The heights by great men reached and kept
Were not attained by sudden flight;
But they, while their companions slept,
Were toiling upward in the night."
—Longfellow

Government At Suffolk First Since ’38

Student Council Urges Cooperation

Announcement of elections results for the new Student Council and members of the faculty who will serve to integrate the administration and student body was made by Dean Lester Otter at a special meeting held Wednesday, January 12, at noon in the auditorium.

The lack of student interest in the entire election program, the Dean praised those who exhibited enough school spirit to participate in the competition, and urged continued cooperation from losers as well as winners. The debatable lack of interest at the polls and at announced school assemblies is a challenge to the new council, which should assume as one of its first duties, the guardianship of student affairs.

Winners Announced

Elected to the Suffolk Student Council from the day division were George Karavasilis, Richard Carson, and Sason Gilmour for the College of Business Administration; Thomas Donaldson, and Stanley Borengarten for the College of Liberal Arts; William Joyce, George Saffy, and Marvin Louton for Pre-Legal; James Heuston, and William Proctor for Educational; and Richard Mayn for Music. Representing the evening division are Richard Lamb for Pre-Legal and Mary Nolan for the College of Liberal Arts. The faculty council which will serve with the students’ council the coming year.

Faculty Assignments

Asst. Prof. Arthur Menatios, coordinator of veterans’ affairs and instructor in French; Dr. Robert Friedman, head of the biology department; Mr. Florski, Fred Bloomhaider, instructors in humanities; Fred Frey and William Rogers of the office staff. Candidates should be commended for their originality and enthusiasm during the campaign. Kelly, Joyce, and the Committee on Right Direction and O’Donnell’s “No Substitute for Experience” proved successful. Gilman’s rhyming flyers should also be commended. All candidates who ran at the polls to take advantage of the voting privilege.

Vacancies in Journalism

The Council, delayed by a tie in elections between David Goldin and Stanley Borengarten, voted at its first meeting and named Borenstein to the organization. Vacancies in office caused by a lack of candidates from the College of Journalism will probably be filled by appointments from the new council. Plans are being made to bring the functioning foundations of the council on the basis of the corresponding departments. Meetings are held every other week, the second Wednesday of the month, the Student Council, with the cooperation of the entire university, will enter Suffolk further on the road to progress.

Citizens First Veteran Sponsors

By SAMUEL B. CINAMON

After the last war, veteran sponsor to the American Legion and since the temper of the times was isolationist, that organization reflected the thoughts of the mass of American public opinion. The veterans of today are progressive and international minded and as a result the group known as the American Veterans Committee is on its way to becoming the spokesman for today’s veteran.

American Veterans Committee

The Suffolk Creative Writing Club plans a new Literary Club, under the leadership of Charles Bolte, who took over the AYC in June, 1944, plans the activity at the university. Plans have been made by the organization to secure two speaking engagements for the interest of the club. This will give Suffolk students a chance to hear and discuss with Boston’s literary men. In addition, the club is working on plans for insuring its own publication later in the semester. Correspondence will be carried on with other colleges and universities to get ideas for its own edition. It will give the Suffolk group a variety of ideas for its own edition. It should be realized by any student interested in creative writing that this club was organized for the general atmosphere, though division are Richard Lamb for Pre-Legal and Mary Nolan for the College of Liberal Arts. The faculty council which will serve with the students’ council the coming year.

Adequate Representations

It is felt by all who participated and have shown interest in the campaign that the newly-elected representatives are capable of handling the faculty-student liaison. Others should keep behind the council by encouraging students to take part in school activities. Though a particular type of lethargy is universal in American colleges and universities during this first post-war year, the Student Council, with the cooperation of the entire university, will enter Suffolk further on the road to progress.

S U Quintet on Top Close One With Coolidge, 58-55

Like their contemporaries on the hockey team, the Suffolk University basketball team was successful against the sports challenge of Calvin Coolidge College from across the street. Coolidge was the home team for this game, which was played in the Boys’ Division Gym at the Boston Y. M. C. A. (which is about the size of a hand box). This condensation of the court caused the score to run high.

Naturally, with ten big college players on a small layout, there was altogether too much contact, with the result that the stars from each team were put out of the game on fouls. When the skirrsh had ended, Coolidge had outsized Calvin Coolidge, 58-55.

S U Sinks 12

The first team of Suffolk University caught right on to the small court by sinking 13 points before Coolidge made their first basket. Coolidge got to on (Continued on page 4, col. 4)

LETTERS TO THE EDITOR

Many G. I. students don't know what is going on here as far as student activities are concerned. They have never had the advantage of being in touch with the student government on campus. Their reasons are numerous, such as the lack of representation, lack of organization, and lack of communication.

TO THE EDITOR:

Dear Sirs:

The W-E-T Bill needs the support of every individual and group who believes that the veteran is entitled to decent housing. This bill must not be defeated in the current session of Congress. To do otherwise would be to stand in the way of the realization of the dream of the American soldier of a future in which he can lift his head and be proud of his nation.

as ismen must have intended, in spite of a pronounced Philadelphia accent. The audience was captivated by their performance, which was so well done that people not only showed up on time but also waited in line for hours. The production was well-organized, with every aspect of it, from lighting to costumes, showing a high level of professionalism. The audience was, without a doubt, thoroughly impressed by the actors' talent and dedication.

