## Credit Union Bandit Suspects Nabbed

At Sheraton Plaza Hotel breakfast tendered by Mayor John B. Hynes to Hon. James V. L. Phillips, Commissioner of Labor, Ghana, West Africa, are (left to right) City Greeter, Rep. John D. Brown of Ward 4; Mr. Phillips; Atty. Mildred E. Dixby of the U. S. Department of State; and Edward D. "Ted" Kennedy, brother of Senator John F. Kennedy of Massachusetts.

### FOR WARD 12

MRS. LILLIAN MYERS ROBINSON, 34 Elmhill ave., Roxbury, has announced her intention to run as a sticker candidate for the Republican nomination for state representative from Ward 12. A teacher in the public schools, Mrs. Robinson is also manager of the Park Dale Rest Home for the Aged. She is a graduate of Florida A&M University and has done further study at Columbia and Boston Universities. For two years she was employed by the U.S. Department of State Foreign Service in New Delhi, India. She also made an extensive study tour throughout Africa, visiting Ethiopia, Kenya, Uganda, Tanganyika, Nyasaland, Mozambique, Southern Rhodesia, Northern Rhodesia, Belgian Congo, French Equatorial Africa, Nigeria, Ghana, Liberia Sierra Leone, and French West Africa. Mrs. Robinson, who is intensely concerned about the general deterioration of Roxbury, states that her primary aim is "to make Roxbury a better community in which to live."

### ROXBURY MAN ROBBED

Early Wednesday morning at Ruggles and Warwick Streets, Charles Fisher, 76, of Columbus Avenue, Roxbury, was attacked and robbed by three hoodlums of a watch, ring, and cash amounting to \$25.25.

By press time Roxbury Crossing police had correlated three suspects in the August 19 holdup of the Boston Progressive Credit Union, 1079 Tremont St. The robbery occurred Tuesday morning at 11 o'clock, when two armed men entered and scooped up the money, fleeing after threatening 3 women employees with death, if they resisted. Less than an hour afterwards the police spotted a car with the registration number which the victims had given, and

arrested a 21 year old Tremont St. man, who led police to the two other suspects.

Police said that they found in the car a silk stocking mask and white cap allegedly worn by one of the bandits.

According to police, the first two suspects admitted their complicity. One said that he drove two companions to the credit union, and the other picked up later, also confessed. Both are 21 years old.

## Senators Uphold Supreme Court

Washington—The long-term prospects of school integration gained a forward impetus last Wednesday when the U.S. Senate, by a 69 to 41 roll call vote, tabled the Butler-Jenner amendment to curb the review powers of the U.S. Supreme Court.

The two Bay State Senators, John F. Kennedy (D) and Leverett R. (R) as well as the two Rhode Island Senators Theodore F. Green (D) and John O. Pastore (D) voted for the motion to table.

As soon as the Jenner-Butler amendment was defeated, Senator Paul H. Douglas (Illinois D) moved that Congress record "its full support and approval of recent historic decisions" pronouncing racial segregation in the public schools as unconstitutional. He declared that his motion was designed to bring out the real issue.

Since various and sundry bills offered to diminish the effects of other Supreme Court decisions were only smoke screens, Thursday night, by a 41 to 40 vote, the Senate rejected a package of legislation aimed at the Supreme Court, which presumably will not come up again this session, since it is in the hands of the Judiciary Committee, whose chairman is Senator James O. Eastland of Mississippi. Adjournment now seems likely.

**Effect on Little Rock**  
In New York, Thurgood Marshall, special counsel for the NAACP, stated Thursday that his

organization would appeal to the Supreme Court Friday to overrule the stay granted to the Little Rock school board by the 8th Circuit Court of Appeals in St. Louis which means that Central High School will open September 2 as an "all-white high school."

Currently in summer recess, the Supreme Court does not plan to convene until October 8. Justice Charles E. Whittaker, however, is in charge of emergency appeals from the 8th Circuit while the court is in recess. He has the power to vacate the stay, uphold it, or refuse to act pending the full court's review of the petition. He can also turn the petition over to Chief Justice Earl Warren who has the authority to call an emergency session of the court.

### NATIONAL ROUNDUP

Cleveland—The 51st annual convention of the National Association for the Advancement of Colored People will be held in St. Paul, Minn., in 1960. The Minneapolis city, where the NAACP Executive Secretary Roy Wilkins grew up, was chosen by the delegates to the Association's 49th annual convention which closed here recently.

