Eddie Cruises to Nowhere

by Greg Benman

It's hard to find an amusing movie these days. At the best, they're dull. At the worst, they're truly wretched. Both of these qualifications apply to "Eddie Cruises to Nowhere," a new comedy by John P. Ryan and Bill Stern.

Ryan and Stern, who wrote the screenplays for "A Family Affair," "Krull," and "The Rock," among other films, have fashioned a laughable tale about an artist who decides to make his own movie. The results are not pretty.

To begin with, the script is an exercise in poor taste. It is filled with jokes that are intended to be funny but are actually offensive. The dialogue is crude and the acting is forgettable.

The direction is equally disastrous. The scenes are trite and the pacing is slow. The режиссёр seems to have no idea what he's doing, and it shows. The result is a film that is both uninteresting and unfunny.

In summary, "Eddie Cruises to Nowhere" is a bad movie. It is not recommended for anyone who values either humor or intelligence.

Send These Zombies Back to the Grave

by Joseph Mastandrea

A new laser production, "Night of the Living Dead," has taken Hollywood by storm. It is a modern-day version of the classic 1968 film, which was directed by George A. Romero.

The new production, which stars an all-black cast, is a faithful adaptation of the original. The plot is the same: a group of friends who are stranded in a house during a zombie apocalypse.

The film is a riff on the classic, but it is also a more modern take on the genre. The zombies are more realistic and the special effects are state-of-the-art. The acting is also impressive, with standout performances by the young stars.

Overall, "Night of the Living Dead" is a well-made film that pays tribute to the original while adding its own unique spin. It is a must-see for fans of the horror genre.

**A retrospective of Number 8**

by Joe Scan

When last Michigan University, the nation's number one tennis team, arrived in town last fall, the men's tennis team was in desperate need of a win. The team had lost their last three matches, and the pressure was mounting. But the team didn't give up. They practiced harder and played with more heart, and in the end, they pulled off a stunning victory against the Wolverines. It was a momentous win for the team, and it set the tone for the rest of the season.

**Soccer club takes opener**

by Gary Demopoulos

**New players fail to save golf team**

by Robert DiCiccar
