As the motorcades approached Washington, D. C., the flow of
traffic was slowed down to a bare crawl. As the motorcade
converged on the city, automobiles lined up on the outside
waiting to join the motor-

The Pilgrims were let out at the Uline Arena, where they
were welcomed by Lucille Black of the NAACP's national office.
They received a cellobioid encased E.D. tag and a Freedom Certifi-
cate for which they paid one dol-

expenses of the Pilgrimage.

The Boston delegates received some

Bos Transport to Lincoln Memorial

The buses took the Pilgrims from the Uline Arena immediately

could see the capitals seated on the steps of the shrine, the min-
ters and the special guests seated behind them.

Specials were made for the cameras, and newswomen cameras were
elevated on platforms for a panorama view of the proceedings.

The Philadelphia Congressman's Choir seated alto, the organist and
pianist left. The President and Mrs. Kennedy were permitted by special
pass to ride up the main steps to where the honored speech was given.

**THE CHEROKEE**

**BOSTON BAKED**

By Mike Koezatz

JIM CURLEY's colorful story, "The Boston Baked," has not only been one of the top Boston headlines but also one of the top stories for the Boston Globe. The Curley story touches the lives of many people who have seen or heard of the early economic and social protests against the Irish led Curley toward becoming an issue of some other open spaces. Seldom have I heard a political figure praised by so many people as Curley has been praised in Boston.

**THE YANKIE stock of New England has made the Yankie as painted by Jim True, there were some Yankies of prejudice (or more accurately, New Englanders) who only saw colored people as house- servants and menial laborers. The early Irish did not have the same job opportunity in and around Boston. Also some Yankies opposed colored entry (or white) to colored labor and service, and other high level jobs. We could write a book about that, too.

**COL. SHAW, the Yankee who died with his colored troops, was in the same generation as the other political leaders, the story of the good soldier who led the 54th Massachusetts Regiment to help the oppressed. American Indians and African-Americans. Neither the colored nor Irish American should allow a vindictive sentiment against the memory of the Yankee jeered by the 54th Massachusetts Regiment.**

**MEMORIAL DAY should receive more tribute to such men as Col. Shaw, Dr. Stowe, William Lloyd Garrison, Josephine B. Storer, Wendell Phillips, the Rev. Theodore Parker, James Russell Lowell, Charles Sumner, William Wells, Brooks, Edward Everett, Rhode Island's Henry Wadsworth Longfellow, W. H. W. Higginson, James Beecher, Roberts, Charles Sumner, Katharine Lee Browne, and numerous other famous Yankies. They are more than "above race, creed, and color."**

Civil Rights Legislation

Democrats join with Republicans to pass civil rights, expanding upon an earlier vote in the South, over increasing vote in the North. Since the civil war, the civil rights have been defined and delimit.

The Administrative Bill is certain to pass the House, but the Senate will have more difficulty. With the Senate, the Senate will be able to delay and certain for the entire period is delayed.

Additionally, he has been forced to drop austerer proceedings against the Republican party. The Northern will vote for the Democratic ticket, and the Democratic ticket will vote for the Republican ticket.

No political observer in his wildest dreams would have predicted what is taking place on Beacon Hill. The Massachusetts Senate and House are very different in nature and function. Not to see the benefit of other Republican tickets and to vote for the Republican ticket in the House and the Senate is a mistake.

Political Bashing

In an effort to discourage a potential candidate for the House of Representatives, the Democratic Party will have to make a decision on the cost of the non-partisan election. The last laugh will be on the people as they will vote for the House of Representatives. The government of the United States has the power and the influence to make certain that the House of Representatives is elected in an honest and fair election.

Many people are so desirous of being out in front and seen that they have not been considered. The Democrats have been considered as a party that cares.

**QUESTIONS AND ANSWERS**

By Henry J. Grubka, District Manager

Send your letters to the Editor of this paper. Social Security has been worked under Social Security from the time it started in 1937 until I retired from Social Security. I have never worked under Social Security. I worked for $30 per month and get $7,900 per month. J. C. Roxbury, Mass.

**ANSWER: The amount of money earned is based on the average monthly wage of the worker, rather than on the length of time he worked. Based on the average monthly wage, the worker would earn the $30 per month, but the monthly wage is based on the amount of money earned.**

**QUESTION: All of my domestic employers are reporting my wages for Social Security, even though I do not work more than one day per week for any of them.**

L. G. Roxbury, Mass.

**ANSWER: Since January 1, 1983, any domestic employer who pays cash wages of $50 or more for one week must report your wages for Social Security purposes. Any wage paid for one day must be reported, even if the day was worked on a part of 24 different days in the quarter.**

**LAW SOCIETY IN SPIRITED MEETING**

The William H. Lewis, Sr., Law Society recently held its regular monthly meeting at the State House, 360 Beacon St., Boston.

The local press was impressed by the meeting, and the LOLA seemed to be the most regular and well-organized society held in the city. Some important items on the agenda were:

1. The resolution by the group of all of its members to support their influence in the legal community in order to support the need.
2. The resolution by the group to support the need for the NALF. The group's drive for $20,000 members and it was further resolved that such support would be on a year-round basis.
3. The society was also invited to participate in the United Nations Ambassadors Program, as an Associate Attorney General, and to be a Chief Whip of the party in opposition and in power. We wish him Godspeed.

