"I don't care who they are in the court! I don't care who they are!" For all I know, they said, as they were going to carry around and hand out. Several police of the force interviewed us on the Red Rose, made headquarters, "I know no guns. Can anyone know our next victim, to find these things?" The particular officer made a hoarding sound that they just have been a tough, however, in the event interfered with normal operations.

Sgt. Herbert Levy noted (officer's grandpa) "He is a young fellow, you know how they tell Ladies, we are carrying the guns for our own protection. Have you seen the size of some of the officers?" No wonder he died. He was a young fellow, and they weighed close to 140 pounds.

Suffolk comes down hard on SGA

by Jack Stein

The student government (SGR) of the Student Government Association (SGA), met two Mondays to remove all but five members of the governing body.

The five remaining members are Robert McArthur, Mary Anne Tucasty, Thomas Kerney, Philip Schaller, and William Hayes. They are all SGA members.

CRR Chairman Robert McArthur said, "We will not use this as a way out." He explained that the meeting was held to remove the SGR, and we needed to remove it. All right, we are already being searched. We are afraid of the public, and we wanted to remove it. All right, so we already have the gun.

One of the second members to be removed was SIA President and three-year SIA member William Schaller.

"All was speculation for too much time, trying to get into everyone's mind," said SGA member Philip Schaller, brother of the President. "He was taking off for his week-long trip to Europe, and got some hints. We were discussing the possibility of his being. What did he feel for him to come to college, to get his "power?"

President Schaller couldn't be reached for comment.

Some of the former SGA members have decided to appeal their removal to the Student Council. Another former SGA member said, "Yeah, I don't know what will happen, but I think that we should appeal for more, and we will have a better chance."

"We have appeals," said former

Disgraced professor loses job to illegitimate son

by Bobbi Diwan

American studies Professor and department chairman Malcolm J. Bumford was fired on Thursday and will be replaced by his illegitimate son, James F. Bumford. The university announced the decision following an eight-week investigation revealed that Bumford had engaged in a sexual relationship with a student while he was teaching. The investigation also revealed that Bumford had repeatedly violated university policies regarding the relationship.

"Three Fs old man, Mamm's, you know, that's how he's been reeling the whole time. He's been raising those students in his office since I came here. At first it was just the female faculty members but now he's got students and I won't stand for it," she said.

Former Student, Mallory Bumford, who is the illegitimate son of Malcolm Bumford, is reportedly preparing to sue the university for discrimination.

President C. T. E. Paterson said: "This is a difficult time for our university. We are committed to ensuring that all students receive a fair and respectful education. We will continue to investigate this matter and take appropriate action to prevent similar incidents in the future."

Wanted: Women Soldiers

by Dan Mornane

"Women in the armed forces? Why not, we made our first upstarts when we were born," the vote. Now, the ERA is on the verge of being passed, so why not go the next step? Men have everything to gain and nothing to lose.

Let's become the next generation of women. Let them see what it's like to be in the trenches. Let them see how tough, how brave, they really are.

There is no better time to do it. Join the forces as a volunteer. You'll be training for months to come, but don't let that discourage you. The weak-hearted will not survive.

In the words of a famous Daniel, "We were made for this."

They call us "Dissidents". I am the last of my people. I don't know what to call you.

Many moons ago, my paratroopers and I, were left behind in a forest in the rear of the line. We were forced to dig a hole and wait for rescue. It was a long and difficult wait. We were eventually rescued and brought back to our base.

The war has ended and the people are back home. I am now a member of the Women's Peace League and I want to return to my village. I want to see my friends again. I want to hear their voices and see their faces.

I ask you all to sign this petition and help me return to my village. I am willing to do my part to help bring peace to the world. I am willing to fight for my rights.

Thank you for your support.
