Power outage cancels classes
by Mike DiMatteo
A power outage cancelled classes for students in the Art Department.

"I was in the Art Department at the time of the outage," said Department Chairperson Dr. John Clay. "We were briefly interrupted by the outage, but it was quickly resolved and classes resumed as usual."
Student Theatre Production Class presents

Tuition increase: It could be worse

While the increase in tuition may be painful for many students, it is not as painful as some other increases that have occurred in other institutions.

In addition, the increase in tuition will also benefit the students. The money will be used to improve the facilities and services offered by the university.

Regardless, students should be prepared for the increase and plan accordingly.

Nuclear war: a threat?

Commentary

It is clear that nuclear war is a real threat. The world is becoming more unstable, and the risk of a nuclear war is increasing.

Students of history should be aware of the dangers of nuclear war and take steps to ensure their safety.

LETTERS

Basketball congrats

Editor:

In gratitude to President Margaret B. O'Neill, the Suffolk Journal wants to express our appreciation for the wonderful job she has done in leading the university.

Under her leadership, the Suffolk Journal has become a respected source of news and information for the students.

We are proud to be a part of this community and look forward to continuing to provide quality content for our readers.

RAPID TRANSIT

Passage of House bill would cut student fare in half

Editorial:

The passage of the bill to cut student fares on public transportation is a positive step forward.

Students deserve to have access to affordable transportation, and this bill will help make that possible.

Let's hope that the bill becomes law and that students can benefit from this important change.

ARTS & ENTERTAINMENT

The Cars: not exciting but efficient

by Kevin Cars

The Cars, a band that combines pop, rock, and dance music, has a different sound for each of their albums. They have released several albums, but the one that stands out is their latest album, "Firesign," which was released in 1984.

In this album, the Cars have a unique sound that combines elements of pop and rock. The band's sound is characterized by their use of synthesizers and electronic instruments, which add a unique touch to their music. The lyrics of the songs are also well-written and thought-provoking, making the album a must-listen for fans of the genre.

The Cars have been around for several years, and their music has influenced many other bands in the industry. Their sound is unique and has a distinct style that sets them apart from other bands.

In conclusion, "Firesign" is a unique album that combines elements of pop and rock. The Cars' unique sound and well-written lyrics make this album a must-listen for fans of the genre. Their music has influenced many other bands, and they are considered one of the most successful bands of the 1980s.

Baseball off to a good start—

Rams slaughter Curry 16-4 in season opener

By John Abadi

SPOrts

Run for Jimmy

The State James Smith in Putnam News offered a $50 for each serie of three numbers. April 29 at 3:00.

Reflect Radiation Laboratory will start the lighting ceremony. For details see the lights schedule. April 30 at 9:00.

Jubilant Rams we quite satisfied with their performance in yesterday match. Although Jimmy lost nine to Suffolk's south.

 meny walk to the southwest. Taken to the right instead of the goal, they go to the right towards the Curry goal. The Rams failed the other attempt.

After the game Jimmy brought home the trophy. Jimmy lost 9-1 to Suffolk's south.
