Mr. Everett L. Morrison, formerly of 606 Swayne Avenue, opened his new funeral chapel at 611 Massachusetts Avenue on October 9. Mr. Morrison has been in the undertaking business for over 25 years. His chapel is the most modern establishment of its kind in the city and is equipped with the most modern equipment.

On the floor is the chapel with its beautiful mahogany interior, its handsome marbled columns and its tasteful decorations. This is a reflection of the entire line of undertakers and is an example of proper decor and advance space for a chasm.

Undoubtedly the most remarkable feature of the new establishment is the cold storage for the dead. This is the only one of its kind in the city.

The entire atmosphere brings about the serene.

POLITICALLY, we support men and measures, NOT PARTY... when the hour comes when black men will need them as a participant in the benefits and duties of American citizenship; when they will vote for Democratic candidates if they prefer the Democratic party or for Republicans if they prefer the Republican party. In either case, we believe that they should be allowed to cast their ballots for candidates of their choice, without interference or attempt to destroy their political liberties. We believe that the Negro should be free to choose his own method of voting, and that the law should be enforced to protect him in the exercise of his right to vote.

In this connection, very important public statements have been made by European capitalists and statesmen... that the Negro should be allowed to vote... that the Negro should be allowed to participate in the beneficent and dutiful duties of American citizenship.

When the hour comes when the Negro is ready to vote, we believe that the law should be made to enforce his right to vote... that the Negro should be allowed to vote for candidates of his choice... that the Negro should be allowed to participate in the beneficent and dutiful duties of American citizenship.

In this connection, very important public statements have been made by European capitalists and statesmen... that the Negro should be allowed to vote... that the Negro should be allowed to participate in the beneficent and dutiful duties of American citizenship.

CRICKET FIELD

BY SYLVIA CRICKET

CRICKET, THEN AND NOW

The details of Cricket of Long Island are published in several newspapers. In the last two weeks, we have been focusing on those who have never been to the game, but who have been to the game. We have been focusing on the early pioneers who, through their own dedication and hard work, have given us the game that we play today. The game has evolved over the years, and as we look back on its history, we can see how it has changed and grown.

THE ROVER

The star is set, the 12-round New England championship bout is on. The two men who are about to clash in the ring will be Schaaf and Winston. The battle is set for next week, October 20, at the Hotel New York, in New York City.

Racial Net Triumphs

The Negro American league is one of the most exciting and competitive leagues in the country. The Brooklyn Dodgers, one of the strongest teams in the league, are looking to make a strong showing this season. The team has a solid defense and a potent offense, and they are looking to take the league by storm.
