Why ax CAP1?

The controversy against Political Action at S.U. has become an event of continuous since it is beginning. It started with a backlash against CAP1 on campus by allowing CAP1 to be the only chapter for political action on campus. The backlash against CAP1 was due to the fact that CAP1 was perceived as too political and not inclusive enough for all students. The controversy surrounding CAP1 has been ongoing for several years, with both supporters and opponents of the organization vocal about their positions. As the controversy continues, it remains to be seen what the future holds for CAP1 and its role on campus.

of more empirical and less self-sustaining reasons for marriage, on the one hand, and the higher levels of economic
opportunities, on the other. And, yes, I mean this in the sense of economic opportunities as defined by the
media. In other words, the media has a significant influence on the way we perceive economic
opportunities and, consequently, on our decisions about marriage.

Mr. Johnson and Mr. Brown (1970) argue that the media play a crucial role in shaping our perceptions of the
world and our place in it. They point out that the media often present a distorted picture of reality, focusing on
the glamorous aspects of marriage while ignoring the more mundane aspects. This, in turn, can affect our
decisions about marriage, as we may perceive marriage as a more desirable option than it really is.

**CARDS STUCK IN NEUTRAL**

Panama, The Cars Produced by Ron Thomas Barker

"Madness" by Mike Landau

Just as everyone thought the Cars were about to become the most big-budget band since the J. Geils Band, all of a sudden our dreams are shattered by the news that their new album, *Panama*, follows in the wake of songs that were programmed for the new premier platinum successes, *The Cars*, *Lick It Up* (1980), their first off their new album, *Love on the Rocks* (1983). Now another follow-up, especially *Love on the Rocks*, *The Cars*, and *Lick It Up* (1980), have turned out to be a real disappointment. The Cars don't know what to do with their new album, *Panama*, more like a metal, or maybe more like a pop album, on the theme of two extended songs, "Search and Find," and "Come on Back." Their fourth album last month was the first to be released in the United States, but now the Cars sound more like a muck truck.

**The Cars tried to set a new mood, but they only followed the blueprint of their previous two albums.**
Raiders cool off White Heat, 16-14, in flag football opener

The North End Raiders started their first game of the Intramural Flag Football Championship with a 16-14 victory over Mike Heat on Monday, opening game of the league.

The Raiders took charge right from the start and it looked like it would be a walkover. Quarterback Mike Romano hit Sethson with a forty-yard bomb to break the scoring on an 80-yard play. The pair then combined for the two-point conversion to make it 8-0.

However, both teams' two-point conversion failed. The last two were made at the last 10 seconds of the game. The final score of Raiders 36, White Heat 11.

The only rule regarding what can be worn is that no specific colors are allowed. Each flag will also indicate the flag and uniform colors will be provided for each team. Walsh said that changes can be made at team meetings during the first week of play. "Each coach and his team will decide what colors to wear," Walsh said, "but we will not be making head-to-head meetings for the final roster of team members until the first week," he said.

The schedule shows that the teams will be facing off on a regular basis, including a friendly match on the first day of play. Walsh said that he is confident that the teams will be able to handle the pressure of the season.
