Trustees OK $12m budget for 1978 including $60,000 financial aid increase

By Max Stra
The Board of Trustees last week approved a $12 million operating budget for the fiscal year beginning July 1. Among the highlights of the budget was an increase of $60,000 in financial aid to students.

The budget includes an increase of $100,000 in student aid, reflecting the university's continuing commitment to providing financial assistance to students. The increase in financial aid will be used to support a variety of programs designed to help students meet the cost of tuition, room and board, and other expenses.

In addition to the financial aid increase, the budget includes funding for new academic programs, including a new program in environmental studies and a new program in computer science.

Elias upsets Davis in junior elections; Carroll wins, Chester re-elected president

By Jim Stuck
Sophomore Union President Mark E. Davis could not hang on to his job as President of the Student Union last week. Trustee 1978 President Bruce G. Elias upset Davis in a surprise election to become the first non-senior Union President.

Elias ran a strong campaign, focusing on issues such as improving the student union facilities and making the union more accessible to students. He promised to work closely with the administration to address concerns about the union's financial difficulties.

In the race for Trustee, Chester P. E. Carroll was re-elected to a second term, winning with 30% of the vote. The other candidate was J. Benjamin Spock, who ran a campaign focused on increasing student involvement in university decisions and improving student representation on the Board of Trustees.

The Student Senate also voted to approve a budget of $300,000 for the Student Union, which will be used for a variety of programs and services, including a new student activities fund and a new student government program.

The Suffolk Journal is the official student publication of Suffolk University and provides news and information about the university and its community. It is published weekly, covering events and activities on campus, as well as news and developments in the local community.
editorial

let the stars come out

Even after the presidential election, the stars should come out. They should start shining on the campus. The sun should not hide behind the clouds. The stars should be visible.

The stars are not just the objects in the sky that make up the universe. They are also the people who can make a difference. The stars are the students who can make a difference. The stars are the professors who can make a difference. The stars are the faculty who can make a difference. The stars are the staff who can make a difference. The stars are the administrators who can make a difference. The stars are the alumni who can make a difference. The stars are the donors who can make a difference.

So let the stars come out. Let them shine on the campus. Let them shine on the students. Let them shine on the professors. Let them shine on the faculty. Let them shine on the staff. Let them shine on the administrators. Let them shine on the alumni. Let them shine on the donors.

Dr. Benjamin Spock:
I am not responsible for a generation of brats

In all, the modern generation is different from the last. Whether one chooses to view the differences in manners and morals as good or bad, he must admit that the change has occurred. It is not a question of getting to the root of the problem, but of knowing what needs to be done.

The moral and spiritual education of children should not be left to chance. It is the task of the parents to instill these values in their children. The parents themselves should set an example and show their children how to live a moral and spiritual life.

State rep raps county govt.

In this fall, the House of Representatives passed a bill that would give county governments the power to levy taxes. The bill was opposed by the State Senates, but in the end, the bill was signed into law. The new law will provide county governments with the funds they need to carry out their responsibilities.

No Real Freedom in Africa?

In Africa, the situation is even worse. The majority of the population is still living in poverty. There is a lack of education and basic services. The political situation is also unstable.

The question of how to achieve real freedom in Africa is not an easy one. It is a complex issue that requires a long-term solution. However, the world must work together to support the African people and help them to achieve their goals.

"Something has got to happen."

**Rams' record dips to 1-3 with loss to Clark nine**

By Jane Febalco

When the Rams faced Suffolk College, a four-game losing streak came to an end and the team brought hope to the fans. Coach John Coscarelli had his team's performance improved as they were able to break the losing streak.

To begin with, entering with the least record of 1-3, the Rams anticipated Clark to maintain a record of 1-3. However, there were no promises. There is still no completely sure picture for anyone to foresee the outcome of the game. It could go either way.
Celtics versus Sixers: price versus pride

By Kevin Leman

Price versus pride. I guess that's the key when your opponent is a 51-0 team that seems indestructible, while your team is fighting in the middle of the Western Conference standings, trying to make the playoffs. It couldn't be more different. The Sixers are hot, the Celtics are not. The rest of the league is watching to see if the Sixers can really make a run at this. The Sixers are not only hot, they are unbeatable. And the Celtics are not only cold, they are not even close to being unbeatable. The rest of the league is watching to see if the Sixers can really make a run at this.

And the Celtics are not only cold, they are not even close to being unbeatable. The rest of the league is watching to see if the Sixers can really make a run at this.

Experience, individual efforts defeat netmen. Salem wins 9-0

Celtics turmoil continues as Sixers pull away in 1-0 shutout. Salem's Johnson scores the lone run of the game. Salem's Woodruff pitches a complete game, allowing three runs on eight hits. Salem's hitting is led by Johnson, who goes 2-for-4 with a triple and a single. Salem's defense is solid, committing only one error. Johnson's hit is the only scoring play of the game. Salem's Woodruff pitches a complete game, allowing three runs on eight hits. Salem's hitting is led by Johnson, who goes 2-for-4 with a triple and a single. Hutton and Rudolph; odd introduction to LA

By Bernstein Beulah

Hutton and Rudolph are two of the most glamorous people in town, and the two stars of "Hollywood: A Love Story." They came together in the early 1960s, and are still together today. Their relationship is often compared to that of John and Yoko, but they say that is not true.

The film is set in Hollywood, and it follows the story of Hutton and Rudolph's relationship. It is a romantic comedy, and it is one of the most successful films of the year. The two stars are wonderful, and the supporting cast is also great. The film is a must-see for anyone who loves romantic comedies.

Trite story ruins Rudolph's picture-perfect Welcome

Hollywood is a place where the stars are always in the spotlight. The press is always hounding them, and the paparazzi are always there. It's a place where the stars can be anything they want to be.

But for Hutton and Rudolph, it's a different story. They are not used to the attention, and they are not sure how to deal with it.

The film is about the stars, but it's also about the city. It's about the glitz and glamour of Hollywood, and the people who live there. It's a story of love and ambition, and it's a story of struggle.

The film is a success, and it's a film that people will talk about for a long time to come.
