**KEYNOTE SPEAKER & HONORARY DEGREE RECIPIENT:
DR. KAREN DESALVO**

Dr. Karen DeSalvo, BA '88, HDHL '10, is a nationally recognized health policy leader working at the intersection of medicine, public health and information technology to improve the health of people and their communities.

In December 2019, DeSalvo was appointed Google's first chief health officer, and she has devoted her first year to the COVID-19 pandemic, providing quality information to consumers and partnering with public health authorities to help end the pandemic.

Previously, as New Orleans Health Commissioner, she helped lead the effort to reengineer health care in Louisiana following Hurricane Katrina. She later served as acting assistant secretary for health at the U.S. Department of Health and Human Services during the Obama administration, and as the national coordinator for Health Information Technology.

DeSalvo received a BA in biology and political science from Suffolk University. She earned both MD and MPH degrees from Tulane School of Medicine, where she later served as a professor and vice dean. She also holds a degree in clinical epidemiology from Harvard. In 2010, Suffolk awarded her an honorary doctorate of humane letters.

KEYNOTE SPEAKER & HONORARY DEGREE RECIPIENT: MARTIN (MARTY) BARON

Over the course of his 45-year career in journalism, Marty Baron has worked for and then led some of the nation's top newspapers. During a period of tumultuous change for both the news industry and American democracy, he has emerged as a fierce champion of the free press and fearless investigative reporting.

As executive editor of *The Washington Post* from 2013 until his retirement in February 2021, Baron oversaw a dramatic expansion of the Post's newsroom, its readership and its national and international impact at a time when then-President Donald Trump labeled the press "the enemy of the people." The Post earned 10 Pulitzer Prizes while he was executive editor.

Bostonians know Baron from his 11-year tenure at *The Boston Globe*, which won six Pulitzers under his leadership, including the Public Service award for the *Globe's* investigation into clergy sex abuse in the Catholic Church. His role in that investigation was portrayed in the Academy Award-winning movie *Spotlight*.

In 2019, Suffolk's Ford Hall Forum presented Baron with its First Amendment Award for "his powerful and fearless defense of the First Amendment, and his relentless pursuit of the truth over his storied career."

Born in Tampa, Florida, Baron graduated from Lehigh University. He went on to work as a reporter at *The Miami Herald* and as an editor at both *The Los Angeles Times* and *The New York Times*, before returning to the *Herald* as executive editor in 2000.

HISTORY OF SUFFOLK UNIVERSITY 1906–2021

From its roots in an evening law class with a handful of students, Suffolk University has evolved into a global institution blending traditional and experiential learning with strong ties to partner organizations and mentors in Boston and beyond.

CREATING OPPORTUNITY

From its earliest incarnation, Suffolk University has opened doors to students determined to better their lives through education.

Founder Gleason Archer hailed from rural Maine and worked hard to support his law school aspirations. He was fortunate in meeting a benefactor, George Frost, who paid for Archer's education and asked only that Archer pass his generosity along to others. Archer took this advice to heart and in 1906 began teaching law in his home in the evenings.

COMMITMENT TO DIVERSITY

Suffolk was a school at the forefront of embracing a diverse student population, with Black, Asian, Native American, and women students finding a home here since its earliest days. Celebrating diversity has always been at Suffolk's core, making it the rich institution it is today.

The school now known as the College of Arts & Sciences was founded in 1934. Two years later the predecessor to the Sawyer Business School welcomed its first students. That same year all three schools were incorporated as Suffolk University. In time the University expanded from a night-school format to comprise a range of full- and part-time programs.

A tradition of public service was firmly established in Suffolk University's earliest days. Many alumni have been elected to public office at the state, local, and national levels; some began their terms in office while studying at Suffolk. And Suffolk alumni work diligently on behalf of their fellow citizens in nonprofits, the judiciary, and policy-making positions at every level.

SUFFOLK UNIVERSITY MISSION STATEMENT

At Suffolk University we are driven by the power of education, inclusion, and engagement to change lives and positively impact communities. Committed to excellence, we provide students with experiential and transformational learning opportunities that begin in the center of Boston, reach across the globe, and lead to extraordinary outcomes for our graduates.

