Lobbying Committee to handle Reagan cutbacks

By Lisa Russell

A number of lobbying efforts for federal aid are on the way to get underway in the federal government. One such effort is under way in Washington, D.C., where members of the Committee on Agriculture are meeting to discuss the issue of farm aid.

PBC's concert tentatively scheduled

By Greg Brown

The PBC's concert tentatively scheduled for the week of April 15-21 has been postponed due to unspecified circumstances. The event was originally scheduled for the month of April, but the postponement was necessary for logistical reasons.

April Fool's Day celebration at Jack and Jill's

by Diane Allen

April Fool's Day celebration at Jack and Jill's will be on April 1. The tradition of April Fool's Day comes from the idea of "fooling" or pranking others on a specific date. The day is typically associated with pranks and tricks, and it is a time for people to play tricks on each other.

The celebration at Jack and Jill's will include a variety of activities, such as bobbing for apples, a pie-eating contest, and a costume contest. There will also be a special guest appearance by the Easter Bunny, who will be available for photos and autographs. The event will be open to the public, and everyone is welcome to attend.

In addition to the fun activities, there will also be a variety of food and drinks available for purchase, including hot dogs, hamburgers, and soft drinks. The event will run from 10 a.m. to 3 p.m., and there is no admission fee.

So come out on April 1 to Jack and Jill's and have some fun with your friends and family. It's sure to be a day filled with laughter and smiles. For more information, please call Jack and Jill's at (555) 123-4567.
Over 50 banks will not participate in the loan program if these regulations are implemented, because the financial incentives will be eliminated.

Social Security Benefits

The Reagan Administration has proposed the elimination of Social Security benefits for college students. The proposal calls for phasing out Social Security benefits by not allowing new students to enter the program after August 1. Students now receiving payments would have their benefits reduced by 25% annually until the age of 22 when they would no longer be eligible.

The Executive Director of the National Association of Student Financial Aid Administrators (NASFAA), Dallas Martin, has said that the real impact of the proposed cuts affects more than the students being served and the viability of the programs which are being reduced. The totality of these reductions will impact negatively upon the quality of life in America for millions of our citizens.

The Office of Financial Aid concurs with these remarks. We are extremely concerned about the effect of these major reductions on the students of Suffolk University. Our ability to serve and assist needy students is in jeopardy. It is imperative that all students write to their senators and congressmen today and urge them not to approve these reductions in student financial aid programs. Sample letters are available in the Office of Financial Aid - CRP 3.

### A MESSAGE FROM THE OFFICE OF FINANCIAL AID

National Direct Student Loan (NDSL) Program

The 1981-82 level of funding for this program has been cut by 40% statewide. Generally, all universities/colleges in the Commonwealth of Massachusetts have received the same dramatic cut due to a reduction in statewide funding. This means fewer and smaller NDSL loans will be awarded for the 1981-1982 year.

Basic Educational Opportunity Grant (BEOG) Program

President Reagan has frozen the awarding of BEOG grants for 1981-82 until his budget reductions are accepted and approved by Congress.

What does this mean for you? Student Eligibility Reports (SIR) will not be sent out to you until June at the earliest. Moreover, if Reagan's plan is accepted, Basic Grant awards will be reduced. The average reduction will be 20% to 30% of the student's need. Middle income families will be the most affected. 30% from middle income families as the federal government will expect larger parental contributions toward their children's education.

Guaranteed Student Loan (GSLP) Program

Over 50% of the students at Suffolk University have received GSLP under this program during the past year. The federal government now proposes to amend the GSLP program by eliminating the in-school interest subsidy and eliminating the federal special allowance for lenders. Also students will have to demonstrate financial need in order to receive a loan. These changes will reduce the number of eligible students.

A spokesman for the banking industry has stated that many banks will not participate in the loan program if these regulations are implemented, because the financial incentives will be eliminated.

Social Security Benefits

The Reagan Administration has proposed the elimination of Social Security benefits for college students. The proposal calls for phasing out Social Security benefits by not allowing new students to enter the program after August 1. Students now receiving payments would have their benefits reduced by 25% annually until the age of 22 when they would no longer be eligible.

The Executive Director of the National Association of Student Financial Aid Administrators (NASFAA), Dallas Martin, has said that the real impact of the proposed cuts affects more than the students being served and the viability of the programs which are being reduced. The totality of these reductions will impact negatively upon the quality of life in America for millions of our citizens.

The Office of Financial Aid concurs with these remarks. We are extremely concerned about the effect of these major reductions on the students of Suffolk University. Our ability to serve and assist needy students is in jeopardy. It is imperative that all students write to their senators and congressmen today and urge them not to approve these reductions in student financial aid programs.
