URGE INCREASED FINE FOR DISCRIMINATION

In the case of a Negro woman who was required to pay a fine of $25 for the murder of a white woman, the court has again shown its prejudice toward the Negro.

The court has shown its prejudice toward the Negro in the sense that the fine is much higher than it would have been for the murder of a white woman. The court has shown its prejudice toward the Negro in the sense that the fine is much higher than it would have been for the murder of a white woman. WHO SAYS BASKETBALL IS ON THE WANE AMONG "SCHOOLBOYS?"

BOSTON'S SPORTLIGHT

"What's In Sports" Arrondes Perry

PICKS ALL STATE HOOP TEAM

"A lot of people say basketball is on the wane among "schoolboys,"" says Arronde Perry, but if you ask him, "you'll get the opposite answer. Basketball is on the up."

The people who say it's on the wane know the game has been made more professional. The money is there, and it's a lot more difficult to win. But the men who are really into basketball know that the game is still alive. They know that the students at Lincoln University are doing a great job of invading the city with crack basketball players.

One such player is Lincoln's Johnson, who recently set a new world record by running the 100-yard dash in 9.8 seconds. His time of 9.8 seconds is one of the fastest in history and is a testament to the incredible physical prowess of basketball players today.

Johnson's record-breaking time was achieved through hard work, dedication, and a strong work ethic. He trained tirelessly, pushing himself to his limits every day. His success is a shining example of what can be achieved through perseverance and determination.

Basketball is far from dead among "schoolboys." It's thriving, and Lincoln University is a prime example of this. The Lincoln basketball team is filled with talented players who are determined to make their mark on the sport.

Despite the challenges of playing basketball at the collegiate level, these players continue to excel. They bring an energy and enthusiasm to the game that is unmatched, and their dedication to their sport is truly inspiring.

The time to abandon basketball is not now. It's time for everyone to recognize the value of this incredible sport and support its continued growth. Let's all get excited about basketball and enjoy the incredible talent that the Lincoln basketball team has to offer.