THE UNIVERSITY TODAY

Building on the promise of its founding, Suffolk University continues to anticipate and respond to the needs of a diverse student body. Through carefully designed curricula, mentoring, networking, and service learning, the University creates opportunities that help students meet their goals.

Students combine classroom studies with experiential learning opportunities and career-shaping internships at influential institutions, and they forge strong, essential connections with professional mentors. Suffolk students benefit from their close proximity to Boston's top employers, including the key business, health care, biotechnology, and start-up industries that define the city. Partnerships with the Museum of African American History, Boston Public Schools, the judiciary, Habitat for Humanity, and many other entities engage faculty members and students in groundbreaking scholarship and community participation. Upon graduation, Suffolk students are well prepared for success.

INTERNATIONAL EDUCATION

The University's reputation for excellence draws students from across the nation and around the world to its urban campus. Students come from a variety of economic and cultural backgrounds to contribute to and engage in a vibrant campus environment, with programming that enriches not only the academic, but also the social and personal experiences of all students.

In addition, they gain international experience as they study at the University's Madrid campus and take advantage of additional study abroad programs, global travel seminars, and faculty-led study tours.

STRONG ALUMNI NETWORK

When they graduate, Suffolk students join a proud alumni community of more than 85,000 members who span the globe and are innovators and leaders in their fields. These Suffolk alumni are deeply invested in the success of today's graduates.

For 115 years, Suffolk University has been transforming lives through its rich learning environment that positions students for professional and personal success. Those who best know the University realize that its success is driven by its dedicated community—the administrators, faculty and staff members, alumni, and students who create an exceptional academic environment.

ACADEMIC ATTIRE AND SYMBOLS

The academic attire worn during commencement originated at medieval universities. The long black gown, the basic garment of academic attire, was worn for warmth and to conceal food (and sometimes wine) to be consumed between lectures. The hood—the most colorful raiment—was used as a cowl, an alms sack, or to protect the wearer’s wig from the elements.

The color of the hood trimming signifies the wearer’s academic degree, and the hood lining reflects the official color or colors of the college or university conferring the degree. Here are the colors you’ll see at today’s ceremonies:

White—Bachelor of Arts

Yellow—Bachelor or Master of Science

Magenta—Bachelor of Science in Journalism

Kelly Green—Healthcare Administration

Drab Olive—Business Administration, Business Analytics, Accounting, Taxation, or Finance

Peacock Blue—Public Administration

Blue—Master of Education or Certificate of Advanced Graduate Study in Education

Purple—Juris Doctor

Business students inducted into the Beta Gamma Sigma International Honor Society wear a royal blue satin honor stole outlined in gold with the Beta Gamma Sigma key logo. Public administration students inducted into the Pi Alpha Alpha National Honor Society for Public Affairs and Administration wear blue-and-gold cords.

Other colors and patterns of stoles represent Suffolk University’s veteran population and student leadership and cultural groups.

For each school ceremony, an alumni marshal leads the academic procession carrying a mace. The mace originally was a weapon; its ceremonial descendant confers an air of authority on those leading formal pageants. Student marshals also participate in the academic procession and carry smaller versions of the mace.

The Suffolk University seal features the University motto, *Honestas et Diligentia*, or Honesty and Diligence, and the founding year, 1906. The image comprises a standard and torch flanked by single stars, and Beacon Hill is pictured in the background.

A SUFFOLK UNIVERSITY ALMA MATER

Over the cobblestones of Boston,
And down the city's lamp-lit streets,
Over the rivers, bays, and oceans,
We journey here, to learn and teach.

Gladly would we learn,
And gladly would we teach.

Guided by the beacon on our Hill,
And the Archer's starry reach,
From every continent and every shore,
We journey here, to learn and teach.

Gladly do we learn,
And gladly do we teach.

As the road unfolds before us,
And in the hopeful words we speak,
We honor and remember when
We journeyed here, to learn and teach.

Gladly did we learn,
And gladly did we teach.
