Work-study clarification

Suffolk Journal for 1983-84 year.

Applications now being accepted for the following position on the Suffolk Journal for 1983-84 year.

- Production Manager

Please see R. Scott Reedy in RL19
**Dead Zone is alive with suspense**

**by Paul Doncaster**

The new film Dead Zone has already been hailed as a highly suspenseful thriller. And now the book that inspired the film has also made its mark, thanks to a powerful performance from Christopher Walken as a politician. In the novel, the dead zone is a place where people are killed and then brought back to life, only to die again. The film follows the same basic premise, but with a twist that will keep you guessing until the end. With Walken's chilling performance, it's easy to see why this movie has become such a hit. Check it out and join the dead zone.

**ALBUM REVIEWS**

- **The Bad Batch**
  - **by Greg German**
  - Though they may look like a bunch of punks, The Bad Batch have a sound that's anything but. Their latest album, "Blackout," is a rock solid collection of songs that will have you singing along in no time. From the opening track to the closing notes, this album is a must-listen for any fan of rock music.

- **Johanna Marcy**
  - **by Erin Hurwitz**
  - Johanna Marcy's latest album, "The Nightingale," is a beautiful collection of songs that are both haunting and hopeful. Her voice is pure, and her lyrics are filled with emotion. This is an album that will stay with you long after the music has stopped.

---

**Day off led Plunkett to Broadway**

- **by W. Scott Reid**

Agnes of God is powerfully moving drama

By W. Scott Reid.