The golden anniversary convention will be held in July, 1959, in New York City where the NAACP was begun in 1909. Preparations for the 1959 convention have already been initiated.

## Althea In Fine Form

It was the first set lost by the pair who joined forces last winter and captured five consecutive championships. The defeated duo gained their early triumph 4-6 by mastering Miss Gibson's serve. The champions then buckled down to take the next two sets easily 6-1, 6-2.

Wednesday, Miss Gibano made short work of Shirley Liu and Theodora Bobinsky in less than

thirty minutes, 6-1, 6-1. Faltering in their first set for the first time since their unity as a doubles team, Wimbledon champions Althea Gibson of New York and Maria-Bonita Bassett, classified back in the next two sets to raise Dot Knodel and Lorraine Coghlan Tuesday in the second round of the National Doubles Tennis Championships at Longwood Cricket Club, Brookline, Mass.

### FEDERAL CRIME FOR CHURCH BOMBING

Washington, D. C. — A bill has been introduced in the House of Representatives by Reps. Celler and Keating, both of New York, which would make a federal crime of the actual bombing or attempted bombing of Negro churches, Jewish synagogues, and schools in the south.

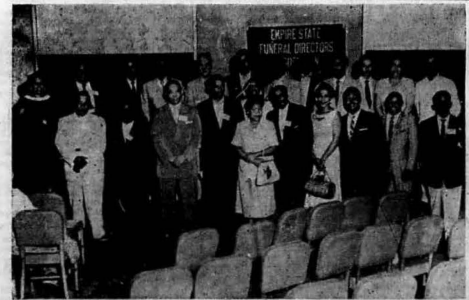

The stipulation under the bill is the Federal Bureau of Investigation would have the authority to undertake an investigation and prosecute the criminals.

### PROMINENT MASON LAID TO REST

Funeral services were held last Tuesday afternoon, in Chiselm Funeral Chapel, for the late late Frank T. Simington, of 813 Tremont St., Boston, who had passed on suddenly Friday, August 15.

Mr. Simington was a 32nd degree Mason, and at the time of his death was secretary of Eureka Lodge, which held Masonic rites for him Monday evening in the

## THE PRESIDENT SPEAKS

Gerald W. Johnson, himself a liberal white Southerner, has tersely stated the most repulsive truth about Little Rock and Governor Orval Eugene Faubus of Arkansas. In the August 18 issue of THE NEW REPUBLIC Mr. Johnson calls for much needed missionaries to the benighted majority in Arkansas. He contends: "Their need is established, not by what happened at Little Rock but by what did not happen . . . What did not happen was an overwhelming popular condemnation of the course of Governor Faubus." On the contrary Faubus gained such a victory at the polls that he has been emboldened to present himself as the foremost spokesman of Dixiecrat reaction in defiance of the fundamental law of the land, and to throw down the gauntlet to the President after the 6 to 1 decision of the Eighth U. S. Circuit of Appeals last Monday had set aside U. S. District Judge Harry J. Lemley's ruling which suspended integration at Central High School to allow for a "cooling off period."

To add insult to injury Governor Faubus contemptuously referred to the Chief Executive of the nation as invoking "the sacred name of the Constitution and the onemagic name of Eisenhower." The President had merely stated the truth, in his Wednesday press conference, about the "solemn duty that all Americans have to comply with the final orders of the court." He reminded Faubus: "Nor should we lose sight of the fact that the maintenance of order to permit compliance with the final orders of the court is the responsibility of each state."

The President's reminder ought to be followed by an executive order Federalizing the Arkansas National Guard, presumably under the command of a regular army officer. We should urge him to issue that order.

## SHE WAS BOUND TO SUCCEED

We cannot all be champions and winners, but God has given to each of us the power to make the most of his or her life in terms of love, service, devotion, and work. That wise counsellor, Dean Howard Thurman of Boston University, has written: "It is quite possible to become obsessed with the idea of making everything and everybody atone for one's predicament (frustration due to lack of achievement)." Such a person reflects defeatism in his or her social behavior, never smiling or praising anybody and begrudging even the smallest success attained by others. Sometimes they have set themselves unrealistic goals. They ought to profit from Miss Althea Gibson's article: "I Wanted to Be Somebody," in the August 23 issue of the Saturday Evening Post.