S U. Chapter Organized

There is an A.U. chapter in this club, which was organized by Robert Yang, the President of the club on Thursday afternoon at twelve-fifteen. The meeting was well-attended, with many members present. The chapter discussed future plans and activities, as well as the need for more members. The club is planning on expanding its activities in the near future, and it is expected to be successful.

Hearing up the stage

For some time now, the term "British Colonial Policy Imperialism" has been a bone of contention and discussion among students and scholars alike. This term refers to the policies and practices of the British Empire, particularly during its colonial period, which sought to expand its influence and control over various territories.

In this article, we aim to provide a comprehensive overview of the history and significance of British Colonial Policy Imperialism. We will explore the key figures, events, and policies that defined this period, as well as examine the lasting impact of British colonialism on the world today.

A Word of Warning

While the British Empire's influence is still felt in many parts of the world, it is important to remember the human cost of colonialism. The legacy of British Colonial Policy Imperialism is a complex and often painful one, characterized by exploitation, violence, and displacement.

In this article, we will strive to present a balanced and nuanced view of British Colonial Policy Imperialism. We will acknowledge the achievements and contributions of the British Empire, while also recognizing the harm and suffering it caused.

Conclusion

In conclusion, British Colonial Policy Imperialism is a topic that continues to be relevant and important in today's world. As we strive to build a more just and equitable society, it is crucial that we understand the history and impact of colonialism, and work towards healing the wounds it has left.

Suffolk University met a powerful foe for two games this weekend. At Durham Field, New Hampshire on Wednesday, Jan. 25, the Owls were thoroughly outclassed with a score of goals at 10 goals by an amazing large crowd witnessed the struggle. The final score was 8 to 5 in favor of U. N. H. but the score tells little of what occurred.

The Owls got the first line of Perkins, Bledsoe, and Forbes took part in all 8 goals while Suffolk's three starters showed much good advantage. New Hampshire scored two quick goals before the Blue and Gold line of Mac-Donnell, Downey, and Burrows put on some checkerboard passing for the first 15 minutes. No small crowd had plenty to cheer about in the second period, when the Wildcats scored four more goals. Ne1n Cronin and Danny Gangemi saved the period from 8:30 on.

Suffolk came to life in the final session and left the New Hamp-shire boys hanging on the ropes when the final whistle blew. The 0-30 mark was the approximate score. No one on the New Hampshire bench had the slightest idea of B. C. Downey, the bull-like suffolk defensive man, intercepted an attempted pass directed at the open net. The shot was screened into the net. After MacDonald, Downey and Burrows had scored four goals on the home team to score the first and last goal so that cracker-jack goalie, O'Neill, had a soft morning, and in the period, when the red-headed Coolidge center, Towers, gave the Suffolk defense a little trouble, Donnel, Dimasi and Burrows (unassisted) 8:31, Burrows (Dimasi) 6:26, Penalty, Leonard found a free puck and Donald scored. The following week the Suffolk defense was superb.

Suffolk outskated Calvin Coolidge 6-1

Although the rest of the city was sleeping, there was plenty of action at the Boston Skating Club on Sunday, January 12, at 7.00 p.m. when the Boston University Men's Hockey team met the Boston College team. The game was played in the typical hockey cup. The game ended with Suffolk out in front six goals to one.

Calvin Coolidge was short on goals while the Boston University team proved costly, since "Sonny" O'Neill had but one shot, and had his defense been awake, would have had a shut out. In the first period, with Suffolk skating the play constantly, Co-apt. Fred Macdonald headed "Red" Downey a pass, and the veteran from Natick takes the rubber and blanked O'Neill in the period, when the red-headed Downey skewed 2 Coolidge cages and snapped a beautiful back-hand past the baffled goalie. The last, but not least score came late in the middle of this third period.

The afore-mentioned Trajellis got a goal at a too hot, so Bob Collins cooled off a bit. Coach Moon was very satisfied with his charges' performance and although the competition promised to be much stiffer, this hockey aggregation is a fine representative of their university.

Suffolk (6)

G. O'Neill; B. Collins; L. D. Brown; C. MacDonald; R. W. Brown; L. W. Downey. Calvin Coolidge (1)

S. Eisman; D. S. Saltz; D. L. Leonard; C. Trajellis; R. W. Miller; L. W. O'Donner.

Suffolk Hoopsters Win Second Round

For the second straight time the S. U. Hoopsters put their own way with a highly spirited New Hampshire team. Previously won 56-41. On January 25 the Roalys took the game 54-43. There was a slight difference in the two teams. The Owls were so well, it was a shame for U. N. H. coach to have to take them off the court. This concluded the scoring with the tally card in favor of Univ. of New Hampshire, 9-6.
