Christian Science Services

Recognized as man’s true nature as God’s spiritual image and likeness is a central theme of the lesson-sunrise entitled “Soul and Body” which will be heard in Christian Science services Sunday.

From the King James Version of the Bible will be read the following (II Corinthians 5:17): “For we know that if our earthly house, this tabernacle, be dissolved, we have a building of God, an house not made with hands, eternal in the heavens.

Also bringing out man’s spiritual nature is this passage to be read from “Science and Health with Key to the Scriptures,” by Mary Baker Eddy:

“Rightly understood, instead of possessing a sentiment material form, man has a sensationless body; and God, the Soul of man and of all existence, being perpetual in His own individuality, harmony, and immortality, imparts and perpetuates these qualities in men—through Mind not matter.” (20:30-

P&T Fashion Crown To Student-Model

Saturday, November 22, 1968

NEW YORK — Her own creation of a striking evening gown and convertible cape brings the coveted 1968 Park & Tilford trophy to high-schoold senior Priscilla Jackson as "Miss Brentwood" at the 1968 annual Negro Press Photographers’ Ball. Miss Jackson, 17, was picked from among 50 contestants by a jury of fashion experts and civic leaders at the Renaissance Ballroom here on Halloween Night, October 31.

Shown presenting P & T trophy and extra prize of white watch tie Wednesday, B. Stockton, account executive for the sponsoring dinner house, the company has sponsored the award for the past eight years to "Miss Brentwood," who was crowned "Miss Negro Press Photographers’ Ball" in 1968. She was the best-dressed girl for her formal gown in pale blue fabric and combination cape-overcoat made of the same material with a lining of alabaster white cotton. The model is a senior at Jameson High School in Queens County, New York City, and was the first high school student to win this award after two years of fashion-design study. A part-time professional model, Miss Jackson resides with her family at 114-48 174th Place, Bk. Albion, Queens County.

Now is the time of year
to remember old friendships
And the warmest way to "keep
in touch" with family and friends
for away is by telephone. Nothing
is quite as real . . . quite so friendly
. . . as the sound of your voice.
There's no need to wait for the
actual holidays to call. This is
the holiday season. This time of
year, every day is a good day
to call old friends. Remember, long
distance rates are especially low
every night and on Sundays.

You can call coast-to-coast for $2.00 or less
for the first 3 minutes — station-to-station, nights
and Sundays, excluding federal extra fees.

QUESTIONS AND ANSWERS

July 7, 1968

Q. I understand the changes that are being made in the larger check from Social Security next year. Will I get this increase in 1968?
A. Yes. The increase will be for the month of January, but received February 3. This is because the check received by the beneficiary is always for the month just past.

Q. I applied for disability benefits in 1967, and my claim was disallowed because I did not maintain credit for enough Social Security work days in the three years prior to the date of application. Under the new law? - L. G.
A. Yes. You still need credit for five years of work out of the ten years before the start of your disability, but the law contains for you credit for one and half years for each year before the onset of your disability which has been eliminated under the 1968 Amendments. Therefore, you need only check with your Social Security office to see if this change helps you.

Every state has raised the manufacturing of abortion clinics, and the Great and General Court will lose one of its ablest and most experienced defense of civil liberties and civil rights.

My colleague, George Clarke of the Boston Daily Record, writes a very discerning column, "Around Boston." It ought to be read for the same reason we read a little old lady's column in the newspaper. It has the air of an old-timer who is wise about the world.

A REAL THANKSGIVING

By Columbus Trenton

TURBID TURNOVER was the key issue of the late James Michael Curley, but his recent history was full of love for his fellow human beings and radiated sympathy for the less fortunate. This is why hundreds of thousands answered his call in the 1933 elections, but his deft accounting, a good man with a heart, and a great many of his critics are pissed off. May God grant his soul peace.

At their annual meeting held in Washington, Thursday, November 12, and Tuesday, November 13, the Catholic bishops of the United States, headed by Cardinal Francis J. Spellman, Archbishop of New York, and James Francis Michaylo, Archbishop of Los Angeles, issued a strong statement condemning the compulsory religious segregation imposed by their "all the way with the Catholic Church in the sight of God." The statement was signed by twelve bishops who are members of the administrative board of the National Catholic Council of Churches, and was approved by the U.S. bishops who had been in attendance.

In Cleveland, by unanimous vote of the Bishop of the Methodists, the following resolution was adopted in the United States, in November, 1944, support of the U.S. Supreme Court decision on school segregation. The resolution, signed by all the bishops, was a statement that the church was committed to the cause of segregation. The resolution was a statement that the church was committed to the cause of segregation. The resolution was a statement that the church was committed to the cause of segregation.

WILLIAM SCORSE KATO IN BLACK AND WHITE; BROWN LOSES BY KO

The heavy-weight favorite, Lee Williams, tackled his toughest foe last Monday and following a shaky third of disputed veteran Ollie Wilson in the fourth.

The end which occurred early in the sixth when Williams hammered home a straight right and left hook to drop Wilson on all fours for the full count, was predicted in the fifth. Lee caught Williams with a right hook to the head which Upchurch

PANTHERS, SUPREMOS FLAUNT BLACK AND WHITE

The Roxbury Panthers and the El Supremos eleven clench in the renewal of the traditional Thanksgiving Day football classic at Carter playground.

As is the past in this series, this game will be the rivalry with Supremos, who have done with selecting the favorites of the day by because the losing poster records have often quelled off with an impressive winning record.

Records Diff

On record, though, the newly organized Panthers, who made their first appearance in the park department's varsity league, maintained the more fruitful season of the two teams. Under the tutelage of Jack Crump, they chalked up four wins, two ties and a loss.

The El Supremos squad, a few years experience and pair of park tigers under their belts, suffered greatly in their attempt at City League honors this year. Dropping a heartbreaker in the opener, 23-20, the El Supremos forces earned two victories, a tie and four losses.

Winners

Despite the difference in record, the Panthers look forward to a lot of thrills for the speedy team like Randy Mullins, Sobhy Dekch, for the Panthers, and Rosie Lewis, Joe Dawson, and Harold Day for the El Supremo. Both teams are manned with good material and they're rarin' to go.

Science Museum

Museum of Science members and a group of the museum's junior members are among those being honored by various groups. On Sunday, November 22, in the Museum Auditorium, the program begins at 2:00 P.M.

A special feature will be a simulated trip to the planet Mars, a month which month this month came closer to the earth than it will again for more than a decade.

Using some of his own ingenious illustrations, Dr. Jack Howell of the Education Dept., will give some fascinating facts about "Stars and their Families" during this first meeting of the season.

Some of the questions which will be discussed include: "Is there life on other planets?" and "How fast is it naa?"