These celebrities began life with more disadvantages than this great tennis champion who grew up in the Harlem slums. Her determination has carried her to mastery of a major sport and her proficiency has quite literally enabled her to "walk with kings," in the words of Scripture. Her story ought to be read by all American young people of both sexes, for it is an inspiring narrative of an outstanding triumph over adverse circumstances. She had patience, she had fortitude, and so her ability gained the sympathetic attention of public-spirited benefactors, and placed her in the immovable annals of the sport at which she continues to excel. May God grant her length of days and all possible happiness!

## THE FACTS

By Columbus Trench

Most of us lack a sense of history, which we tend to think to begins and ends with us, though the contrary is true. The past moulds our present, which in turn will shape our future. If we lack this sense, we cannot appreciate Governor Foster Furcolo's proclamation of Tuesday, August 26, as "Susan B. Anthony Day," in commemoration of the great leader of the woman's suffrage movement which eventuated in the 20th Amendment to the Federal Constitution.

Alert women voters who pulled out theirs to the polls will pay their best tribute to the memory of Susan B. Anthony and the suffragettes who braved ridicule and worse to secure the right to vote to their sex. Among the alert in Wards 4 and 12 will grow support for the two Negro women who are candidates for the Democratic nomination for state representative (Miss Barbara Thomas in Ward 4) and for the Republican nomination for same office in Ward 12 (Mrs. Lilian Byars Robinson).

On all sides it is agreed that despite the overhanging shadow of international crisis in the Middle East, Negro voters have two issues on which they question candidates for nomination in the September 9 primaries. Those issues are civil rights and the recession. There must be straightforward answers.

Kivie Kaalan, the patent lawyer, manufacturer and philanthropist for the Boston Branch NAACP Building is named, with prominent honor, along with Jackie Robinson, with the first annual Averill Harriman-Eaue Housing Opportunity Award of housing, Chairman of the Massachusetts Committee on Benjamin J. Anderson, former President of Boston's Gloucester Memorial Presbyterian Church, who is now pastor of the inter-racial Wilburcross St. Presbyterian Church, Belmont.

The corporation is the first national firm dedicated to integrating housing economically, and its new firm stock issue has been registered with the Securities and Exchange Commission.

Lawrence C. Howard, Brooklyn, who is the husband of the former Gertrude Elizabeth Fitzgerald, Radcliffe College graduate, has been appointed assistant professor of finance at Brandeis University, Waltham. This Jewish non-sectarian university has maintained a consistent policy

choosing its staff without regard to race, creed, color, or national origin.

**Southern School News**, a publication issued in Nashville, Tenn., by the Southern Education Reporting Service, has disclosed the fact that, since the historic May 27, 1954 decision of the U. S. Supreme Court outlawing school segregation, 196 laws have been enacted by eleven Southern states to keep racial segregation in the public schools. This year the states adopted 21 of these laws. They were Georgia, Louisiana, Mississippi, South Carolina, and Virginia, which already had abundant Jim-Crow statutes.

Here are the figures for new registrants qualified to vote in the September 9 primaries: 644 in Ward 9; and 705, Ward 12.

Candidates for state offices and congress ought to strive to see that all of these new voters cast their ballots.

Lamentable is the passing of the second Earl Baldwin of Bewdley on August 10, in the 50th year of his age. Son of British Prime Minister, Stanley Baldwin, the Earl served as Governor of the Leeward Islands from 1948 to 1950 and won the affection and esteem of all West Indians because of his humanitarian deeds and sympathy for their aspirations which have been realized in the establishment of the Federation of the West Indies. Lord Baldwin championed labor organization, and paid for the schooling of children in Antigua, for example, out of his own pocket.

## QUESTIONS AND ANSWERS

By Gerald J. Murphy, District  
Manager 90 Warren St., Roxbury  
(Please send your question to the  
Editor of this paper.)

O. I am actually 68 years old but put my age back ten years when applying for my Social Security card. Will I have to wait or is there something I can do to correct this now? I would like to retire and collect my Social Security this year. There is no public record of my birth—I. W. Roxbury, Mass.

A. The Social Security Administration will accept any convincing proof of your current age such as a school record, insurance policy, marriage record, Baptismal certificate, Family Bible, military record, etc. You should check at your Roxbury Social Security office at once to see what can be done.

Q. My husband is retired and gets \$88.56 per month from Social Security. I will be 62 years old in November this year. I was told that I can collect them without waiting until I am 65 years old. If true, how much would I get? —M. G., Roxbury, Mass.

