Object to Operation

The meeting of the Roxbury Civic Club last night was attended by about 50 persons, including several members of the club who were objecting to the sterilization of colored persons. The meeting was called to order by President Dr. Wright, who read a telegram from Governor Francis W. Parker, in which he said that he was unable to attend the meeting due to a prior engagement.

The question of sterilization was discussed at length, with many members expressing strong objections to the practice. Some members argued that sterilization was a form of eugenics, but others felt that it was a necessary means of controlling the birth rates of the colored population.

The meeting adjourned with the understanding that a committee would be appointed to study the question further and report to the club in the near future.

100 AMAZING FACTS ABOUT THE NEGRO

You KNOW:

That in New York City white people are more
illiterate than Negroes.

That for every person who reaches the
age of a hundred there are twenty Negroes.

That the Negro was the first to use coffee.

That the American Negro is more
asian-like than Negro civilization older than
Europe or Egypt.

That when the Negro ruled the world the
Devil was depicted white.

And these 100 other proved facts about the Negro
in all ages and all lands together with a large
picture of his use in Ethiopia for

TEN CENTS (no stamps). Postage 3c in stamps.

Writm J. A. ROGERS, 3223 Seventh Ave., N. Y. C.
THE BOSTON CHRONICLE appeals to every Negro voter in Boston and the Commonwealth to present the leaders of both major political parties the following program as a fair and impartial consideration for the bulk of their votes in the November election and their continued support.

1. That Mr. Fulton be appointed as a Probation Officer of the Boston Court at once.
2. That Attorney General Faunce place a Negro on his staff immediately.
3. That Attorney General Warner drop the bars and add a Negro lawyer to his office staff at once.

The promise and this alone should be the principal basis upon which every Negro vote should be based.

Please order your ballot for the major party that acts best and most extensively in these matters.

PLEDGE YOURSELF AND VOTE NOV. 6 ACCORDINGLY.

Boston Chronicle and PLEDGE

GIVE ATTORNEY GENERAL WARNER A REST!

There are many people who think Attorney General Warner is doing his best for the Negro. We agree with them, but we think he has not done his best yet. We think he could do much more if he were not afraid of offending his political allies. We would like to see him act more boldly and aggressively.

J. A. ROGERS
