Tuition up $310 next year

By Nancy Rosenberg

Suffolk has increased its undergraduate tuition from $2,300 to $2,610 for the 1991-92 academic year, effective September 1.

Total tuition increases are expected to approach $3,500 before the end of the academic year, according to President Douglas T. Wicker, who presented a budget proposal to the Board of Trustees on Thursday, February 11.

The budget proposal reflects an increased rate of general inflation which included a 5.5 percent increase in electrical costs, a 22.7 percent increase in computer costs, and a 26.2 percent increase in student costs for food and housing. Also included was a 20 percent increase in Social Services costs.

In addition to the undergraduate tuition increases, graduate tuition increases were also approved for the 1991-92 academic year.

The increase for all graduate programs, with the exception of the Master's in Business Administration, will rise from $4,400 to $4,600, a 4.5 percent increase.

According to Assistant President for Administration Joseph Vigliotto, the increase is necessary to cover the overall costs of education and the increasing expenses associated with the university's general services and administrative functions.

Vigliotto said, "This is a very tough year for education, forcing us to seek funds for expenses that have increased whether we wanted them to or not. Cutting something that we don't want to cut is an impossible task."

The increase was also necessary because of the continued increase in operating costs and the added cost of personnel, the administration reported.

The administration will also need to reduce operating costs in the coming year and the proposed budget is, according to Vigliotto, "as tough as we've had to be in so long a time."

"We hope that the Trustees will approve this budget so that we can move forward with the tasks that are before us," said President Wicker.

Wicker said that his administration is committed to the continuing development of the University and that the proposed budget is "absolutely necessary if we are to continue to provide the quality education that we all expect and deserve."
Student leaders address Council

Sutherland appointed to Program Board

The Student Activities Office would like to congratulate Susan Edmonds of Arlington who received the trip to Bermuda on March 14, 21. The winning ticket was chosen Sunday night at the Publick House at the Valentine's Day party held at the Channel

Every night is Saturday night at the Publick House.

At your service, Monday through Friday.
Tuition hike discrepancies

Although the Journal received word that the administration plans to increase tuition rates for 1981-82, the University Insiders did not reveal the exact amount of the hike. However, a University spokesman confirmed that the tuition increase will be reviewed on March 1st and the fee structure will be announced in March.

The increase in tuition rates is expected to be accompanied by an increase in student fees, which will be announced later in the semester. The University Insiders added that the increase in fees will be used to cover the cost of operational expenses and to fund the expansion of academic programs.

Journal pleased with guidelines

The Journal is pleased to announce that it has received guidelines from the Board of Trustees regarding the publication of the Suffolk Journal. These guidelines will ensure that the Journal maintains a high level of accuracy and fairness in its reporting.

The guidelines cover a range of topics, including sourcing, fact-checking, and editorial independence. They emphasize the importance of providing a platform for diverse voices and ensuring that the Journal's content is accessible to all students.

Letters to the editor must be submitted before 5 p.m. on Fridays to make the following issue and must be typed.

The Journal is looking for a new circulation manager.

Although several candidates have expressed interest in the position, the Journal has not yet made a final decision. The new circulation manager will be responsible for overseeing the distribution of the Journal and ensuring that it reaches all students on campus.
Making money working for a machine

By James Macnab

Balanced during work in his factory, a machine operator at a machine shop has become a highly skilled technician. He is in charge of a large assembly line, and he is responsible for maintaining the machines and keeping them in good working order.

Joining together to fight sexual harassment

By Dorothy English

The Atlanta Police are currently investigating a report of sexual harassment involving a machine operator at a large industrial plant. The operator is a male, and the victim is a female employee at the same plant.

Ram basketballers lose two, win one

by Sue Hagen

The women's basketball team was defeated by Mount Holyoke, 75-72, on Friday but rebounded to defeat Brockton, 74-66, on Saturday. The Mount Holyoke loss was the last game in the tournament, and the Brockton victory was the team's only win of the tournament. The team finished the season with a record of 6-12 and 8-0 in the Women's Basketball Conference.

Although it was closing time when the Mount Holyoke game was played, it didn't affect the ballgame. The Mount Holyoke team, led by a player with a stroke, played a strong game and outscored the Ramblers by 17 points in the first half. The Ramblers, led by a player who scored 20 points, came back to win by 13 points in the second half.

The Brockton game was a much closer game, with both teams scoring almost equally. The Ramblers, led by a player who scored 18 points, won by five points in the second half.

The team will continue their season with a game against a tough opponent next week. They will need to improve their defense and increase their offense if they want to have a chance of winning.

Dogs of War shows no mercy

Christopher Walken in Animaliers (screen cap) from the Canadian Film Institute.

By David Mullen

It is fitting that the film Dogs of War, screened locally by the Canadian Film Institute last week, should feature Christopher Walken. He is, after all, the animal of the film, the title role as well.

Walken's performance is, it must be said, something of a departure from his usual roles. He plays a man who, in the course of the film, is shown to be both cruel and8/21/14

Rathskellars’ fate still not known

In the absence of the president, the program board met in the dining room in the Student Union to discuss Rathskellar's fate.

Karen Heslin, a Rathskellar member, and a member of the Program Board, said that Rathskellars' fate is still not known. Rathskellars' fate will be discussed at the next meeting.

She said that Rathskellars' fate will be discussed at the next meeting. Rathskellars' fate will be discussed at the next meeting.

The meeting was adjourned.

People don’t want to be on welfare — Chisholm

By John Galante

Chisholm, a political candidate for president of the Black Student Union, has expressed his support for the idea of welfare reform.

"People don’t want to be on welfare," he explained. "If we had welfare reform, we would not have to worry about how to feed those who are poor people.

Program Board proposes Executive Board change

The Program Board and the Executive Board of the Student Senate met in the Student Union to discuss the possibility of changing the Executive Board.

According to Robert K. Berman, a member of the Program Board, the Executive Board is not as effective as it could be. The Executive Board could be more effective if it had more members.

Berman said that the Executive Board could be more effective if it had more members. The Executive Board could be more effective if it had more members.

Berman's proposal was met with positive reactions, and it was decided to present the proposal to the Student Senate for further discussion.
