Students turning to cheaper colleges

YEARY COLLEGE COSTS SINCE 1974

NEW ORLEANS:(yr 0) - The cost of going to college, including tuition, room, board, books, supplies, and transportation, has jumped by as much as 2 percent to $3,000, or more than the average annual income of a two-parent household. Although annual and percentage increases were up sharply last year, the average increase in tuition and fees has slowed from 9.1 percent in 1980 to 3.3 percent in 1981.

The average cost of public four-year colleges increased by 5.8 percent last year, compared with 7.7 percent in 1980. The average cost of private four-year colleges increased by 7.7 percent last year, compared with 8.4 percent in 1980. The average cost of community colleges increased by 7.1 percent last year, compared with 8.5 percent in 1980.

The average cost of private four-year colleges increased by 7.7 percent last year, compared with 8.4 percent in 1980. Two officers added to force

- Deborah Caplan

Two officers have been added to the Suffolk University Police Department. Officer Edward Fournet and Officer Adele L. Brumfield have been sworn in by Suffolk Police Chief Louis D. Williams.

Rookie policeman

According to Officer Fournet, the job and the people are great. "Officer Brumfield and I are very excited to be part of the Suffolk Police Department. We look forward to working with the community and providing a safe environment for everyone."

In Brief

Elevator sticks again

Several students are eager to participate in GLAMOUR Magazines' 1982 Teen College Women Competition. Young women from colleges and universities throughout the state will compete in GLAMOUR's search for two outstanding students. A panel of GLAMOUR editors will select the women on the basis of their outstanding achievements in academic studies and their outstanding qualities as students or on the community.

Are you a 10?

Letters to the Editor are welcome. Letters should be 250 words or less. Letters should be signed and include phone number.

Video games are everywhere. Including the Cookie Stacks on Cambridge St.

Video games are a computerized controversy.

by Polly Marie Reuter

September 17, 1982, Suffolk Journal, Page 9

If you ask the average high school student what is the biggest influence of the past five years on the American way of life, you will probably get the answer, computer games. Video games have become a central part of American life. In fact, they have surpassed movies as the number one leisure activity for young people.

According to a recent survey, 75% of all high school students own at least one video game console. And 80% of those students say that they spend more time playing video games than they do watching TV.

The popularity of video games is due to their affordability and accessibility. Video games can be played anywhere, anytime, and by anyone. They are also easy to learn and fun to play. They have quickly become a staple in American culture, and are now a part of our daily lives.

But not everyone is happy about the rise of video games. Many parents and teachers are concerned that video games are taking away from other important activities, such as reading, writing, and studying. They also worry that video games are addicting and can lead to poor grades and behavioral problems.

Despite these concerns, video games continue to be popular. In fact, they are now a $10 billion industry, and are growing at a rate of 20% per year. And with the increasing availability of internet and wireless technology, video games are becoming even more accessible.

So, what do you think about video games? Are they a fun and educational way to pass the time, or a dangerous distraction that is taking away from important activities? Let us know your thoughts in the comments below!

The Clash bring their message to Boston

by Carol Paliwoda

The Clash's new album, "London Calling," is a powerful statement of political and social concern. The band's music has always been a reflection of the struggles and issues facing society, and "London Calling" is no exception. It's a rallying cry for change and a call to action.

The album features a range of songs, from the upbeat "Brand New Material" to the socially conscious "White Man in Hammersmith Palais." Each track is a powerful commentary on the state of the world, and together they form a cohesive message.

The Clash's message is clear: they want to see a better world, and they are willing to put in the effort to make it happen. In an interview, lead singer Joe Strummer said, "We're not just a band, we're a movement. We want to change the world, and we're not afraid to say so."

The Clash's influence is felt far beyond the realm of music. Their message has inspired generations of activists and has become a symbol of resistance against oppression.

For further information, contact the Clash at 213-202-2020.

"It's like nothing we've ever done before"

by Kevin Conlan

The Clash's new album, "London Calling," is a landmark release that has captured the attention of music lovers worldwide. The band's dedication to social and political issues is evident in every track, making "London Calling" a true reflection of their beliefs.

Lead singer Joe Strummer has said, "We're not just a band, we're a movement. We want to change the world, and we're not afraid to say so."

**SPORTS**

**Cross country: a new outlook**

By Marguerite Midda

The cross country team boasts a younger cast this fall with two freshmen joining the returning members. Expect a new look this fall as the team practices for the first time. At this point, one must remember that all is up in the air.

The Suffolk cross country team will be joined by two freshmen, Frank Zelica and Steven Thompson.

**Let's talk sports**

**Pats make it look easy as Collins shines**

By Andy Ritchie

Three weeks ago Sunday, a Fenway Park scoreboard gave the Cleveland Browns the lead as Tom Collins continued his impressive form. Collins has no doubt been a bright spot for the Pats, who have made a strong start to the season.