A. You would get \$40.56 per month.

### Rep. Curtis Says:

Washington.—The summit is "disappeared in the clouds," said India's Prime Minister Jawahar Lal Nehru. Mr. Khrushchev first accepted the idea of the Summit Conference within the framework of the Security Council but then changed his mind. There was a hurried conference in China with Mao Tse-tung, who undoubtedly did not like the idea of his Mr. Khrushchev sit in the Security Council with Premier Chiang Kai-shek representing Free China, a permanent member of the Security Council.

So the problem of the Middle East is again before the General Assembly where it was when a marines landed in Lebanon. The United States then expressed willingness to withdraw as soon as the United Nations could take positive action, but resolutions of the General Assembly lacking such action were vetoed by the Soviet Union.

In his news conference last week President Eisenhower said that in the General Assembly "Our major effort would be, first of all to show that we had a common spirit of the United Nations and from there to call all our energies on combined action to help the people of the area."

The session opened with a concern over Russian Sputniks, closed with satisfaction over American achievement equanimous — the success of our nuclear submarine!

I close with sincere thanks to readers who have been kind enough to express their appreciation of my newsletter and to pay which have published them.

# Church News - Events of the Week

**Korea Seventh-day Adventist**  
712 Shawmut Av., Boston, Mass.  
Ed. Toddson Wilson, Sr., Pastor

The Church's Responsibility for a well-balanced education for its youth was given special attention at Saturday, August 16.

In giving his special "Educational Day Address," Elder Wilson pointed out that "the business of educating its youth occupies well over one fourth of the denomination's attention." Of some 45,000 personnel employed by the denomination, approximately 12,000 are teachers either in elementary schools, academies or colleges operated by the denomination. Other interests are medical (which is also of an educational nature), evangelistic and welfare, and publishing.

Adventist schools like that operated in Boston provide much the same curriculum as public schools with the exception of some Bible subjects. Fought, which, of course, is not permissible in publicly supported schools. The church considers its investment in private education essential to a well-rounded development of the mental, physical, and spiritual personality of its youth. There are two teachers in the school, and last year there was an enrollment of 32 students. It is of special interest to note that the percentage of Adventist young people continuing education through college is much higher than average.

There are 4,950 schools opera-

**Christian Science Services**  
How selfishness is overcome through the acknowledgment and understanding of God as the only Mind is a topic to be dealt with at Christian Science services Sunday.

Among the Bible passages to be read in the Lesson-Sermon on "Mind" is this admonition of Paul: "Let nothing be done through strife or vainglory, but in lowliness of mind let each esteem other better than themselves. Look not every man on his own things, but every man also on the things of others. Let this mind be in you, which was also in Christ Jesus" (Philippians 2:3-5).

Also pointing out the way to overcome selfishness are correlative passages from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, in which she says: "When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded."

## ABOUT PEOPLE

Simon Broderick, a Librarian student, became acquainted with Mrs. Eleanor G. Chandler of 336 Concord Ave., Cambridge, at the Librarian Independence Day celebration July 26 in Washington at the residence of Ambassador George A. Padmore. Now here to study business administration at Boston University for three years, Mr. Broderick was introduced by Mrs. Chandler to Mrs. Estella L. Crosby, 11 Greenwich pk., Boston, in whose home he is domiciled.

Mr. Broderick gives interesting information about Liberia from her founding in 1820 up to the present. Now in her 111th year of independence, the West African Republic has made exceptional strides during the past fifteen years under the leadership of President William V. S. Tubman.

Congressman Edward F. Boland of Springfield has urged the election of City Councillor Edward J. McCormack, Jr., official Democratic candidate for Attorney-General, whom political observers

predict will win the September 9 primaries. Councillor McCormack is a graduate of the U. S. Naval Academy at Annapolis and of the Boston University Law School. He excelled in his studies at both institutions. He is in his third successive term as a Bos City Councillor.

Robert B. Russell received his trophy from the hands of Elmer O. Nelson, Republican candidate for Lieutenant Governor, as William E. Carter Playground last Sunday afternoon, for a reason which had nothing to do with politics. Mr. Nelson had played with the Blackstone Valley League of Milford County against our Bob's old team, the Boston Tigers. Standing a foot and a half high, the trophy depicts a pitcher, and its inscription reads: "O Robert B. Russell for outstanding contributions from 1914 to 1958 to New England's Negro baseball!"

The Champion's Victory

At Los Angeles Monday, Aug. 18, Floyd Patterson won after a fashion, retaining his title as heavyweight boxing champion of the world. At least he carries that name, and we cannot altogether accept it or deny it.