Feeling of Security

The good of boxing is not restricted to a professional career alone. It is an art that every young man can learn. Knowing the art of the sport can be a great help in many times in the face of troubles. It is very fine to feel secure with the knowledge that you can protect yourself in case of trouble that may occur. Produces Good Character

The art is also good for things such as quick thinking, self-control, all things that will be the character of a young man's life. Big and the reason you tend to follow the sport, my advice is to strive for quick thinking and action in theopen space of split second. In later years, the same methods that created your speed of wisdom and physical action will aid you in your business, perhaps as a lawyer, executive or accountant.

Many Work Will Pay Off

Remember, when all is in fairness in a contest, you are on your own when you leave your corner. At that moment you must employ the talents you have gained through ardent study and practice. If you have done your best in studying and practicing you will find it easier to reach your goal. A life of night chucking, tiring times and abusing your body will not help you at all. When you as a boxer realize this, the qualities in your earnest endeavors will pay off one hundred percent.

Old Time Stars

The hectic games between the Boston Tigers and the Philadelphia Giants at Ridge Grove brought out some of the great baseball names, such as "Jake" Stevens from Ranchin, Ed Lockhardt, Jim Moore, "Tubby" Johnson, Moe Sisca, Frankie Blake, "Ready" Hillard, "Coody" Cresson, Gus Gaddan, "Bull" Campbell, and other good baseball players.

The two teams competed under the name of the Boston Giants and had many successes as the top team in New England. Carter Playground was the site of many a good baseball contest that had the spectators hanging onto every play. Just imagine Carter Field filled to capacity. The Boston Twilight League was operating at this time, and the leading team was the Boston Tigers with seventeen straight league wins. If you weren't at Carter Field, you would have wondered why you didn't get a seat during any of those games. All of the players were good, and the games during that particular time were class or better, but due to their color were considered TONY DE MARCO

By Vin Haynes

TONIC's meeting with Rosby's last weekend sensation Walter Byars and former world champion Tony DeMarco from the North End should be a war of wars judging from the situations at stake. Byars, who has built himself a reputation as "spiller," will be out to prove that his ability to outclass all of the big name opponents in the past was not a fluke while Tonic wishes to assure all that he is still the power puncher of old.

Never in some time has there been such a team of local fighters drawn such attention and prophesied a sellout for a match in the Garden. But this one is on the verge of being the greatest local attraction concocted in the city for years. Walt a always a favorite of diehard Rosby fans, he has his en trance to the pro ranks following a sensational fight career in the Marines. Recently drew a brave host of fans into his corner with a dynamic victory over Philadelphia's ambitious Ginger (Sour) Hart. DeMarco established a great following with his knock-out route to the title and of late he has been developing a win record which he hopes to lead to his third trip at returning to the top of the division.

For tonight's fight there has been a lot of hullabaloo concerning the tactics of the two contestants. Many DeMarco fans are convinced that Byars will be ducking and running to escape the fierce attacks of the challenger. But the disciples of the Rosby side's actions feel that this is untrue. And Walt will firm their fealty, too. The former Marineitchholder has not been the kind to strike and run away. He proved this against the hard-hitting DeMarco. He simply employed a terrific defense along with his ability to roll out of the reach of his opponent's blows and he punished the Philip Lai with an assortment of blows seen in some time.

THE FACTS

(Continued from page 6) They sometimes lose sight of the fact that in order for any organization or program to be successful much hard work has to be done. Good leaders are only the reflection of hard work by those who follow them.

When an individual makes a contribution of his time and talent to the church, or civic life of the community, in most instances it is not with the intent of "getting anything out of it," but because of a honest desire to be of service, for man basically is lazy. Thus if any of us can help to make our city, our neighborhood, a better place in which to live, let us do so, for we shall pass this way but once.

Salute
A salute this week to Dr. Kaplan, National Chairman of the NAACP Life Membership Committee, for the tremendous contribution that this Boston businesswoman is making to the cause of civil rights. Also a bow to Jackie Belson, who operates the 20th Century Market, a member who occupies important positions to give similar lectures.

Law Society

(Continued from page 6) Extensive question and answer period and Mr. Montgomery seemed to have a commanding knowledge of his duties. The group will call upon others of its members who occupy important positions to give similar lectures.

It is expected that this organization will soon propose a resolution of names of qualified colored attorneys for appointment to a judicial post at its next meeting.

James Howard will give his recital piano recital Sunday evening, May 25, at 8:30 o'clock in Recital Hall at the Boston Conservatory of Music.

PETITIONS FOR 22-MAN COUNCIL

On the initiative of Leon G. Lomax, prominent Ward 9 business, civic, and political leader, there is being circulated in the community a petition for the petitioners for change in form of government of the City of Boston, which may and should be signed especially by all residents of Ward 4, 5, and 12. One of the blanks is available at the Boston CHRONICLE office, 374 Tremont St., for signatures, daily from 9 a.m. to 5 p.m.

The petition must be returned to the Election Commission at City Hall Annex by July 12 in order to have it placed on the ballot in the biennial municipal election on November 3. This is notified by the voters candidates for city council will run in each of Boston's 22 wards rather than on a citywide basis which makes representation in some minority like Negroes virtually impossible.

May 14, the Legislative committee on Municipal Finance at the State House recommended a bill which would replace in 1989 the present nine-member Plan A council after its ten years of existence. If both the House of Representatives and the Senate approve, and Governor Foster Folke sits the bill, the petition will be submitted to the Boston electorate in next year's presidential election. A majority vote would then make the law a statute in 1959.
