildren.

This is one of the reasons why your representatives are against Harry L. Silva for Senator, because he's reconciling to you for this deliberate failure to protect your interests.

Vote for Harry L. Silva, has your interests at heart. PRIMARIES TUESDAY, SEPTEMBER 15.