Patterson was picked out to be used as the guinea pig for the outfit that handles him. In other words, that bunch is only trying to put the IBC out of business. We all know that the boxing business is "dog-eat-dog," but doing this is not helping Patterson.

The so-called champion is a poor drawing card because he is not fighting the best men in the heavyweight class (it is not altogether his fault). It is just bad management of the handlers.

**Defends Title**  
Friends, I can remember when a champion defended his title only once a year but went touring the country in exhibition fights, making appearances in theatres, amassing money, and making themselves a drawing card. However, Patterson is not fighting amateur boys and stumble bums, ruining his reputation as a world champion, and not making any money, such as a champion should in these modern times. He is apt to end behind the eight ball. There should be a law against such a thing, since a fighter's business is fighting.

Rated Fifth

Roy Harris is rated fifth, and he was permitted to jump over four classes to meet Patterson, virtually gyping good fighters out of their opportunities and the fight fans out of their hard-earned shekels. Yet the Boxing Commissioner okayed such an act. We wonder why the sport of boxing is dying in the hearts of the fans. What makes the sport small so bad in the heavyweight division is that every time when Floyd is sent to the canvas by a novice it proves that Patterson would be a good sparring partner for Moore.

## BROWN CAPTURES N. E. MILE FROM BARRY ALLISON

Sgt Jackson Brown belted his stubborn foe to the canvas in the 10th stanza to gain a split decision win over defending New England middleweight champion Barry Allison at Norwood Arena recently taking over the reign before a scant crowd.

It was a bruising contest with each fighter pouring out his work from the start, contrary to their usual reputed slow beginnings. Both remained undaunted throughout the fray until the 10th when Brown, who entered as the underdog, scored solidly with his left and right hand combinations.

The hard right to the head sent Allison to the floor for the count, and Brown's flurry kept the Springfield crowd on their feet for the rest of the round. Brown earned a vote 95-94 from referee Jimmy McCarron, and 96-95 from Judge John Morton while Judge John Savko favored Allison 97-94.

BOXERS FART ON DRAW

Ray Rogers, the "King of the Cornbrows" is reputed to be one of the fastest western boxers with a quiver to his bulldog on the TV screen. The fast drawing, smooth looping counter-puncher with his wife and co-star, Duke Erwin—will appear September 14-20 at the Boston State Exposition in West Springfield, Mass. They'll head on all the events where they will on eleven performances in the 4,000 seat Exposition Coliseum.

## Cricket News

Continued from last week

After Patterson was dismissed at 107 runs on a beautiful catch G. Callender took up the slack by scoring 23 runs before being run-out.

High scores for U.A.A. were Capt. J. Phillips 107, G. Callender 23, Worrell 8 and Barrett 8. Capt. Phillips declared his innings closed at 273 runs for 9 Wickets.

For Melbourne Francis took 3 wickets and Rudder 3. After intermission C. Walker and F. Waterman opened for Melbourne and Waterman was dismissed early, for a small score. D. Griffith joined Walker in thrilling the fans with their exciting outplay and defensive plays.

Griffith was caught for 34 and Walker was run out for 30. Others high scores for Melbourne were Payne 18 not out and Rudder 10 not out. When the game was called, during the time New York had scored 113 runs for 3 Wickets thus gaining a draw.

After the visitors had showed and changed, they were taken to the Dunbar club where they were wine and dined. U.A.A. will meet Hartford Sunday August 17, at Hartford in a game that will decide the Mass. League, champions.

# Hartford Clinches 1958 Cricket Crown

The Hartford C. C. put up a gallant closing stand to capture the 1958 Mass. State League Cricket Championship over the visiting U.A.A. team at Hartford. The visitors were elected to bat and the visitors went to the field.

Spain Hurt Game

After nearly routing the Hartford team, the U.A.A. smooth performance was disrupted by petty spats and poor department. We have to remind the Boston players that the game of cricket is still a gentleman's game. We also would remind them of the adage, "For want of a nail a shoe was lost, for want of a shoe a horse was lost." Thus for the presence of rowdism and for the need of good conduct the game was lost. This action is not to be tolerated by the cricket followers.

Hartford earned 40 runs for 9 wickets, but the last 5 runs, Neil and Blake carried the score to 72. U.A.A. forewent an easy victory ahead as Capt. J. Phillips and Meehan settled down. The score

## PATTERSON EAGER FOR MORE ACTION AFTER HIS WIN

After getting up from an early three count knockdown and battering his foe to the canvas for a 13 round knockout victory, heavyweight champion Floyd Patterson expressed need for more action.

