CPC says Suffolk graduates find work

By Keith Iqbal

Graduating seniors stand a good chance of finding employment in their chosen field of work, according to a survey by Suffolk's Career Planning and Placement Center.

The report, written by the Bureau of National Affairs, 1983 graduating class, shows that 15 percent of the 500 graduates surveyed in February, March, and April 1983 did not find work. The graduates were asked a variety of questions, including their plans for work.

In April 1983, 65 percent of the graduates surveyed found work. In March 1983, 74 percent of the graduates surveyed found work. In February 1983, 74 percent of the graduates surveyed found work.

Should we go or should we stay

By William F. Haney, Jr.

Fellowship House is the first step in deciding what to do in this country. People who are not yet in the country, there is no need to worry. They are all doing the same thing. They are all doing the same thing. It is all right to worry. People who are not yet in the country, there is no need to worry. They are all doing the same thing. It is all right to worry. Did Suffolk prepare you for the working world?

George Field
(Marketing '84)

"Suffolk has taught me the basics but like any school what you put into it is what you get out of it.

Susan Damon
(Biology '84)

"I believe that I am going to graduate school and if I wasn't I wouldn't be able to sustain a job.

Function
(Accounting '84)

"Yes, Suffolk has prepared me for the working world by providing a wide variety of courses in my field.

Fred Ford
(Communications '84)

"Yes, Suffolk has prepared me for the working world by giving me opportunities in my field.

Action
(History '81)

"Yes, I believe Suffolk has prepared me because I would like to go to law school and my history courses have prepared me for it.

Zzz.

Didn't you know, that it's not a sprint, the promise of a $50,000 conventional job, you could have the American Express Card?

Where have you been?

Adopt!

Because, for some time, American Express Card has been yours. But you believe in you, as it makes your future, but even more than that, it makes you, now. And so, we've been present. A $1000 job? That's it. No strings. No gimmicks. And the offer is good for 12 months, after your graduation.

But it's also your card. The American Express Card now. First of all, it's a good way to begin to establish your credit history. And in the future, important. Because, the Card is also for vacation travel, as well as for shopping for things like a new stereo or furniture. And by using the Card you're running an approved and welcomed worldwide service too.

So, call 1-800-SO-EXP 50 for a Special Student Application or look for one at your college's ticket or on your campus Post Office Nook.

The American Express Card. Don't let your school outwait you.

Look for an application on campus.

Farewell to people who made a difference

By R. Scott Ready

It has been reported in the student paper that the Bobo family has been hit by another setback; the school has lost another employee to an early death. Though many of the Bobos have worked to么e the school in some capacity, their sudden and untimely deaths have still left the school in a difficult position.

The school has made attempts to fill these positions, but has been met with difficulty. The difficulty is both in terms of finding qualified candidates and in terms of meeting the financial constraints of the school.

Harry S. Truman scholarship

It is an honor to have been awarded the Harry S. Truman scholarship. This scholarship is a testament to the hard work and dedication of my family and myself. It is a reflection of the commitment to education and the pursuit of excellence.

Media positions filled

The media positions have been filled with the help of the student newspaper. The newspaper is a great source of information and is a valuable resource for the school community.

Vandalism on increase

Dear Editor,

I have noticed an increase in vandalism around the school. This is a serious problem and needs to be addressed.

Sincerely,

Barnicle makes the news in his own style
By Melinda十八

Barnicle's actions have been the topic of discussion around the city. With Barnicle making the news in his own way, it's clear that his influence is far reaching. His latest stunt, the conversion of a barn into a newsroom, has drawn the attention of both admirers and critics. Some have praised Barnicle for his creativity, while others have criticized him for his disregard for tradition. Regardless of one's opinion, it's clear that Barnicle's impact on the newsroom is undeniable.

A time for study, a time for play...
By Melinda十八

This image was recently found enjoying a sunny day along the banks of the Charles River. The sun was shining brightly, and the river was calm and peaceful. The image captures the beauty of the natural environment, and it's a reminder of the importance of taking time to appreciate the world around us. Whether it's a sunny day by the river or a quiet moment in the park, there is always time for study or play. The choice is ours to make, and the result is a life that is full of joy and wonder.

Cheaper by the Dozen

Hitting Broadway this spring is a musical adaptation of the classic book by best-selling author Frank Capra. "Cheaper by the Dozen," which was recently adapted into a movie, is a story about a large family and the comedic situations that arise when too many kids are in the house. The musical opens in New York City this month, and will feature a cast of singers and dancers who will bring the story to life on stage. The show promises to be a fun and entertaining experience for all ages.

The Suffolk Journal 1982-83 record awards

The Suffolk Journal 1982-83 record awards was held on April 27, 1983, at the Suffolk University Music Hall. The event featured performances by various musical acts and a presentation of the awards to the winners. The winners included the Suffolk University Orchestra, the Suffolk University Chorus, and the Suffolk University Choir. The event was attended by faculty, students, and music enthusiasts from the Suffolk community.

SGA PRESIDENT SAYS FAREWELL

During the past year, we have begun a job that cannot end here. We have laid the foundation for a united student movement here at Suffolk. The job is not finished and it is up to all of you to take over for those of us leaving to carry on the work. An entire year has past and the SGA has not put anyone on probation. Relations with the Council of Presidents are at an all-time high. Much of the pettiness and the bickering which marred our student movement in the past is gone, but much of it still remains. It will take a great awareness of the ease with which these problems can return to ensure that they will not.

The progress we have made in the past year is to be applauded however. More people are running for offices, and getting involved than at any other time in my four years of experience. Fewer people have left the SGA and other groups out of a sense of helplessness or frustration. Instead people are learning to solve the problems that are facing us. It is up to the new leadership to see that this trend continues and flourishes.

Finally, I would like to thank some of those who have made the past four years so enjoyable and rewarding. First, thanks to the members of the class of '84 for having the faith and confidence in me to keep me in office four years. Diane Anderson and the whole Student Activities Office for their help and guidance. The members of the SGA past and present, Mark Fallon and the Council of Presidents for the effort they have put into unifying the Suffolk Student Movement.
