**More representation on the Board?**
By John Morris

Suffolk students were able to discuss their ideas with the Board of Directors.

The computer market

By John H. Taylor

The computer market is fast growing and becoming capable of great increases in production. A new company, called 'The Big Company,' has recently developed a new technology that allows it to produce more computers in less time. This new technology will allow 'The Big Company' to become the dominant player in the market.

Students caught gambling in Ridgeway Lounge

by Mark Foster

The campus was in turmoil today when the offices of the student union opened up to find nearly a dozen students had been caught in the midst of an elaborate gambling ring. The investigation began yesterday afternoon when a security guard noticed a large group of students huddled together in the corner of the union. After investigating, he discovered that the group was engaged in a game of craps using a specially designed die and looking for students to participate in the game. The students were shown to be a group of first-year business students from the East Coast. They were later identified as members of the Sigma Chi fraternity. The students were removed from the building and are awaiting further investigation.

A touch of Spain at Suffolk

by Judy Mandolf

Suffolk University held a special event on Tuesday night to celebrate Hispanic week. The event was the Hispanic Luncheon, which was held in the University Center's Alumni Hall. The luncheon was sponsored by the Hispanic Student Organization and was attended by over 200 students.

Blood drive is a success

by Kevin H. Johnson

The blood drive held on Tuesday afternoon was a great success. Over 100 students donated blood, far exceeding the goal of 75 donors.

Carolyn Arenburg named to admissions post

by Judy Mandolf

Suffolk University has named Carolyn Arenburg to the post of Director of Admissions. Arenburg has worked in higher education for over 20 years, most recently as the Director of Admissions at Harvard University. She brings a wealth of experience to the position and is widely respected for her ability to attract top students to the university.

Let us stay in Ridgeway

Praise!!!

Editorial

The new advisor, Dr. Stuart Millner, has brought a fresh perspective to the role. His dedication to the students and his enthusiastic approach to teaching have been warmly received. Students have commented on his engaging lectures and his ability to make complex topics accessible. His presence on campus has rejuvenated the atmosphere, and his contributions have been invaluable. We are grateful for his leadership and look forward to his continued contributions to the academic community. Let us stay in Ridgeway.

WSUB is coming to a television screen near you.

What you should know to get a job in computers

Would Stone and Webster be open to setting up a program of work-study with Suffolk?

"Candidates should know how the equipment works, what uses/applications it can handle, and accounting functions."

Medicine

"The 300 [Os] is testing looking for "guinea pigs." Putting it in a study to see what it'll do to humans, not to benefit us humans. We explained that we didn't understand the program's function."

Banking

"The 300 [Os] is testing looking for "guinea pigs." Putting it in a study to see what it'll do to humans, not to benefit us humans. We explained that we didn't understand the program's function."

Varsity hockey schedule announced

By Marge Heidtke

The schedule for the 1979-80 season was released by the Utica Hockey Tournament Committee recently. It includes games between the local hockey teams and other teams from the surrounding area.

The schedule is as follows:

- **November 11**: Utica vs. Rome
- **November 15**: Utica vs. Herkimer
- **November 18**: Utica vs. Utica Academy
- **November 22**: Utica vs. Oneida
- **November 25**: Utica vs. Mohawk Valley

The tournament will be held at Utica's Armory, and admission is free for all games. The tournament committee is grateful for the support of local businesses and organizations that have helped make the event possible.

What is an athlete? What is an athletic facility?

In the Kitchener

As sports grow in popularity, so do the demands placed on athletes. It is important for athletes to have access to quality facilities that meet their needs. This includes not only places to practice and play, but also resources such as nutrition and training programs.

The demand for athletic facilities is increasing, and schools and communities are working to meet this demand. This includes building new facilities, renovating existing ones, and creating partnerships with local businesses and organizations.

French craft, American style.
