March of Dimes rep addresses SGA

The Suffolk Student Government Association, it's function is to help keep you informed of the issues facing Suffolk students such as financial aid cutbacks, the Ridge Way expansion Project, and future student unity. For the rest of the semester, this space will feature a combination of editorials and news. We hope to generate controversy and discussion because that will bring forth new ideas. Most of all, we hope this S.G.A. addition will motivate you to become involved in the Suffolk student movement.

The Suffolk Student Movement is one issue that the S.G.A. has attempted to publicize recently. We have attempted to generate a feeling of oneness between all the student groups. We feel we are successful thus far since relations between the S.G.A., Program Council, and the Council of Presidents has never been better. A recent example was the Fall Concert which was co-sponsored by S.G.A. and the Program Council and was a great success in many ways, especially in bringing the two groups together.

We, the S.G.A., are faced with the problems of reaching a commuting student body, thus we are constantly searching for new sources to keep you informed. This section will be reserved weekly to do just that. To reach you and keep you informed while giving you a say in university issues. Stay tuned with S.G.A. for bigger and better things.

THE FOLLOWING ARTICLE IS A PAID ADVERTISEMENT FROM THE STUDENT GOVERNMENT ASSOCIATION. FOR THE REST OF THE SEMESTER, THIS SPACE WILL FEATURE A COMBINATION OF EDITORIALS AND NEWS. WE HOPE TO GENERATE CONTROVERSY AND DISCUSSION BECAUSE THAT WILL BRING FORTH NEW IDEAS. MOST OF ALL, WE HOPE THIS S.G.A. ADDITION WILL MOTIVATE YOU TO BECOME INVOLVED IN THE SUFFOLK STUDENT MOVEMENT.

Amy Reaves (Cheesing '84)
"He's made the most progress economically but wouldn't phase me if he was in again because no president could do much in four years.

Jon Kelly (Journalism '85)
"I'm not in agreement with his foreign policies, but domestically he's done okay so far.

Anastasia Healy (Elementary Education '83)

PMS: A nightmare experience for some women

By Linda White

I've been involved in a crusade against abortion for some time, and I'm fed up with the way some women handle their PMS symptoms. I've noticed that some women seem to be using abortion as a way to cope with the symptoms of PMS.

PMS, on the other hand, is a hormonal condition that affects about 75% of women of childbearing age. It can cause symptoms such as mood swings, breast tenderness, bloating, and fatigue.

Some women turn to abortion as a solution to PMS, but this is not a healthy or effective way to deal with the condition. Instead, women should focus on managing their symptoms through diet, exercise, and other healthy lifestyle choices.

It's important to address the root causes of PMS symptoms rather than turning to abortion as a way to avoid dealing with them. By taking a holistic approach to health, women can improve their overall well-being and reduce the impact of PMS on their lives.

Is there life after a morning on the T?

By Victor Johnson

The question "Is there life after a morning on the T?" has been a topic of much debate among those who are interested in the impact of technology on modern life. Some argue that the use of technology has made our lives easier, while others believe that it has led to a loss of meaningful connection.

The technology has certainly transformed the way we live our lives. It has made communication faster and more convenient, but has it also made our lives more meaningful? 

It's important to reflect on the role that technology plays in our lives and to ensure that we are not sacrificing our personal connections in order to embrace the convenience of technology.

Pro-life advocates continue to fight

(Continued from page 11)

By Tim Brown

Pro-life advocates continue to fight for the right to live. They argue that every human life is precious and should be protected. 

In the past, many pro-life activists have focused on the issue of abortion, but there are other issues that need to be addressed as well. 

Pro-life advocates believe that education is key to changing attitudes and promoting a pro-life perspective. They also believe that it's important to support women who choose to carry their pregnancies to term, whether they are single, married, or in any other situation.

It's important to remember that pro-life advocates are not seeking to dictate how women should live their lives. Instead, they are advocating for the value of life and for the protection of vulnerable individuals.

HUEY LEWIS AND THE NEWS

Huey Lewis

by Craig Bernstein

The News' latest album, 'She's So Vain,' is a collection of tunes that reflect the band's evolution from a garage band to a successful hit-making machine. The album features a mix of rock and roll, pop, and soul, and the band's signature sound is evident in each track. The lead single, 'She's So Vain,' is a upbeat, danceable tune that has become a radio favorite. The album also includes the hit single 'Power of Love,' which was featured in the movie 'Back to the Future.' Overall, 'She's So Vain' is a strong addition to the News' discography and a must-listen for fans of the band.

Hamilton, Piracini net two each for icemen

by Robert Oldham

Drew Piracini netted a goal and an assist while Peter Hamilton added a powerful third-period goal to help the Icemen to a 7-2 win over Mississauga St. Michael's on Saturday night.

The win improved the Icemen's record to 12-2-1 on the season and solidified their lead in the Ontario Junior Hockey League's West Division.

Piracini took a feed from Hamilton and beat St. Michael's goalie John Hackett early in the second period. Hamilton added a goal late in the period to give the Icemen a 2-0 lead after two.

They added five more unanswered goals in the third period, including one from forward Scott Ross and another from Hamilton.

The win was the fifth in the last six games for the Icemen, who are looking to make a strong push for a playoff berth.

Next up for the Icemen is a home game against the Vaughan Flames on Tuesday night.

Rams drop one to Bates, 78-71

By Paul Vescio

Rams dropped their first game of the season on Saturday to Bates College, 78-71.

The Rams were outscored by Bates in every quarter, with the biggest lead coming in the fourth quarter when Bates led by 17 points.

Despite the loss, head coach Dan Goodwin was pleased with the effort his team put in.

"We played good basketball and gave it our best," Goodwin said. "But Bates is a very good team and we just couldn't match their intensity in the second half.

"We'll take this as a learning experience and move on to our next game against Ohio State on Wednesday.

"We have a lot of work to do, but we'll be ready to go."