"I want to get busy now," said Patterson following his smashing beating he administered to challenger Roy Harris of Cut and shoot, Texas. The champion believed the coming home of their first fight was a constant action caused him to fight slowly without his usual sharpness.

During his third defense of the crown, Mr. Patterson, 32 years ago, Patterson went to the ring for a three-count in the second round the State of Texas visualized the coming home of their first heavyweight champion since Jack Johnson. But Floyd got up to out-punch the courageous challenger who had never been defeated in his 22 pro scraps.

Patterson took on semblance of former king Ez Charles as he heaved Harris into a blood-soaked ring. The Texan was game and strong, though. Patterson sent his foe to the canvas in the seventh for the first of four knockdowns. Twice he had Harris down in the eighth and again in the twelfth to split the finish of he bout.

Anxious to get into the swing of things, the champion is planning to campaign in England next month. In the meanwhile West coast promoters are trying to arrange an October date for Patterson. The bout with Harris set a new Coast gate record of \$234, 185.

Jack Crumpp's Bruins began their basketball drill late last week and hope to be in keen shape for exhibitions early in the fall.

The El Supremos grid Squad also began their practice a fortnight ago with focused on the City League title that has been the Eagles so many seasons in the past. A handful of the Maroon and Gold alumni are now with the 1957 Varsity champs and hope to get in on the triumph at last.

Everyone has been receiving a great kick from Pop's astounding comeback march, and enjoys every moment of his fighting display. On the way to join Althea Gibson in the land of pioneering is 15 years Arthur Ashe of Lynchburg, Va., who recently upset seeded No. 2 Butch Newman in

for four wickets was 60, but the Hartford bowlers took charge of the situation and got the other six wickets for 6 runs to defeat the UAA 75-66.

Phillips Top Scorer

J. Phillips of the UAA was his team's only player to reach double figures in runs—40 runs. D. Meehan, D. Phillips and D. Pilgrim also batted well for UAA but their efforts were in vain. All of the Hartford bowlers were very effective.

The Mass State League and the followers of cricket extend their congratulations to the new champions, the Hartford C. C. and to their captain, Mr. Eliot.

N. Y. Team Here Today

Cricket action takes place this Saturday, August 23, when the Melbourne C. C. will meet the Empire C. C. of New York at Franklin Field.

## SCRIBE NARROWLY ESCAPED DEATH

Conrad Clark, former reporter for this newspaper and former World War II correspondent, narrowly escaped death in the fatal crash of the Northeast Airlines Convair at Nantucket over the past weekend. Friday night Mr. Clark, a public information NCO with the USAF in Germany, who had just returned in July, called the airlines for reservations to Nantucket, and was told that the USAF did not have available at that time. He later made reservations with American Airlines for Boston flight, scheduled to leave at 11:30 p.m. He did not arrive until a half hour later, owing to weather conditions.

On arriving in Boston that morning, Mr. Clark learned of the crash of the Northeast Airlines at Nantucket he was slated to have taken from New York. The "Convair" crashed into a growth of scrub pine as it attempted an instrument landing at the vacation island airport, with a toll of 23 dead, including Gen. W. D. Dean, former chairman of the Atomic Energy Commission and Harvey Schwann, prominent New York City lawyer, as well as crew members and the stewards.

—The Western Junior and Boys tennis in Illinois.

Cambridge's Ed Collymore continues to be the sparkling anchor for the U. S. relay forces on tour in Europe. The 1952 U.S.-Hungary-Czechoslovakia meet, Ed's blazing anchor gave the U. S. "A" team a finish of 39.8 seconds for the 400 meter relay with the "B" team and Hungary quartets in pursuit.

Ed clinched a third place finish in the 100 meter sprint, which was based on time in two sections, while Ira Murchison and Ira Davis of the American squad were the deadlock winners. Murchison barely tipped Ed for the sprint honors in the U. S.-Greece dual last week for a 10.4 second 100 meter victory.

Ernie Banks of the Chicago Cubs appeared to be headed toward at least 2 crowns, and perhaps the triple honors this year displaying a tremendous comeback from last season's bad spell. The Cub's lean shortstop, now batting .308, has 34 homers and 96 runs batted in.

In addition to tri-sport ace Ros Baker, who returns as a sophomore, Delaware State will also gain the prowess of basketball and cross country star, Dave Jovner and grid and hockey star Bob Fortune. The latter two should be in time for DSC's re-building of the football team this fall.
